

Engineers Study Possibility Of Barrier Across Neuse

Four Accidents Occur in Town

Morehead City police investigated four minor auto accidents during the weekend.

A charge of careless and reckless driving was filed against first Lt. Marshal Pierre Sonra of Camp Lejeune following an accident on highway 70 near the section base Wednesday night.

Sonra was driving a 1950 Ford east on the wrong side of the street, police said. He collided with a 1949 Chevrolet being driven by Edward Anthony Petro of Cherry Point.

Lt. Joe Smith, who investigated, estimated damage to the Chevrolet at \$50 and to the Ford \$25.

A boy on a bicycle rode into the path of an auto Wednesday afternoon, chief Herbert Griffin reports. The accident happened on Evans Street, 100 feet east of 11th.

The boy, Robert Ashby, collided with a station wagon being driven by T. O. Talton of Durham. Ashby was not hurt. No charges were filed.

At 9 a.m. Thursday a 1949 Cadillac, driven by Martha Salter of Havelock, struck the left rear bumper of a 1959 Ford station wagon parked in the 2200 block of Arendell Street.

The Salter woman told investigating officer E. O. O'Neal Jr. that she pulled over to let a car pass her and hit the parked auto.

Damage to the Ford was estimated at \$25. There was no damage to the Cadillac. No charges were filed.

A 1951 Buick driven by Andrew Chader of Cherry Point failed to make the corner at 24th and Arendell streets at 1:20 p.m. Saturday and hit a 1951 Chevrolet pickup truck driven by John Weeks of Morehead City.

According to Sgt. Bill Condie, who investigated, Weeks was coming from Atlantic Beach and had stopped for the light at Arendell. Chader, headed east, tried to turn the corner and struck the right front of the truck. He was charged with careless and reckless driving.

Bethany (AP)—A straw vote taken in a Democratic precinct meeting here on presidential hopefuls showed all but one was for Sen. Lyndon Johnson (D-Tex.). The one vote was for Vice President Richard Nixon, cast by a Republican who slipped into the meeting.

New Bern (AP)—A study is being made to determine the possibility of building a barrier across the Neuse River between Cherry Point Marine Corps Air station and Minnesott Beach to protect New Bern from hurricane-driven water.

The study, being conducted by US Army Engineers, includes drilling to determine the type of soil beneath the river. The barrier, or dam, would be built of soil.

The necessary soil would be dredged from the Neuse on the upstream side of the proposed dam. The test drilling is expected to take several weeks.

The barrier would have an opening sufficiently wide for boats to pass through, but narrow enough to delay storm-driven water.

The river is about two miles wide at the point where the barrier would be built.

Should it be built, the possibility of a highway across it has been suggested.

A spokesman for the Army Engineers said the suggestion for a highway was sent to the North Carolina Highway commission, but he said the commission has not responded.

The spokesman said that after the test drilling is completed, a report will be prepared outlining the feasibility of the proposed project.

Unexpected Loan Funds May Become Available

C. L. Beam, county veterans service officer announces that direct loan funds that had not been expected to be available may become available to veterans between July 25 and Oct. 31.

Therefore, if any veterans want to apply for loans, on the chance that they may be approved, they are urged to file their applications before July 24, 1960, Mr. Beam says.

Further information may be obtained at Mr. Beam's office, second floor of the courthouse annex, Beaufort.

Art Class Registration To Continue This Week

Registration for summer art classes offered by Mrs. D. R. Fonville of Burlington will continue through June 13. Children attending vacation Bible schools may begin their classes on that date.

Adults interested in oils, water color or easel instruction are asked to contact Mrs. Fonville to schedule lessons. There is no registration fee for these classes. Children's fees are offered for a weekly fee, with five lessons each week. Adult fees are on an hourly basis.

Big Catch in Sound

Jewell Smith, Morehead City, caught a 14 1/2-pound king mackerel in Bogue Sound west of Atlantic Beach bridge Saturday. On the same trip he caught the 15-pound cobia on the left. Catching a king mackerel in the sound is a rare experience. He was botton fishing.

Register of Deeds Records 38 Transactions in Land

(Editor's Note: In recording real estate transfers, the law does not require that the amount paid for the property be stated in the deed. A token amount, such as \$10 or \$100, may be stipulated.

Attached to each deed, however, must be United States documentary stamps, the value of the stamps based on the price paid for the property.

Property which changes hands for less than \$101 requires no stamp, according to Odell Merrill, register of deeds. Property which brings a price between \$101 and \$500 must bear a stamp valued at 55 cents. From \$501 to \$1,000, the stamps affixed to the deed total \$1.10, and thereafter for each additional \$500 paid for the property the stamp value goes up 55 cents.

From the value of the stamps placed on a deed an estimation of the price paid for the property can be determined. In the transfers listed below, the seller is listed first, the buyer second, and finally, the value of the stamp affixed to the deed.)

Thirty-eight real estate transfers were recorded in the register of deed office for May. They follow:

Morehead City—Worsley Building Co. Inc. to James R. Worsley and wife, \$1.10; W. P. Freeman and wife to Miller W. Harrell and wife, \$1.10; Vernon B. Taylor and wife to James A. Vinci and wife, 55 cents; K. S. Swinson and wife to T. A. Loving and Co., \$7.15.

asking for more money, but I'm hitting," Mr. Adair remarked. "If we are to derive more benefit from the airport, we have to put more in it."

Income to the commission, including funds carried over from a previous regime, was \$2,075.86, according to Mr. Adair. Expenditures during the past year amounted to \$1,498.30 for repair and improvements.

The improvements include a water drinking fountain in the airport administration building and a cold drink machine. The balance now is \$572.46. Anticipated income during the coming fiscal year is \$645.

Total funds available during the next fiscal year will be \$1,217.46, of which \$796.63 is expected to be used for operating expenses.

Mr. Adair said that one runway should be completely lighted. At present a runway is lighted for only half its length. "If you decide we should expand," Mr. Adair said, "then we need funds in proportion to what should be done."

The board commended Mr. Adair and the airport commission for work well done.

Accepted was the year's report by E. Q. Moore, county tax collector. Mr. Moore was given authority to collect the new tax levy.

The board also authorized E. L. Brinson, deputy collector of delinquent personal property taxes, to collect 1959 and prior delinquent taxes. His commission on 1959 taxes will be 10 per cent and on prior taxes 30 per cent.

(As the result of the tax sale in May, the county holds first mortgage on all real estate on which taxes are unpaid.)

The board ordered that all persons whose names are on the book for unpaid taxes in any prior year be sent tax notices.

Mr. Moore and Alvah Hamilton, county attorney, who have reached retirement age, received authorization from the county to continue as county employees and thus participate in the Local County Employees Retirement fund.

Moses Howard, chairman of the board, reported that the state has completed the turntable by the Baptist church at Atlantic. Commissioner David Yeomans said that the turntable on Harkers Is-

land on the Coats road has been completed also.

Dr. Luther Fulcher, health officer, asked the board's OK on a policy that would permit his signing checks for sanitation department expenditures only when he is confident that the materials have been received or that the work involved has been done.

The board approved. The commissioners appointed Billy Smith constable of Morehead township, to fill the unexpired term of his father, George Smith, constable who has resigned. The term of office for the new constable would ordinarily begin in December.

Billy Smith was elected constable in the May 28 primary.

Commissioners attending the meeting, in addition to those mentioned, were Harrell Taylor, Gaston Smith and Skinner Chalk.

Washington (AP)—Half of the high school boys in the Washington, D. C., area have "one mild drinking spree per week," according to a survey conducted by Listen magazine.

FIRST-CITIZENS BANK & TRUST CO. AWARDS FREE CHINA SETTINGS

An exciting new savings campaign at First-Citizens Bank & Trust Company has caught the fancy of local residents.

It's the '60 Savings Plan that features the gift of beautiful imported Eternal Harvest China Place Settings. And the amazing part of it is you receive this lovely gift for simply practicing the thrift habit!

Here's the way it works: You open or add to your First-Citizens savings account with \$25 or more. When you do, First-Citizens enrolls you in their newly-formed China Club.

FREE WITH NO DEPOSIT Immediately you are presented with a complete four-piece place setting of handsome imported china FREE! Translucent and hand-painted in 24 karat gold, the distinctive Eternal Harvest pattern consists of a dinner plate, bread and butter plate, cup and saucer.

First-Citizens is extending this liberal offer to all savers, whether you are opening a new account or you have been a savings customer of long standing. It makes no difference. The only requirement to qualify for the FREE china gift is to make a savings deposit of \$25 or more. And that isn't all. First-Citizens' new China Club will enable you to build your china collection to as many piece settings as desired.

Continuity in the program is provided through the award of FREE certificates for subsequent savings deposits of \$25 or more. On each such occasion this certificate may be redeemed for another place setting with only \$2.95 in cash—a fraction of the regular value.

PATRONS LIKE YOU First-Citizens officials pointed out that a depositor may receive

as many certificates as he is entitled to throughout the program.

"What a wonderful bonus just for doing something for yourself!" exclaimed one of the bank's first customers to participate in the new plan. "Why in almost no time at all, we'll have a cupboard full of this beautiful new pattern at just a fraction of the regular value!"

And the teller hastened to remind the happy patron: "Yes, and your savings will be accumulating with 3% GUARANTEED interest. How can you beat it?"

OPEN STOCK PATTERN

Eternal Harvest China is an open stock pattern and First-Citizens' China Club members will be able to order desired pieces in this line long after the '60 Savings Special is concluded. And they will be available at special low prices to all club members.

Later in the program, First-Citizens will offer other china pieces to the depositors for redemption with savings certificates. These will include such pieces as salad plates and dessert dishes. The China Club Plan, in operation for just a few weeks, has already resulted in an enrollment far exceeding earlier estimates, and caused bank officials to be highly pleased with the project.

It operates simply and smoothly. There are no forms to be filled out or any contest associated with the undertaking. "We merely hope that it influences more people to save and to SAVE MORE!" concluded the sponsors.

"Who owns Carolina Power & Light Company?"

A lot of our own customers can't answer that one. But there's certainly no secret about it.

CP&L is owned by people. Thousands of people, like you, who invest their money and help this company to grow.

Your electric company is not owned

run by the state. It is not owned by the federal government nor by any tax-supported agency. It is an independent business, regulated by government and operated in the public interest.

That's an important reason why you can continue to expect to get the best possible electric service at such a low price.
