## Beaufort Opens Homes to Public

News-Times Photos by McComb

Included in the Old Homes Tour Friday will be the recently-restored Alonza Thomas house at Front and Orange streets. Records indicate that this home was built about 1772. The first Thomas to acquire it was Marcus C. Thomas, on Dec. 29, 1835. It is now occupied by Mr. and Mrs. John Jones Jr. and is pictured in the book, Early Architecture in North Carolina.

At Turner and Ann streets is the picturesque home now occupied by Mr. and Mrs. Charles Laughinghouse. Although not an old house, the land on which it is situated is believed to have been first owned by Sir Christopher Gale, who made the earliest survey of Beaufort. These homes, and seven others, will be open from 10 a. m. to noon and 1 to 5 p. m. Friday.

## Boat Races, Ski Show Planned Friday, Saturday

Members of the Carteret Outboard Runabout Association will stage a two-hour ski show at 10 a. m. Saturday in Taylor's Creek. The show will be one of the attractions in Beaufort's 251st anniversary celebration.

L. G. Dunn has been named coordinating chairman of both the ski show and boat races, succeeding C. G. Holland Jr., who has entered the Navy. COBRA is also sponsoring the boat races. The races will be at 2 p. m. Friday in Taylor's creek.

Persons who may have already contacted Mr. Holland are asked to contact Mr. Dunn, too.

The outboard runabout association met Thursday night at the Morehead City recreation building to complete plans for the show. Robert Butler, commodore, presided.

Lt. K. R. Depperman, USCG, attended and reported on Coast Guard requirements for operation of boat races and water shows.

Lieutenant Depperman said the Coast Guard would supply one or more boats to keep traffic out of Taylor's creek during the races and ski show. Spectator boats will be allowed on the south side of the race course and ski course, but must stay behind the line designating the boat parking area.

Ski show events will include tandem skiing, shoe skiing and barefoot skiing (providing water conditions are favorable), slalom skiing, saucer skiing, pyramid formations, and trick skiing.

Unless guest skiers are obtained from other areas, all of the skiing will be done by members of the local boat club.

Skiers will appear before spectators from the east and go west toward Pivers Island.

The boat races are scheduled to start and finish in front of the postoffice dock.

COBRA members will meet again at 7:30 tonight at the Army Reserve training center, just west of Morehead City. Anyone interested in taking part in the races or in the ski show is invited to meet with them. Mr. Dunn will be present.
