

Two Rattlers Killed

Bubby Ipock, left, and David Midgett, both of Morehead City, size up the rattler they killed at 11:15 a.m. Monday at Wildwood. The snake has 15 rattlers and a button.

Two canebrake rattle snakes met their Maker Monday. A 48-inch rattler was killed in the Wildwood section by David Midgett and Bubby Ipock, both of Morehead City.

They came upon the rattler while logging for the Willis Lumber Co. in the woods near the Wildwood cemetery. They beat it to death with a stick.

The snake was taken to Bill Palmer, curator at the Hampton Marine museum, Morehead City, who has preserved it.

Rotary Hears Report on Park

A report on the progress of a proposed private recreation park in Newport was heard by the Newport Rotary club Monday night at its weekly meeting.

Making the report was Les Bercegey, Newport town commissioner and president of the Cherry Point Veteran's Housing Association. Mr. Bercegey reported that committees are now at work on the plans for the park, which will be built near Carteret Industries.

Long-range plans call for the building of tennis courts, a community building, swimming pool and a Little League park, in addition to regular playground equipment.

The club voted to endorse Dr. W. L. Woodard, Beaufort, as a candidate for governor of Rotary district 773.

Howard Lockey, New Orleans, attended the meeting as the guest of Harry Lockey.
