

Bear-Eagle Meeting Tops Tonight's Gridiron Action

The 1960 New Bern Bears, with a new coaching staff and a brand new single wing offense, will furnish the opposition for Morehead City's Eagles tonight in a game set for 8 o'clock at the New Bern high school stadium.

The Bears this year are under the direction of freshman mentor Bill Klutz who comes to the Bear school after spending three years as head coach at 3-A Landis of the South Piedmont conference. Under Klutz last year Landis finished the season with a highly respectable 8-1 mark.

Commenting on his new position and the chances for his 1960 Bears, Klutz said Wednesday that he was well pleased with the way his charges had adapted themselves to his single-wing attack, adding that they have picked it up real well.

Sixteen lettermen reported to Klutz for opening drills three weeks ago. Among them were six starters from last year's Bear squad which won only one of 10 games. "I realize that New Bern didn't fare so well last year," said Klutz, "but the boys seem to have a lot of desire and determination and as soon as we get a couple of games in I think we will be all right."

Last year the Eagles surprised the Bears, and practically everyone else by blanking New Bern 6-0 in one of the finest games ever played in Morehead City. Last year's win will give Norman Clark's squad a tremendous incentive when they take the field tonight.

The Bears, on the other hand, will be out to avenge the embarrassing defeat and could be up for the Eagles.

Practice drills here for most of the week have stressed offensive workouts as Clark has attempted to come up with a stronger offensive unit than the one which played Richlands to a 0-0 tie last Friday.

It's possible that a couple of new faces could be present in the Eagle line tonight. Guard James Reid is a likely choice to start at the position held down last week by Jimmy Fox and Lonnie Boyd, massive 200-pounder, could replace veteran Ira Guthrie at right tackle.

The rest of the team will lineup about the same as last week, "so far as the offensive unit is concerned," said Clark Wednesday.

In the Eagle backfield Clark has five ball carriers who will see considerable action. The first unit of halfbacks, Ernest Lewis and Ted Garner, and fullback Bill Wade will be alternated with James Nolan and Danny McQueen. David O'Neal is Clark's choice at quarterback.

Probable starting lineups for the game are as follows:

NEW BERN		
Name, pos.	Weight	
Harry MacDonald, LE	155	
Ronald Collins, LT	190	
Leon Potter, LG	180	
Tull Jenkins, C	210	
Jack Clayton, RG	210	
Wayne Williams, RT	175	
Bill Ballanger, RE	138	
Donald Davis, WB	164	
Norman Swindell, BB	170	
Ronald Wallace, FB	163	
Cliff Rowe, TB	154	

MOREHEAD CITY		
Name, pos.	Weight	
Ludvik Pospisil, LE	175	
Leslie Nelson, LT	200

David O'Neal, QB	140	
Ernest Lewis, HB	145	
Ted Garner, FB	135	
Bill Wade, TB	175	

Monarchs Will Host Tarboro Here Tonight

The W. S. King Monarchs see their first grid action of the 1960 season tonight when they host Pamlico high school of Tarboro at the Camp Glenn field.

Monarch mentor John Thompson said yesterday that his squad is small this year but added that they have been working hard in drills and he feels that they're as ready as they'll ever be. "Of course we'll be the underdogs in the contest but that's the way we like it," said Thompson.

While the game marks the season's opener for the Monarchs, it will be the second game of the year for Tarboro. Last week they were beaten 28-0 by 3-A Rocky Mount.

Thompson has 11 lettermen from last year's squad back this year. Those earning monograms last year included Billy Ray Hester, Winfred Quick, Chaucer Fuller, Larry Tootle, Owen White, James Stocks, Robert Hodge, Junius Reece, Hubert Lewis, Jasper Best and William Albert Hester.

Gary Galloway, a transfer student from Southport, has been looking real good in practice sessions, according to Thompson and has already nailed down the start-fullback slot. Galloway, a 155-pound sophomore, is termed "a real speedster" by Thompson.

The Monarchs will play an eight-game schedule this year. Their traditional battle with Queen

FABULOUS FISHING

The first portion of the Labor Day weekend was a good start for fall fishing: blues and spanish inshore; spots and blues from the ocean piers; several sailfish, some good catches of kings and dolphin and excellent headboat fishing offshore.

L. D. Nichols entertained members of the American Hardware Dealers Association at Harkers Island with three days of fishing from the Davis boats; half-day

Street high school of Beaufort will be played at Beaufort this year on Oct. 14.

"Game time tonight is 8 p.m. and we're expecting a large crowd," said Thompson yesterday. The schedule for the year follows:

Sept. 9—Tarboro	Home
Sept. 16—Clinton	Away
Sept. 23—Snow Hill	Away
Sept. 30—New Bern	Away
Oct. 7—Farmville	Away
Oct. 14—Beaufort	Away
Oct. 21—Trenton	Away
Oct. 28—Open	
Nov. 5—Elizabethtown	Home

Morehead City Town Board Sets Policy on Appointees

Morehead City town commissioners asked Tuesday night at their monthly meeting that all members of the recreation commission be either a resident of the town or a property owner within the town.

The matter came up when Dr. S. W. Hatcher, chairman, suggested two persons for appointment to the commission, one of whom was a resident of Mitchell Village.

The board agreed, however, that members of the recreation commission whose terms have not yet expired, and who live out of town, may complete their terms of office.

Present members of the board, in addition to Dr. Hatcher, are Ed Smithwick, Mrs. George McNeill, Mrs. Mamie Taylor, Bill Condie, and George Mizesko.

Going off the board are Mrs. Lewellyn Phillips and Mrs. J. W. Thompson. The new appointee approved Tuesday night is Bernard Morton. Dr. Hatcher said he would like to have a nine-member board, which means two more are to be appointed.

Dr. Hatcher said by-laws of the recreation commission would be ready for presentation at the next meeting.

W. B. Chalk, representing Chalk and Gibbs, realtors, appeared before the board to request an 18-inch easement on town property by Colonial Stores, Inc.

He said the store intends to enlarge its building to the west, over the present parking lot, providing parking space to the east and north of the present store on lots where homes will be razed.

Mr. Chalk said the present store sets out 18 inches over the property line on the front and unless the town granted an easement for the addition, the fronts would not be flush. The board agreed to the easement.

Robert Britt, New Bern, appeared to report that he is building a shell home for a client at 1102 Avery St., but failed to get a building permit. The house is 40 feet long on a 50-foot lot and does not

comply with the zoning restrictions requiring a 7-foot side yard on either side.

Britt said there is 7 feet on one side but only 3 on the other. The town board said Britt would have to carry his problem first to the board of adjustment and the town board would act on the board of adjustment's recommendations.

At the suggestion of commissioner Walter Morris, the board requested that a letter be written to the county commissioners, asking them to appoint a building inspector who would also serve as a fire inspector. Mr. Morris, who is fire commissioner, said a county fire inspector should be responsible for seeing that commercial property outside town limits complies with fire safety regulations.

Mr. Morris reported that Aviation Fuel Terminals has sent another hundred dollars, \$50 each, to the Beaufort and Morehead City fire departments for answering the call to the terminal when a fire broke out there in July. The firm had originally sent checks of \$50 to each department. Morehead City's fee for out-of-town calls is \$100.

Mr. Morris said a call out of town is billed at \$100, whether the firemen are needed by the time they get there or not. He presented prices on fire department equipment, inquired as to the manner of insuring members of the rescue squad and discussed fire insurance on the trucks.

The board endorsed a request by John Lashley that the county set up a separate tax listing book for Morehead City. Mr. Lashley said that at present Morehead City is mixed up in the Morehead township book and complicates work for him.

He reported that the list of delinquents will be turned over by next month to an attorney who will carry out executions and judgments. The town attorney, George McNeill, was directed to inform the Mutters, who occupy the Walter Guthrie property, to live up to their agreement in 10 days to pay back taxes or they will be evicted.

Commissioners asked police to check cars parking in front of the postoffice for several hours at night. Police commissioner Ted Garner was asked to check on whether policemen are making night-time patrols of downtown stores.

The board authorized purchase of 25 new parking meters to replace worn-out ones. Mr. Lashley reported that ants have taken over several meters, carrying sand from the ground up into the coin box—and they don't get any time on the dial for their efforts.

Commissioner Bud Dixon said that the auditor will have a report for the board at the October meeting. Mr. Lashley reported that new parts are coming for the stop lights, which have been out of commission most of the summer.

The board revised its amount of rental for the rescue squad building to \$33.95 per month. The mayor reported that all the public utilities have agreed to serve the Marine staging area to be located at Camp Glenn.

The clerk was requested to get estimates on the cost of having an entirely new registration of voters. Attending the meeting, in addition to those mentioned, were mayor George Dill, who presided, commissioners S. C. Holloway and Russell Outlaw.

catches ran as high as 63 blues and spanish.

Harold Lane, Irvin Litchfield and Dr. Bill Kidd, Washington, fishing over Cape Lookout Shoals, reported back to Hill's Marina with over 100 big blues. Catches of 30 and 40 blues and spanish were common. Capt. Jim Harker boated a 38-pound wahoo.

At Marshallberg, Miss Belle came in with 21 dolphin and a 15-pound red snapper; Offshore had 60 blues, spanish and false albacore.

Joe Turner, Wilson, came back to Anchorage Marina on Atlantic Beach with 140 spanish and blues in a half-day trip. Also on the beach, Danco, had a very good catch on her offshore trip—red porgies, big red snappers, hog snappers and groupers. M. R. Crawley and party, Wallace, caught 3 wahoo, 2 false albacore and 3 spanish aboard Bunny.

Fred Bowen and party, Winston-Salem, caught 9 dolphin, 4 false albacore, 8 spanish and one king aboard Tom 'n' Jerry. Harold Bennington, Roanoke, Va., caught a sailfish, at about 4 feet, aboard Bunny Too.

Two other sails in the 4 to 4 1/2-foot class were also brought back to the waterfront: one by Glenn Moore, Marion, Va., aboard Sea Raven; the other by Charles Van Name, Raleigh, aboard Sam 'n' Dan. Good catches of kings and false albacore were reported by New Moon, with 20 kings; Blue Water, with 28 kings; Joy II with 14 albacore; and Mattie G, with 17.

Ocean pier fishing is good: pretty good spot fishing and plenty of blues, a few sea mullet and an occasional flounder was the report from Oceanana; good spots, fair blue and sea mullet fishing from Sportsman, where five triple-tails, 10 1/2 to 16 pounds, were landed; very good fishing for spots, blues, pompano and big flounder from Triple-Ess, with eight triple-tails; 11 1/2 to 18 pounds, caught in a single day.

Planning

(Continued from page 1)

Mayor Potter, who attended the meeting, made several requests. He asked that the county take action to dispose of the trash dumped by Lennoxville Road near Standard Net Co. and also that the sheriff's department police the area to prevent dumping there in the future.

His other requests: 1. Wants the county to fill in the area east of Turner Street to provide more land for expansion of Queen Street and Beaufort school campuses.

2. Wants county to provide space on the courthouse square for a Beaufort town hall.

3. Wants \$4,752.18 the county owes the town for reimbursement of funds paid the county by the town for housing town prisoners when Beaufort recorder's court was operating.

4. Wants the county to make available in Beaufort a site for a county hospital.

Commissioner Chalk asked what authority the county has regarding the dump on Lennoxville road, since the dumping is done on private property.

A. D. Fulford, county sanitarian, said that the county puts rat poison on the dump periodically to keep the rats under control.

Mr. Howard asked the sanitarian and the sheriff to work out a solution to the dump problem immediately.

The county said that since the money owed Beaufort was not set up in the current budget, the town could not expect repayment during this fiscal year. In other matters, Mr. Howard raised the question as to the possibility of the county building an elementary school in the western part of the county prior to the fall of 1961. Commissioners said that they were of the opinion that the board of education has a More-

head City high school a top priority in the school construction program.

Commissioner Chalk suggested that the County Home Demonstration clubs pay rent for the curb market building used in Morehead City. No action was taken.

NOTICE OF HEARING

The Carolina Telephone and Telegraph Company on July 18, 1960, filed a petition with the North Carolina Utilities Commission covering proposed extension of the base rate area in Beaufort, Clinton, Fayetteville, Greenville, Henderson, Jacksonville, Kinston, Morehead City, New Bern, Oxford, Rocky Mount, Smithfield, Tarboro, Washington, Williamston, and Wilson.

The company further proposes in its petition to adjust upward the rates in seventeen exchanges which in growth subsequent to 1957 have reached higher rate groups based on main station and private branch exchange trunks in the call-

Legal Notices

ing scope of each exchange. Exchanges affected by this proposal are: Aboskie, Benson, Columbia, Dunn, Fayetteville, Grifton, Henderson, Jacksonville, Oxford, Pine-top, Raeford, Rocky Mount, St. Pauls, Smithfield, Snow Hill, Swansboro, and Tabor City.

In addition, the company is seeking authority to regroup exchanges in the future according to the main station and PBX trunks development based on the calling scope of the particular exchange after due notice to the public and to the North Carolina Utilities Commission.

The subscriber may determine the effect of the proposed adjustments upon their monthly telephone rates by contacting the commercial office of the telephone company in their respective areas. The North Carolina Utilities Commission in its order of August 10, 1960, suspended the application until November 18, 1960, and set the matter for hearing in the courtroom of the Commission in Raleigh on Wednesday, September 21, 1960, at 10:00 a.m.
