

**Cement Floor, Bottles Keep Man from Drinking**

Charlotte, N. C. (AP) — John Gluyas, manager of the state-owned liquor warehouse, figures he has handled 49,439,267 bottles of liquor in 12 years, hasn't misplaced a single bottle — and hasn't drunk a drop.

"If I drank, I couldn't hold this job," he says, pointing to the thousands of glass bottles and the hard cement floor.

**New Theatre Season Opens; High Time Plays at City**

By O. J. MORROW  
Theatre Manager

A new movie season opens this week in Morehead City. In the next three months you will see the best that Hollywood has made this year. Pictures for the young and the old, pictures for the family. Good entertainment that cannot be beat for the coming fall and winter months.

The City theatre opens the season with a picture bubbling over with comedy, songs, and zany hijinx. High Time starring Bing

Crosby, Fabian, Tuesday Weld and Nicole Maurey, filmed in CinemaScope and color.

The college campus has been the setting for a good many movies but never have the portals of higher education been entered by as many merry madcaps as in High Time.

The comedy ball starts rolling from the minute Bing Crosby, a 51-year-old self-made millionaire decides he wants a college education and enters as a freshman at Pinehurst College. (You may remember reading about this picture,

Fabian, Tuesday Weld appear in comedy, High Time, starring Bing Crosby.

which was to be made in North Carolina, but due to some misunderstanding between the movie company and Chapel Hill, the setting was moved elsewhere, however there are some scenes in and around Chapel Hill.

Upon entrance he finds himself in the dormitory with his new roommates Fabian, Richard Beymer and Patrick Adiarte.

Thus the story starts and it doesn't end till four years later when "Der Bingle" gets his sheepskin. In the interim he goes through the agonies of gym class; the mortifications of fraternity "Hell Week" . . . washing cars, shining shoes, "Sirring" the members; the climbing of a rickety pyramid of crates at the class bonfire and the tortures of romance with Nicole Maurey, the school's French teacher.

Crosby's movie and recording triumphs are known throughout the world. Since the days of his radio success with the Paul Whiteman

band he has steadily risen to the pinnacle of the entertainment world.

Fabian is a household word these days with his many hit records and his performance in Hound Dog Man.

Opening the new season at the Morehead theatre is The Lost World, the biggest science-fiction picture to be released this year. Starring Michael Rennie, Jill St. John, David Hedison, Claude Rains and Fernando Lamas, The Lost World, is filmed in CinemaScope and color.

Stranger than the wildest science fiction dreams in the land of the Lost World were Jurassic monsters from 150,000,000 BC roam at will, where dinosaurs rule the land and man-eating plants reach out at every bend in the trail.

This is the untamed and untouched place that zoology professor Challenger (Claude Rains) takes his unforgettable expedition. Accompanying him on this journey

into the past are Lord Roxton (Michael Rennie) a playboy and big game hunter; Jennifer Holmes (Jill St. John), daughter of an executive who finances the venture; David Holmes (Ray Strickland) Jennifer's brother and Ed Malone (David Hedison), American newsman.

Joining the expedition at a remote arid post on the Amazon are Gomez (Fernando Lamas) and Gomez (Fernando Lamas), who pilots the helicopter to the plateau of The Lost World.

Keeping our promise of good entertainment this fall and winter the Morehead theatre starts Wednesday with all the ingredients that make for happy motion picture entertainment in the production. It started in Naples, starring none other than the King himself, Clark Gable, and co-starring Sophia Loren. It started in Naples, filmed in CinemaScope and color, is a romantic comedy.

Gable, who prefers making this type of film—romantic comedy—to any other, portrays an American

**HERE! THE GREATEST SIXTY-ONEDERFUL CHEVROLET**

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.
