

Marlin Contestants Bring in Five

Big Game Hunt to End At Sunset Sunday

Five marlin in seven days of fishing was the score in the Fabulous Fishing marlin tournament at press time yesterday.

The 10-day tournament, which started Friday, will end Sunday.

Boating the fifth marlin yesterday was the Pyramus,

Chamber Sends Norwood Young To Conference

Norwood Young, public relations representative with the Morehead City chamber of commerce, attended the recent conference in Raleigh on the proposed North Carolina Trade Fair to be held in Charlotte in October.

Mr. Young reports that the Morehead City Chamber of Commerce, and Willis Brothers Seafood, Williston, are considering entering exhibits. He said the fair is to promote sale of North Carolina manufactured products, including processed foods.

Local manufacturers who are interested are invited to contact Mr. Young at the chamber office in Hotel Fort Macon, or write North Carolina Trade Fair, PO Box 20308, Charlotte, N. C.

Installation of exhibits will begin Sunday, Oct. 1, at 9 a. m., at the Merchandise Mart. Coliseum exhibits and second floor Merchandise Mart exhibits are to be installed beginning Friday, Oct. 5, at 8 a. m. All exhibits must be ready by midnight, Oct. 11.

The fair formally opens Oct. 12, and continues through Saturday, Oct. 21. Fair exhibits will be open to the "trade" (buyers) from 11 a. m. to 1 p. m., Oct. 13 and 14, and from Oct. 16 through the 20th.

Public admission will be from 1 to 9 p. m., Oct. 13 through the 20th; 2 to 9 p. m., Oct. 12, and 11 a. m., to 9 p. m., Oct. 21.

Moving Auto Hits Parked Vehicle

Morehead City police investigated a minor traffic mishap early Tuesday morning.

Thomas W. Ballou, 416 Macon Ct., Morehead City, was the driver involved. According to police, Ballou was making a left turn off 7th street at the intersection of 7th and Evans and his car collided with a parked car belonging to Rhondle M. Parker, Emporia, Va.

No damage was done to Ballou's 1953 Plymouth. Police estimated damage to Parker's Ford at \$20. Ballou was not charged.

Patrolman Gerald Korecky investigated.

Worker Found Dead Sunday

Joseph Armstrong, 30, Negro migrant worker, was found dead in a canal on highway 101 near Graham's drive-in Sunday morning.

Sheriff Hugh Salter said Armstrong was a member of the Otis Sharpe crew, but no one knows his hometown.

Armstrong had been with two fellow crew members Saturday night. He became separated from them and when the two got back to their quarters on the Wright farm, "Joe Boy" was not there.

His body was found the next morning. The sheriff said Armstrong was apparently drunk, had fallen in the water-filled ditch and drowned.

Everett Forbes Jr., Not W. G. Carr Jr., Wanted by Court

Everett Forbes Jr., Wilson, is scheduled to appear in court Monday in Morehead City to answer to charges of issuing a \$40 worthless check. W. G. Carr Jr., Wilson, who posted bond for Forbes, is not wanted on a worthless check charge as reported in THE NEWS-TIMES Friday, May 26.

The order for Forbes to appear was made out May 22 against both Forbes and the bondsman, but Forbes' name was inadvertently omitted in the May 26 news story. THE NEWS-TIMES regrets the error. Forbes had issued the worthless check to the Morehead City Drug Co.

The court set the new bond for Forbes' appearance this Monday at \$250.

Three Newport Students Will Play in FFA Band

Three Newport students have been selected to play with the 1961 Future Farmers of America band at the FFA convention June 28-30 at the William Neal Reynolds coliseum, Raleigh.

Members of the Newport school band, directed by Melvin Edwards, are Mickey Simmons, cornet; Danny Roberts, cornet; and Robert Haskett, saxophone.

Mrs. Ruby Simmons, Newport, will take the band members to Raleigh Monday, June 26. The first rehearsal of the band will be the next morning.

Photo by Bob Simpson

These three marlin were caught Wednesday. Brought in to the Blue Marlin motel docks was the largest to date in the tournament, a 47½-pounder, by Col. Walt Turner, second from left, and M/Sgt. Jack Duckett, extreme left, both of Cherry Point, caught aboard Tom 'n' Jerry with Capt. Ben Day, kneeling, left. Coming in to the Morehead City Yacht basin aboard Bolo Jr. of Ocean City, Md., was W. F. Grennell, Richmond, Va., second from right, with two, at 42½ pounds and 396 pounds; Mate Warren Hawkins, extreme right, and Capt. John Mumford third from right.

School Officials Believe Merger May Prove Feasible

Clayton Fitcher Jr. and Roland Salter, chairmen of the Atlantic and Smyrna school committees, told county board of education members Monday that it would probably be feasible to merge Atlantic and Smyrna high schools.

The men reported that a survey of parents in both school districts showed that people favored such a move by about 4 to 1.

The board of education has requested state school planning personnel to visit the county and give their opinion of the proposed "wedding" of the schools.

Doily Gaskill, Stacy, was appointed to the Atlantic school committee, replacing Mrs. Charles F. Brown, who did not accept the appointment.

The board presented a resolution to county commissioners asking the county to release funds for building the new Morehead City high school. The county board approved.

Employment Office Wants To Find People to Fill Jobs

More people than jobs may be the case in some parts of the country, but not in Carteret, according to information from the North Carolina State Employment Service, Morehead City.

Mrs. Julia Tenney, manager, says, "We have job openings we can't fill." She attributed this condition partly to the summer season when many jobs become available here.

During the winter season when there may not be as many jobs some fishermen have no work, but many of those are sometimes not interested in working anyway.

A "Hire Now" program is under way throughout the country. According to records in the employment office, there are employers who would hire if they could find the people they need.

Three general office clerks are needed. They should be women between 20 and 35, high school graduates or better, have business training and at least a year's experience. The salary is \$40 to \$52 a week and hours about 40 a week.

Mrs. Tenney said one opening could be filled by an inexperienced worker if she has had thorough training.

A dress shop needs a woman sales clerk, at least 21, to work from noon to 9 p. m., six days a week. This is a summer job and pays \$45 to \$50 a week. A high school education and year's experience is necessary.

A man 45 or older is wanted as a night desk clerk 5 p. m. to 7 a. m. Switchboard closes at midnight and clerk may retire to a room and sleep. High school education is required, experience is preferred and salary is \$40 a week plus lodging.

Police estimated damages to the parking meter at \$50. Patrolman E. D. O'Neal investigated. No charges were filed.

State Requests Causeway Bid

● Dual-Laning Project To Start Next Week

● Bid Sought on Ferry Slip at Atlantic

The State Highway commission has requested a bid on resurfacing the Beaufort-Morehead City causeway (highway 70). The distance to be resurfaced is six-tenths of a mile and will replace temporary surfacing put down after Donna.

J. H. Burruss, resident engineer with the State Highway commission, says work on the dual-laning of highway 70, west of Morehead City, will probably start next week.

He said every effort will be made to avoid traffic tie-ups. Much of the work to be done this summer will consist of drainage operations which will be off the traveled thoroughfare, he said.

Fifteen thousand yards of muck are scheduled for removal at culvert sites and will be replaced with more stable fill.

In requesting bids this week, the highway commission also asked for a bid on enlarging the existing ferry slip at Atlantic. Mr. Burruss said that he felt that highway commission intended to carry through with its plans to move the ferry slip to Cedar Island, but some emergency work probably has to be done at the present landing.

Resurfacing of the Atlantic Beach causeway is to start very soon. Mr. Burruss said this job will probably take three days. He hopes it will be done in the middle of the week when traffic to the beach is lighter than on weekends.

Wayne Willis Will Go to Wildacres Week of June 11

Wayne Willis, Williston, will be sent by the Morehead City Civitan club as a delegate to the Civitan Youth Conference on Human Relations at Wildacres, Little Switzerland, N. C., during the week of June 11-17.

This project in developing citizenship was originated in 1949 under the sponsorship of the North Carolina District of Civitan Inter-

national, it has been continued each summer. Conferences are sponsored by Civitan Clubs in North and South Carolina, Virginia and Tennessee. Those chosen to attend are selected on the basis of good citizenship and their promise as leaders.

The conferences are made possible through the cooperation of Dr. and Mrs. I. D. Blumenthal of Charlotte, who make Wildacres, their 1500-acre, mountaintop estate available to the Civitan organization for the conferences.

The delegates practice democratic processes as they develop attitudes of understanding, mutual respect, and good will toward all people through discussion and other activities, according to Civitan executives.

Carteret Adds Two More To List of "Admirals"

Capt. Charlie Piner Sr. of Morehead City and mayor-W. H. Potter of Beaufort became admirals in the North Carolina navy Friday, when \$100 was donated to the North Carolina battleship fund in their name. The other admiral is L. G. Dunn of Beaufort, fund chairman for the county.

Mr. Dunn said yesterday that a special drive is being planned for Saturday in an effort to raise \$1,000 in the county. Booths will be set up in both Morehead City and Beaufort and there will be favors for everyone, the chairman said.

Letters have been written individuals, businessmen, and clubs asking for their support.

Mayor Takes Action on Scout Building Issue

Mayor W. H. Potter, at the Beaufort town board meeting Monday night, asked commissioner Frank Morning to look into operation of the Scout building on Pollock street.

Mayor Potter said that as a result of a letter in THE NEWS-TIMES, he checked on conditions at the building and found that they were generally as described in the letter.

The letter called attention to condition of the building, the trash around it and said, "The whole place needs a facelift."

Commissioner David Farrior said the Jaycees have "tried to do what they could." The town clerk, Ronald Earl Mason, said JC's recently installed a new heating system in the building.

The mayor asked commissioner Morning to meet with the top officer in each organization using the building and arrange a schedule and specifications for use. Claud Wheatly, town attorney, suggested that the minutes be referred to and it be determined how the building was originally set up, administration-wise, and the town's responsibilities.

Mr. Morning was asked to make a report at the July meeting. The mayor also asked the police department to keep a check on the building. Some activities there, he said, have brought complaints from neighbors.

The mayor asked the attorney for a report on a suit against the town brought by Miss Dorothy Lewis, who is suing the town for injuries sustained in a fall on a broken sidewalk. Co-defendant with the town is Carolina Power and Light Co. It is alleged that a non-burning street light contributed to the accident.

Mr. Wheatly said the case would probably be tried in the fall. He suggested that the town indicate on a map all its street lights and number them and that the lights be checked nightly. He said that a record should be made as to when the report is made to CP&L that the street light is out.

The mayor asked commissioners to support the drive to raise funds for the battleship North Carolina memorial.

The board discussed extension of sewer lines on Front and Ann streets. No action was taken.

Wayne Willis Will Go to Wildacres Week of June 11

Wayne Willis, Williston, will be sent by the Morehead City Civitan club as a delegate to the Civitan Youth Conference on Human Relations at Wildacres, Little Switzerland, N. C., during the week of June 11-17.

This project in developing citizenship was originated in 1949 under the sponsorship of the North Carolina District of Civitan Inter-

national, it has been continued each summer. Conferences are sponsored by Civitan Clubs in North and South Carolina, Virginia and Tennessee. Those chosen to attend are selected on the basis of good citizenship and their promise as leaders.

The conferences are made possible through the cooperation of Dr. and Mrs. I. D. Blumenthal of Charlotte, who make Wildacres, their 1500-acre, mountaintop estate available to the Civitan organization for the conferences.

The delegates practice democratic processes as they develop attitudes of understanding, mutual respect, and good will toward all people through discussion and other activities, according to Civitan executives.

Joseph Hill Hurt in Freak Accident While Saving Kids

By GEORGE HALL

"I know how a fish feels when it's giggered," Joseph C. Hill, owner of Lake Park subdivision at Newport, reported Wednesday when he stopped by THE NEWS-TIMES office on the way to the hospital.

Mr. Hill was "giggered" during an act of heroism Saturday afternoon by the hood ornament of an automobile owned by Robert Erbb, Newport, a Cherry Point Marine. Mr. Hill said the ornament went about 5 inches into his leg.

Beaufort Town Commissioners Adopted Budget

Beaufort town commissioners adopted a budget totaling \$120,762.18 at their meeting Monday night in the town hall.

The budget will be placed on file in the town hall and will be open for inspection.

Ronald Earl Mason, town clerk, commented that there is nothing in the budget in the way of reserve for depreciation, replacement of equipment or a reasonable contingency fund. "People asked me after the last meeting why I presented a budget \$18,000 out of balance... it's just that we don't have the money to operate as we should and I was figuring on what we'd need to operate in an ideal situation."

The budget, as adopted, includes a cut in pay for town hall clerical employees. Commissioner John Jones observed that town hall employees, in comparison with court-house employees, were overpaid for the number of hours they worked.

Mr. Mason, town clerk, remarked that the town cannot afford to take care of Ann Street cemetery as it has been doing. Mayor W. H. Potter said a new cemetery is needed by the town. Claud Wheatly, town attorney, said private investors should establish such a cemetery, rather than have it a municipal function.

Mayor Potter said, "People want a lot of things done that we simply don't have money for." He mentioned the possibility of reducing town services.

"If you reduce what we've got," attorney Wheatly said, "we might as well cut out everything."

"The town of Beaufort," he observed, "is betwixt and between. We're too big to be a village and too small to be a city. We have the equipment and services to take care of a town of 5,000 to 6,000 people. It's just like operating a station wagon with only a driver and eight empty seats."

Touching on town expansion, he said, "We can readily expand and take care of new areas with the equipment we have." It was noted that in the past 10 years the town has acquired \$120,000 in equipment.

The clerk advised the board to think about acquisition of property for a sewage disposal plant.

Interested in building a town hall, the mayor said he would like to have, at the next meeting, a list of all the property the town owns to see if any might be suitable as a site for a town hall.

The mayor said he had received a complaint about a town employee being discourteous to a citizen. He advised town employees to be polite and let the mayor do any "cussin' out" that had to be done.

He also noted that he was not turning his \$600 salary back to the town this year because he wants to keep himself assured that he's underpaid for the amount of cussing he takes.

The mayor informed the board that if the town is declared eligible it may participate in a federal program "for development of economic growth."

He talked about obtaining federal assistance in constructing sewage facilities and acquiring a revenue-producing utility. The town's \$352,000 debt was discussed and the mayor urged that a "more business-like approach" be taken in paying it off.

Commissioners present, in addition to those mentioned, were Earl Mades, Frank Morning, Dr. David Farrior, and William Roy Hamilton.

Mr. Hill was "giggered" during an act of heroism Saturday afternoon by the hood ornament of an automobile owned by Robert Erbb, Newport, a Cherry Point Marine. Mr. Hill said the ornament went about 5 inches into his leg.

The owner of Lake Park told the following story about the accident: While lifeguarding at the lake about 1:30 p. m. Saturday, he saw a car, out of control, rolling down the incline near the lake. Two small children were in the water in the auto's path. Mr. Hill dash-

Board Would Like Camp Sites Set Up in County

Directors of the Greater Morehead City chamber of commerce decided at their meeting Monday night to suggest to private property owners that they establish facilities for persons who want to spend their vacation campaign in this county.

The directors decided if no one is interested, the state will be asked to establish public camp facilities at Fort Macon state park.

Gariand Scruggs noted that there are no "beach buggies" (jeeps or similar four-wheel drive vehicles) available to surf casters on Bogue Banks. He said the chamber is doing nothing to make the entire outer banks area attractive to surf casters.

J. A. DuBois, manager, reported on the recent meeting of the advertising committee and its handling of the sports fishing program. Board members expressed approval of the program and the work of Norwood Young, chamber publicist.

The board unanimously endorsed the publicity program as set up for the current year.

Dues collections to June 1 totaled \$12,302.97. Mr. DuBois said there is \$10,000 in pledges yet to be paid, \$6,000 from businesses which should be interested in county progress.

Mr. Wallace suggested that a letter be mailed to members whose 1961 dues have not been paid, explaining the need for prompt payment to keep the 1961 program going at full speed. A dues collector will be employed after July 1 if collection letters fail to bring in the money.

Mr. DuBois reported on the recent meeting of the transportation committee.

A resolution was adopted commending director Elmer D. Willis for the clam bake he planned and supervised for the chamber spring membership meeting.

Attending the meeting, in addition to those mentioned, were S. A. Chalk, president; J. R. Sanders, Dr. S. W. Hatcher, Rufus Butler, George McNeill, Dom Femia and Norwood Young.

Smyrna Selects New Principal

G. W. Harriett has been selected by the Smyrna school committee to replace S. M. Daniels as principal of the Smyrna consolidated school for the year 1961-62, announces H. L. Joslyn, county superintendent of schools.

Mr. Harriett is an experienced administrator having had successful experience in Camden, Pender, Johnston and Pamlico counties. Mr. Joslyn reports. He received his AB degree at Duke University and his MA degree at East Carolina college. He has done further post-graduate work at the University of North Carolina and North Carolina State college.

Mr. Harriett started his career as a teacher certified in mathematics and science, before going into administration.

The Smyrna committee made selection from a field of 12 applicants, and after investigation and study of qualifications and merits of each applicant, selected Mr. Harriett unanimously.

Mr. Harriett is married to the former Miss Julia Pollock of Jones county. Mrs. Harriett also has her bachelor of arts and master of arts degrees in primary education and has had successful experience as teacher and supervisor.

The Harrietts have one son who graduated from high school this year.

"We feel fortunate in having Mr. and Mrs. Harriett in our county system and welcome Mr. Harriett as principal of Smyrna school," Mr. Joslyn said.

The Harrietts plan to make their home in the teachersage at Smyrna about the middle of July.

The county planning board will meet at 7:30 p. m. Monday at the Carteret-Craven Electric Membership Corp. building, Morehead City.
