IDLE MONEY STANDS FOR STAGNATION

Every cent of money carried in your pocket or hid in the house is money taken out of general circulation—a drop of life blood drained from the body and causes the stagnation that checks the growth of our community.

Open a check account at this bank—let your surplus money stay in circulation—let it be used in the upbuilding of our community—it means an increased value for all property—yet any part or all of your money will be ready for your use at any time you want it.

and which they thought the best and biggest crop producers on earth—wouldn't you feel that you should, in justice to yourself, try these fertilizers and get the same increased yields on your own farm? We have many thousands of un-asked-for letters from farmers blessing the day they bought Virginia-Carolina Fertilizers. Many of these letters are in our 1910 Farmers' Year Book, which can be had free of your dealer, or by mailing us the coupon

These shells cost a little more than black powder loads, but for bird shooting they are worth many times the difference, as there is no smoke to hinder the second barrel. They are by far the best low priced smokeless load on the market. When you buy, insist upon having them.

Prefers His Newspaper.

"We have been nominated for postmaster general by some of our intimate, sarcastic enemies. We are not a candidate for postmaster general at this time, nor shall we accept the honor, etc., etc. We should promptly but firmly decline:

What we want and what we shall have is the royal American privilege of living and dying in a country town, running a country newspaper, saying what we please, when we please and to whom we please.

"Compared with the power and influence of a good permanent country newspaper 'the little brief authority' of a man for postmaster general in a country town is a small and uninteresting position.

"We want no job. We want good living in a good town, the chance to grow old with a lot of good people. The country is out of debt. Its own political obligations are a burden on earth. Why should we corrode his intestines yet shorten his life. Fame is about the cheapest tinfoil that a prize package was ever wrapped in. Power is a gun that kicks. And the chance to do good may be found just as abundantly in a country printing office as it is in the halls of the rich and the great.

"To write a book, to print a newspaper, to help one's friends and to love one's family—what better than that? And when the good Lord passes in the opportunity now and then to take a club and lend a feeble hand to smashing a political machine, it gets too far, what

Confederate Soldiers and Federal Pensions.

The Charlotte Chronicle and some other of the North Carolina papers are saying that the Confederate pension roll does not want to be on the pension roll. Perhaps some of them are not, but if they could get many thousands of them are not a few Confederate soldiers on the State pension roll in Spartanburg county might not be on it for a long time. Another one of them says they have a pension larger than that of a man in South Carolina to swear to swear much to be including Confederate pension federal pension course, it will Spartanburg

Cut Feed and Save Money.

This is one year that feed will be scarce and high. Thousands of tons of good feed are wasted every year

Because the farmers do not cut their corn and shred the stalks and fodder, making good "Corn Hay," worth nearly as much for stock as clover. This can be done with some labor and the proper machinery, which can be bought at a reasonable figure and on easy terms. It will pay for itself.

Outfits for the small as well as the large farmer.

"This world is full of a number of things.

"I am sure we should all be as happy as kings.

"So go long with your old postmaster generalship. We couldn't have it if we wanted it, and we shouldn't want it if we could get it.

"This world, ladies and gentlemen, is full of good gravy, if you only have the bread to sop in it."—Moria Gazette.

Soup made of wasps is regarded as a great delicacy in China.

A ton of oil has been obtained from a single whale.

What we all need most is not more liberty, or more opportunity, but more industry, more politeness, more fairness and more common sense.

Chamberlain's stomach and Liver Tablets do not sicken or gripe, and may be taken with perfect safety by the most delicate woman or the youngest child. The oil and feeble will also find them a most suitable remedy for aiding and strengthening their weakened digestion and for regulating the bowels. For sale by Robertson Bros.

There is one thing you should get ready for: You won't be treated very well when you are old. So put yourself in position to treat yourself as well as possible in old age.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation, and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by Robertson Bros.

Young man, young lady, don't never be ashamed of your industrious old dad because he is not "refined." His uncountness may be due to the "refining" process he has been putting you through.
