

LOCAL & PERSONAL

TO OUR FRIENDS.

It is the mission of the Eagle to give news of Burnsville and Yancey county. We cannot do this successfully without the co-operation of the people. Our finances and the income derived from the publishing of the paper will not permit us to use a salaried reporter in collecting news items. Therefore we must depend largely upon our friends to send in local items of news. Will you kindly help us along this line? All items will be duly appreciated and thankfully received. If convenient, call telephone No. 7 and give us any local item of interest. Thank you.

Most everybody around here seems to be pleased with the way the election went off.

Will and Ida Phoenix, of Detroit, Mich., where they have been working for the past few years, arrived home Saturday. They say folks here don't know what hard times are compared with conditions in Michigan.

Dr. W. Gus Laughren, of Wallen Creek, Ky., is spending a few days here beautifying the lawn around his new brick bungalow which was erected last summer.

RUFUS.

RED CROSS SERVICE.

While no major disaster occurred during the year, yet the National Organization and Chapters were on constant duty in various sections, relieving distress following catastrophes which occurred in 39 States. Tornadoes and other violent wind storms caused 30 disasters; floods called for 17 relief operations; and other disasters were of various types, including fires, mine explosions and forest fires.

An explosion in a coal mine in McAlester, Oklahoma, killed 61 miners, whom 32 were Mexican, and 17 were colored. The Mexican government contributed \$10,000 toward a relief fund of \$90,967. The sum chiefly utilized in creating trusts for long-time payments to widows and minor children of the victims.

Winter floods in Arkansas, Illinois, Indiana and Missouri presented unusual hardships in that frozen flood waters isolated many refugees who could be only reached via airplane or long, arduous marches by foot. A fund of \$106,967 was expended.

Sixteen Spring tornadoes in the midwest affected 49 counties, the greatest damage being in central Texas, where 44 lives were lost. A relief fund of \$135,000 was expended in this area.

Relief also given in 12 insular disasters and to six foreign nations.

For domestic disaster relief, expenditures were \$1,208,151.09.

To stimulate the matrimonial market, we will send the Eagle free, for one year, to each couple getting married in Yancey county before January 1st, 1931. The Eagle is a household necessity. How about getting married?

Miss Grace Briggs, of Swain, N. C., who is attending school at the Appalachian State Teachers College, Boone, N. C., was elected by the Baptist students to go as student representative to the Baptist Student Conference which was held in Atlanta, Ga., beginning October 30, and ending November 2. The Baptist Student Conference is a south-wide convention, made up of delegates from Baptist students from colleges all over the south.

DOUBLE ISLAND.

Editor Eagle. Thanksgiving comes this month. That's one bright ray we look forward to in this month of gray skies. There may be a shortage in some of the crops, the pumpkins may be smaller, but there will still be pies. The turkey may not be so plump, yet he will have two drumsticks. In the time of prosperity we are thankful that we are not as other men, yet when suffering and loss come to us, we realize that we are all brothers. We do not rise by pushing another backward. We are all pilgrims, working and striving under the same skies. November brings gray skies, yet it need not bring gray thoughts, still it should bring a little serious thinking.

Five carloads of beef cattle have been shipped to Hyde county by Alleghany county growers to be wintered on the swamp reeds of that eastern county.

A group of Cumberland farmers made a pilgrimage to Stanley last week to learn about lespedeza and what it will do to a worn-out impoverished soil.

We will send the Eagle to that boy or girl away in school for the nine month school term for the small sum of one dollar. How about it?

Outstanding features of the new Chevrolet 6-cylinder truck. CHEVROLET 6-CYLINDER 50-HORSEPOWER MOTOR. To every man who buys trucks, there are certain features in the new 1 1/2-ton Chevrolet that recommend it especially for modern hauling. The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with unexcelled economy. Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user. Come in today and arrange for a demonstration of the new Chevrolet truck!
