BURNSVILLE WINS BOYS' TOURNAMENT

For the first time in eight years the Burnsville High School boys' Basketball team won the Yancey county championship tournament.

Burnsville first defeated Bald Creek, the defending champions, by the score of 29-16. This game was exciting throughout with good playing by both teams. At the same time Clearmont triumphed over Bee Log.

Saturday morning Burnsville met some difficult opposition in the team from Micaville, but from the first five minutes of play Micaville was never able to overcome the lead held by Burnsville. The score was 27-19.

The finals played Saturday night against Clearmont was one of the most thrilling games of the entire season. Each team was determined to win, and each played fine ball. Burnsville, however, had a 8-2 lead at the half way mark and was never overcome. Fine defensive work again proved the margin of victory for the Burnsville five. The score was 15-14.

Among the high scorers in the tournament were the following Burnsville players: Bill Westall with 23 points, Dale Banner with 15 points, Bruce Byrd with 14 points and John English with 13 points.

THE WESTERN NORTH CAROLINA MAYORS TOUR

(J. Frank Huskins)

The 12-day tour of Florida by the Mayors of thirty cities and towns of Western North Carolina has just ended, and as the representative of Burnsville and Yancey County I am happy to report a most enjoyable trip and to state briefly the purpose and accomplishments of the tour.

At this time there are over 200,000 tourists in Florida. These people will leave Florida in a constant stream of travel throughout the next 90 days, and the purpose of the tour was to advertise Western North Carolina as a summer resort for tourists, to tell them of our mountain peaks, our cascading streams, our Blue Ridge Parkway stretching along the crest of the Blue Ridge like an enchanted white ribbon, our numerous summer camps for boys and girls, our wonderful climate in summer.

We entered Florida at Lake City on February 14, and for ten days we toured the state, traveling in two large buses furnished without cost by the Queen City Coach Company of Charlotte and by the Smoky Mountain Trailways of Asheville. We visited 30 cities and towns, all resort centers, ranging in population from 15,000 to 172,000. In each of these towns and cities we were met and greeted by the Mayor and Chamber of Commerce officials. Twice each day— at lunch and dinner—we put on a program usually consisting of three speeches in which the speakers went into detail about all of Western North Carolina, explaining and describing the many attractions we have here for the enjoyment of visitors. And at each of these meetings all of the Mayors were recognized, and each gave a brief talk on the attractions of his particular section of Western North Carolina. It was a real pleasure for me to have such an opportunity to tell the residents of Florida and the thousands of visitors there about Burnsville and Yancey County, giving them intimate glimpses of our town—a gem set in natural beauty, the history of its founding and of Otway Burns for whom it was named, of our hotel and excellent tourist homes and tourist cabins, of our theatrical attractions to entertain them while here, of our cafes and fine home cooked food, of Mt. Mitchell, King of all summits in Eastern America, of our mineral deposits and agricultural resources, and of the friendliness of our people. And all our listeners now have a personal invitation to spend the summer in Burnsville and Yancey County.

We traveled over 2200 miles, made 15 broadcasts over Columbia & NBC networks, and distributed (Continued on back page)

FARMERS FEDERATION TO OPEN ON MONDAY MARCH 4

Plans for the opening of Farmers Federation Warehouse No. 20 in Burnsville on Monday, March 4, were announced this week by Guy M. Sales, of Asheville, general manager of the farm cooperative.

Pending erection of a modern brick building by the federation on the site it recently acquired from Mrs. J. Bis Ray, the warehouse will occupy temporary quarters in the E. L. Briggs white, frame store building.

Excavation work already has started on the federation's lot and erection of the building is expected to get under way in the near future. Completion of the structure is set for late spring.

E. N. Stamey, well known Yancey county farmer and business man, will be manager of the federation's warehouse. Mr. Sales announced, and he will be assisted for the first week or two by Dave Lollar, of Rutherfordton, a field man for the organization.

The opening exercises will begin at 10 o'clock Monday morning with music by the federation's string trio and addresses by James G. K. McClure, president; Guy M. Sales, general manager, and other federation executives. At noon coffee and doughnuts will be served.

"The exercises are open to the public," Mr. Sales said, "and we hope we will have present a large representation of Yancey county farmers and the business people of Burnsville."

Establishment of the federation's local warehouse culminates an organization campaign directed by J. H. Hampton, of Murphy, a director of the cooperative. Mr. Hampton reported a favorable reception with many farmers subscribing to stock in the organization.
