GOODMAN PREDICTS BIGGEST FARM WEEK

Present indications point to a record-smashing enrollment at this year's Farm and Home Week, to be held at State College, July 29-August 2, announces John W. Goodman, assistant director of the State College Extension Service.

Their attendance at these annual events always far outdistanced by women, men-delegates will have their strength bolstered this year by county and community AAA committeemen who will attend the convention.

Goodman pointed out that all of North Carolina's 100 county committees, composed of three men each, have been scheduled to attend. In addition, one delegate from each township committee will be present. This should assure at least 1,200 farmers in attendance at the convention. Ordinarily, from 1,200 to 1,500 farm women register for the event.

Plans for the week are now nearing completion, Goodman said. Subjects of interest to both men and women will be taken up during joint sessions of the two groups, while separate sessions will be held for other topics.

In addition to the educational side of the program, a full schedule of entertainment and recreation have been planned for the delegates. Tours, contests, games, group singing, square dancing, and other lighter features will serve to enliven the program.

As has been the custom for the past three years, Governor and Mrs. Clyde Hoey will appear on the Thursday, August 1, night program. Other than these two, there will be no speakers scheduled for the evening recreational periods.

Rooms will be provided in State College dormitories, and meals will be served in the college cafeteria.

BURNSVILLE— "So They Say"

It's a small world after all. This happened in New York City last week. Guss and Richard Peterson were sight seeing atop the 70 story R.C.A. building in Radio City, and about the first person they saw was Mrs. Honeycutt who is in N. Y. visiting Reece. Mrs. H. could hardly believe her eyes but finally said, "It's Guss Peterson or some one who looks exactly like him." Of course it wouldn't be very probable to find someone to look exactly like him.

Many friends in this section will be interested to learn that Martin England and family (wife and three children) are in Mars Hill for the summer. They've recently returned from India after being there for five years as missionaries. We trust they'll be over to see us soon.

Sweet girl graduates at home... Olive and Sarah received diplomas at W. C. U. N. C., and families went down for occasion. Olive's Dad and Mother gave her a grand looking Plymouth, which we call a marvelous graduation gift... Another new car: Joe and May Young's new Chevrolet.

Several youngsters visiting in town... Barbara Baumgardner of Asheville is guest of Gloria Ann Fletcher... David Young of Asheville is visiting his grandmother Tipton... and the Berryman children stayed with Anne and Clarence Briggs while they went to attend Clarence Berryman's graduation at V. P. I.

Lucille Gillespie had "happy birthday" even if in Biltmore hospital. Irene and Mrs. G., Olive Briggs, Lucille Erwin, Mary Lyon and Annie Lucy Swann all over to help her celebrate, with cake and candles and everything... We hear that Ruby Goodin will undergo operation there too. Sammy Wilson in Charlotte hospital for operation... Jack Angel home from Orthopedic Home.

When the sheriff takes a young man for a ride it's not always an arrest. Wednesday he was out with his 2 1-2 months old son. Fine looking chap.

New service station on square is most attractive... George Hall in charge, with Dancy to assist... Bill and Vint Westall have taken over station that George has had for several years, on east Main Street.

New folks in town: Madith Cathey and Chloa Woods both of whom are employed at Celu Mines... Chick and Frank Butner are in the Navy, are now in Norfolk... Little Theatre players elected Pat Williams new president—hope they'll find time this summer for production... If you're good at figures you could find out how far that cloth received at Edge's Dept. Store this week would reach—some-where up around the Game Refuge. The mileage has

Vaccination is one of our best means of controlling typhoid fever, and everyone in these neighborhoods should take advantage of these clinics to secure protection. Those who care to come to the office in Burnsville will find the doctor or the nurse on duty every Saturday morning.

The Health Department recommends diphtheria toxoid especially for children between 6 months and 6 years of age. It is required by law that every child shall be vaccinated against diphtheria before he will be allowed to enter school. We want the parents to have their children vaccinated against diphtheria, not because it is a law, but to protect their children from this disease.

The Schick test, Tuberculin test and the smallpox vaccination will also be given at these clinics. All vaccinations and tests will be free of charge.

UNUSUALLY HEAVY RAINS FALL IN PAST WEEK

Unusually heavy rains have fallen in this section during the past week. Cloudbursts in Burnsville last Thursday and again on Wednesday did some damage to gardens and crops by washing over them. Rain was badly needed, however, especially for setting plants.

Miss Madith Cathey of Candler and Miss Chloa Woods of Tennessee are now employed at Celu Mines, Inc.

Mrs. Joe Godfrey of Elkton, Md. is visiting her mother, Mrs. Julia McIntosh.

Mrs. Edd Wilson will teach the Men's Bible Class of the Baptist Sunday School on next Sunday morning. All members and prospective members are invited to be present.

The fair will be held in the Burnsville high school gymnasium and athletic grounds. All entertainment features will be furnished by the schools, 4-H clubs and local talent. Interesting athletic events have also been scheduled.
