DREAM?

Psychologists have sought to dispel the idea that a dream had any significance insofar as the future of the human race is concerned. Undoubtedly, the majority of people attach less importance to dreams in this day and time. However, when an individual has the experience of an unusual dream and this occurs more than one time it certainly leaves an impression upon that person's mind that is hard to dispel. Such was the experience of your reader and this is the dream:

Promoted To Rank Of Corporal

John King who has been stationed at Fort Bragg since he enlisted in the army in June, 1941, has been promoted to the rank of corporal. He is the son of Mr. and Mrs. Riley King of Burnsville.

James Horne was recently accepted by the Navy and is now in training. This is the first colored registrant from Yancey County who has been accepted for Naval service.

JOHN ANGEL IS VISITING PARENTS

John Angel, third class aviation machinist's mate, United States navy, is spending a ten-day leave with his parents, Mr. and Mrs. Will Angel of Cane River.

Angel entered the navy last September 10, through the Asheville recruiting office, and has been stationed at the machinist's school at Norfolk since.

He recently applied for training as a naval aviation cadet. Angel is a graduate of Bald Creek high school in the class of 1937.

PROMOTED

ENLISTED MEN TO GET \$50 MINIMUM PAY

Increases Made For All Grades Enlisted Men And Also Officers

Enlisted men in all the armed services of the United States were assured of getting their minimum base pay raised to \$50 a month.

The Senate adopted the House version of the military pay bill calling for \$50 a month, after originally favoring \$42. A \$46 compromise figure approved by House and Senate conferees was rejected in the Senate by a vote of 58 to 20, accepting the House version.

Final approval of the \$50 minimum will make American fighting men the best paid in the world.

The bill provides increases for all grades of enlisted men, and would boost the pay of lieutenants and navy ensigns from \$1,500 to \$1,800 annually. In addition, all commissioned officers would receive more generous living allowances.
