BURNSVILLE—

"So They Say"

The weather: Much cooler after being much hotter.

About town: Bob Wilson will serve as mayor while Lt. Huskins is serving in the U. S. Navy.—That arrangement is fine but we hope that Frank will soon be back. The young set had very enjoyable time at the lovely dance given by the Glens for their attractive niece, Peggy Cox of Atlanta. Junior Ramsey was honor guest at birthday dinner with number of friends present. Howard Higgins have gone to Virginia where he will teach during the coming year. The pretty "Win the War" stamps now on sale at the post office. Jr. Blalock who suffered fractured skull now home and still improving. Didn't know it in time to tell you: Agnes Rice and Helen R. Goodman spoke over radio from station WWNC on Wednesday.

A real old fashioned get together: that's what the U. S. O. county committee is planning for next Thursday night—an old time box supper on the square, then square dance afterwards—of course we could raise our quota (which is about a dollar for each man from the county in service) by donation alone and a good start has already been made, but to finish up the drive in fine style, the supper, etc. has been planned—It's for folks from the entire county, and it's going to be a big time so plan to come—if any service men are home we'll let 'em make a speech, or eat or cut a pigeon—members of the scout troop and of the legion post will see that everything goes rolling along. There are approximately 560 men in service, and they plan to put a star by every man's name to represent a dollar given—and if there are enough dollars given then they'll put two or three stars by each name!—The square will hold a lot of folks and they're expecting a lot to be there. In the meantime, if you wish to contribute you don't have to wait till next Thursday—Fred Proffitt is treasurer, or any member of the committee will take your money.

FOR VICTORY

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. Army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$95 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

What You Buy With WAR BONDS

Our army spells and pronounces it pontoon, not "ponton", as you do. Pontoon bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontoons is pictured here. The largest pontoon bridge is 1,000 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontoons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest pontoon, our engineers need plenty of them. If you and every American invests at least 10 percent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

What You Buy With WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your country go over its quota.

FIRE

Some 3,500 persons are burned to death in fires on America farms and in rural communities each year, and the total loss runs to approximately \$200,000,000.

Taking turkeys from refrigerated rooms, turkey growers of the Pacific Northwest will carve turkeys and have sliced steaks of white meat ready for a summer market.

NAVAL ATTACHE

Claude Hensley of Vixen is a naval attache at the American Embassy, Rio de Janeiro, Brazil.

Mr. Hensley volunteered for service last July 16. Since that time he has been with the Atlantic fleet. In February he went by plane to Brazil, where he remained for four months. He reports that while there he had a good time, and that the natives were always anxious to see them "well and happy".

Hensley is the son of Mr. and Mrs. P. B. Hensley of Vixen and was a student of Burnsville High and Asheville Farm School and is now serving "somewhere in the Atlantic."
