TEXTILE SCHOOL OFFERS MANY OPPORTUNITIES

The following release from the Textile School, N. C. State College, calls attention to the many opportunities in the textile field, the largest industry in North Carolina:

The possibilities of future employment as well as the emergencies of the present should be considered by high school graduates in choosing a vocation.

"Considering tents, tarpaulins, parachutes, plane fabrics, webbing, and many other items in addition to garments, it is estimated that the United States needs 300 to 350 pounds of textile products per soldier." Expansion of the army to 3,600,000 by the end of the year will require a tremendous increase in the production of textile products if the American Army is to be properly equipped for the days that are ahead, so industrious and capable young men and women will find in the textile industry many opportunities for service during the present emergency.

They will also find in the textile industry an opportunity to develop any particular talent which they may possess. Those who are fascinated by machinery will find that many intricate machines are used in the manufacture and processing of yarns and fabrics. Those who have artistic talent will find a real opportunity for creative work in the designing and coloring of knitted and woven fabrics.

Others who have an inclination for research will find wide fields of work in the development of new dyes, chemicals and other ingredients used in the processing and finishing of fabrics, and in the rayon industry. In fact, it might be said that the textile in-

QUAIL ARE RELEASED IN COUNTY

Twenty pair of quail from the state game farm at Hoffman were received in the county Monday and have been released on farms.

In every instance the birds were released to farm owners who agreed to protect them and where no hunting will be done this fall. The birds were released in groups of 2 or 3 pair so that they would not become too widely separated.

In discussing this latest wild life project, county game warden Craig English said that it is hoped that a master farm may be set up in the near future under the Pittman-Roberts act. This would be a research plan financed by one fourth state and three fourths Federal funds.

The program encourages that hedge rows and cover crops be left and other methods of wild life research be carried out.

Industry covers such a broad field that young men and women can find within it some place suited to their talents.

The development of rayon, nylon, and other synthetic fibers and scientific improvements in the manufacture, processing, finishing and distribution of textile products are continually increasing the demand for Textile School graduates, and in the opinion of many textile executives this demand will continue to grow in the years to come.

The Textile School of North Carolina State College was able to place all its graduates during the last depression, even though there were millions of unemployed in America. During that period the enrollment of the Textile School steadily increased because of the opportunities open to textile school graduates.

MICA FROM MINE AT CELO. The picture shows Miss Katherine Church of Asheville, Secretary of Industrial Minerals, and a block of mica taken from the Myra Gibbs Mine No. 1, located at Celo. The mica weighed 2 pounds 10 ounces and was valued at \$35.

The mine is located on the property of E. L. Briggs and is leased by the Capital Minerals corporation of which J. A. Mayberry is president. The mine produced nearly \$5,000 worth of mica last month.

KYSER STILL RIBBING IN LATEST FUN-MOVIE

Coming to the Yancey Sun. and Mon., Aug. 9-10

Whether it be on the air or in his films, Kay Kyser, the Old Professor of the College of Musical Knowledge, likes to poke fun at anyone or anything, or even at himself for that matter.

In his first picture, "That's Right, You're Wrong", the popular band leader-comedian turned the spotlight on Hollywood and the cinema industry and kidded them in delightful fashion. He also took a fall out of himself for trying to be an actor.

Currently Kay is starred in "Playmates," another laugh-riot in which he again portrays himself. This time he harmlessly kids Shakespeare, and comes mighty close to murdering the Bard of Avon's immortal drama while proving that he, Kyser, is no great shakes as a Shakespearean actor! But it's all in fun, and there are more chuckles than a tree-full of marmosets.

Barrymore adds to the merriment by portraying a once-great Shakespearean actor who, in order to land a fat radio contract, agrees to teach Kyser, a swing band leader, how to dish out "Hamlet" and "Merchant of Venice" with as much ease as a boogie-woogie beat. The hilarious results involve Lupe Valez, May Robson, Patsy Kelly, Peter Lind Hayes, Ginny Simms and all the members of the Kyser orchestra in riotous situations.

This is the last picture that Barrymore appeared in before his death.

TIRE QUOTA FOR AUGUST

The tire quota for August has been announced as follows: Passenger cars—new tires, 2; recaps, 9; tubes, 6. Truck—new tires, 30; recaps, 38; tubes, 35.

PENALTY FOR OBTAINING DEPENDENCY PAYMENTS FALSELY

From selective service boards comes the warning that there are severe penalties for those obtaining dependency payments for

MICA HOUSE IN OPERATION

The mica house at Mica-ville built by the Meyer and Brown corporation of New York, is now in operation.

Here mica from the Presnell and Randolph mines is being prepared for shipment.

Much of the mica is high grade Ruby Red No. 1.

Another mine that has recently begun to produce well is the Lighted Rock mine on Seven Mile Ridge, operated by Will Banks, E. O. Ensley and Hobart Wilson. Machinery was obtained through the Colonial Mica Co. of Asheville.

HAMRICK NEWS AND HAPPENINGS

Rev. David Anderson of St. Paul Minn. held a meeting last week at the Baptist church. A very large crowd attended.

A decoration was held at the Westall cemetery Sunday.

Andrew Westall has gone to Atlanta, Ga. after spending a week with his parents here, Mr. and Mrs. A. R. Westall.

Junior Patton, C. D. Gibbs and Edd Ballew went to the army a few days ago.

Mrs. Fate Queen and children of Greenlee visited in this section Sunday.

Born to Mr. and Mrs. Arthur Wilson Aug. 1, a son. Miss Mamie Ballew of Hickory is visiting relatives here.

men in service when they are not entitled to these payments.

Those who accept a claim and receive the money under these circumstances are liable to a \$2000 fine or a year in prison.

Any person who makes a false statement, knowing that it is false, in order to obtain a dependency payment for himself or for some one else shall be liable to 2 years imprisonment and fine of \$5000.

Men with dependents, both single and married, may be called into service and aid be given the dependents but these must be a true and valid claim.

Men In Service

CLASS 3-A MEANS MEN WITH DEPENDANTS

There has been some misunderstanding and confusion concerning the 3-A classification of registrants. This class includes all men, either single or married, who have dependants.

No 3-A man will be inducted for service until his classification is changed. In reclassifying and calling men for service, single men will be first and married men with smaller number of dependants next, and so on. All men with dependants are 3-A, however.

ACCEPTED BY ARMY

Forty one men left Burnsville for camp on July 28. The following were accepted and will return and enter active service when their 14 day leave is up: Francis Bradford, Thurman Ayers, Charlie Webb, Welzie Higgins, Norman Barnett, Richard Howell, Wm. Lee Bartlett, Luther Holcombe, C. D. Gibbs, Mark Webb, Ralph Callo-way, Frank English, Kenneth Honeycutt, Edward Ballew, J. D. Hunter, Warren Young;

Paul Edwards, Nyrum Whitson, Lawrence Watts, Charlie Silver, Cartie Lee Pate, Jack McCurry, Fred Edge, E. R. Riddle, Welzie Webb, Grover McIntosh, Clyde Ayers, James F. Cornwell.

Camp Claiborne, La.—July 23. Promotion of Cecil Higgins, of Bee Log, N. C. from the grade of Private First Class to that of Corporal has been announced by Brigadier General Matthew B. Ridgway, commanding general of the 82 Infantry Division.

The promotion of Corporal Higgins comes as reward for ability shown during the past months of training with the 82nd's 15,000 men, now being welded into a tough fighting team.

The 82nd Division won distinction during the Argonne and St. Mihiel campaigns of the first World War. With officers and men drawn from every state in the union, the 82 is best known as the "All-American" Division.

Paul R. Westall, son of Mr. and Mrs. Roscoe Westall of Hamrick has been promoted from the rank of sergeant to the rank of staff sergeant, according to a letter received by his parents last week. He is now stationed in the Army Air Forces at Tampa, Fla. St. Sgt. Westall is a graduate of Mica-ville high school and attended Lees-McRae College at Banner Elk. He spent two months in officer candidate school at Ft. Belvoir, Va. He enlisted in the army in 1940. A brother, Pfc. Albert M. Westall is in the service in British Guiana, South America.

Glenn Hughes of Windom has enlisted in the Navy. He is the son of Mr. and Mrs. Herbert Hughes of Windom.

Robt. W. Wilson of the U. S. Coast Guard is stationed at Galveston, Texas.

Ray B. Howell of Newdale is now at Fort Knox, Ky.

Frank King, son of Mr. and Mrs. R. A. King is now at the army air base, Salt Lake City, Utah.

Suel C. Anglin is stationed at Camp Robinson, Little Rock, Ark.

Cpl. Luther Banks, Jr. and Cpl. John King are now at Camp Carson, Col.

Pfc. Quince Hill, son of Mr. and Mrs. C. M. Hill of Swiss is stationed at Fort Jackson, S. C. He has returned to camp after spending 12 days here.

Oscar M. Wilson (colored) is now stationed at Ft. Benning, Ga. with the station hospital there.

Tommie Hylemon is with the 77th division at Fort Jackson, S. C.

U.S.O. CAMPAIGN
Unusual interest has been shown throughout the county in the U. S. O. campaign for funds, chairman G. L. Hensley reports today.

The rally on last Thursday evening was attended by a very large crowd, and many remained for the square dance which followed.

There are now nearly 600 men from the county in service, and the committee would like to raise a dollar for every man in service. Perhaps there are citizens in the county who have not yet been contacted but who wish to give.

If you would like to contribute a dollar and wish to give it in honor of a certain man in service you may mail the dollar, with this information included, to G. L. Hensley, chairman, Fred Proffitt, treasurer; any member of the committee, or the Record office.

The U. S. O. helps some one you know. It provides a home like atmosphere and clean, worth while recreation and entertainment for the man in camp, and the citizens of this county should take pride in joining in this worth while undertaking for the men in the armed forces.
