Entered as second-class matter November 11th, 1936, at the Post Office, at Burnsville, North Carolina, under the Act of March 3, 1879.

PROCLAMATION

WHEREAS the young men of our country of the age of eighteen and nineteen years have, because of their stamina and enthusiasm, proven themselves to be exceptionally able soldiers, and

WHEREAS the United States Army is making an active campaign to secure the enlistment of such men and is offering special advantages to secure their enlistment; and

WHEREAS the Town of Burnsville is anxious to do its part to assist our Army in securing the enlistment of such men,

NOW, THEREFORE, I, R. W. Wilson, Mayor of the Town of Burnsville, do hereby proclaim the desirability of having as many of our young men of the age of eighteen and nineteen years as possible enlist in the United States Army and I urge our young men of these ages to enlist in the Armed forces of our Country.

AND I further call upon our patriotic older citizens, and particularly the teachers and our other civic leaders, to do everything within their power to assist our United States Army in stimulating interest and enlistment on the part of our young men.

IN WITNESS WHEREOF, I have set my hand and caused the seal of the Town of Burnsville to be hereunto affixed, all on this 5th day of November, A. D., 1942.

R. W. WILSON, Mayor, Town of Burnsville, N. C.

LESPEDEZA PRACTICE APPROVED FOR STATE UNDER AAA PROGRAM

Farmers of Yancey county will be allowed one unit or \$1.50 per acre toward maximum production practice payments under the 1943 AAA program for establishing good stands and good growths of lespedeza, provided they are left on the land or turned under, according to J. A. Hannum chairman of the County AAA Committee.

Credits for this practice will be allowed only if the entire growth, other than seed, is left on the land or turned under as a green manure crop. It must not be pastured or mowed for hay. Credit also will be allowed only for the acreage of lespedeza seeded artificially during the 1943 program year on land on which lespedeza was not grown in 1942, the chairman said. The seeding rate should be at least 25 to 30 pounds per acre, and a good stand similar to that which normally would be secured from such seeding and a good growth must be obtained. He defined a good growth as one reaching an average height of five or six inches.

Chairman Hannum also said that credit of one unit or \$1.50 per acre has been approved under the 1943 program for turning under crotalaria as a green manure crop. To qualify for credit, he said, a good stand and good growth which was seeded artificially in the 1943 program year must be plowed or disked under.

"Approval of these practices should be extremely valuable to farmers in the coming agricultural year," he said. "With the nation at war, we must keep our farm plants in shape to produce to the limit as long as necessary. And if we do this, we must protect our land during the winter months and also store in the soil as much nitrogen as possible by growing legume crops. Application of phosphate, potash, and

PRESBYTERIAL DISTRICT HAS MEETING

A meeting of Presbyterial district was held at Mine Fork Thurs., Nov. 5 under the leadership of Miss Isabell Miller of Warren H. Wilson College, Swannanoa.

The program discussion centered its thought on some of the more important social problems with which our churches are confronted.

Mrs. Wesley Hyde of Reems Creek discussed attentions to the sick; Miss Carson of Swannanoa the work of deaconesses, Miss Harriett Jackson of Rocky Fork, unique methods of raising money. Mrs. Brogden of White Rock, the work of juniors, Mrs. R. N. Muir of Swannanoa, work with children, Mrs. Miller of Erwin, work with Seniors, Mrs. Gordon Mahy of Montreat, how we can help our missionaries in other than financial ways. Mrs. Grover Long of Hot Springs closed the meeting with very inspiring devotional service, with the subject, "Faith."

The delegates were from the following churches: Reems Creek, Beech, Asheville, Rocky Fork, Riceville, Swannanoa, Upper, Lower Jacks Creek and Burnsville, Ladies of the Mine Fork church were hostesses.

ADVISORY COUNCIL WILL MEET

The Yancey county F. S. A. advisory council will meet Tuesday, November 17 at 2 p. m. in the F. S. A. office. All members of the council are requested to be present as the program in the county, especially in relation to the war effort, will be discussed.

liming materials are recommended with the lespedeza practice."

Credits earned for carrying out approved practices under the AAA program are counted toward maximum payments which may be made on a farm cooperating in the program.

HOW TO BEAT RATIONING TO THE PUNCH

With the rationing of food, it is well to give thought to just what this is going to mean to you and to your general health and that of the members of your family.

Is it going to hurt you, or is it going to help you?

It can do either—but you can beat rationing to the punch, remain within the law and be a better citizen. While this may sound like a paradox, it is nothing of the sort.

Rationing will hurt you if you are unwilling to accommodate your tastes to its requirements—if you are selfish and refuse to take it on the chin—or, I should say, on the stomach.

On the other hand, rationing can prove highly beneficial, and it will to those who, while adjusting themselves to a new situation, make a special study of food values. By so doing, you will find that you have been eating, in abundance, many things to satisfy your hollow hunger, and, in so doing, have given little heed to the relief of hidden hunger.

There are many people who will insist on buying things that are scarce and who, simply because they have the money to make purchases they think are necessary will rush down to the grocery store or market, in order to beat their neighbors to the counter. The result is that the things they selfishly acquire, simply because they could get there first, do not go around and somebody has to do without them.

But let's get back to the subject of how you can beat rationing to the punch and, thereby, help yourself and your government.

In the first place this government is going to see to it that you get enough food to meet body requirements, and it is going to see that you get your fair share, no matter what system is adopted.

Cost alone is not the measure of the desirability of a diet. Inexpensive food carefully selected, preserved and judiciously consumed, will give a much better return in terms of nutrition, than many of the expensive foods you have to scramble to get hold of before your neighbor gets to the counter.

Any food that does nothing more than fill your stomach and make you feel comfortable for a time is

What You Buy With WAR BONDS

Actual experience on the world's war fronts has proved the collapsible boat an essential safety feature for both Naval and land based planes. They are made of rubberized material, easily inflated.

At the Battle of Midway an Army Lieutenant, after bombing a carrier, was forced to bail out of his bomber. He was able to get a "fish eye" view of the entire battle from his collapsible boat and was later picked up by an American plane. Your purchase of War Bonds with at least ten percent of your income every payday will help protect the lives of men who are flying for you. Get behind them today. U. S. Treasury Department

WEEK OF PRAYER SERVICE AT THE METHODIST CHURCH

The Woman's Society of Christian Service held its annual Week of Prayer Service at the church on Thursday, November 5th, in connection with the regular monthly meeting.

The president, Mrs. H. G. Fletcher, presided over the morning session. Mrs. Fred Proffitt presented a brief program and during the business session the annual election of officers was held and the following officers elected:

President, Mrs. D. R. Fouts; vice president, Mrs. Hobart Ray; recording secretary, Mrs. C. M. Cheadle, Jr.; Corresponding secretary and treasurer, Mrs. J. A. Goodin; Local treasurer, Mrs. R. E. Anderson.

Lunch was served at the church.

The afternoon session was devoted to a spiritual retreat under the direction of Mrs. Hobart Ray.

The last program of the Week of Prayer service was presented at the church on Sunday evening by the Mildred Ray circle of young women and the Susannah Wesley group of intermediate girls. A most interesting program was given under the direction of Mrs. Gibson, Deyton and Miss Martha Higgins.

NOTICE

The regular prenatal clinic will be held in the district health office on Friday, November 21.

the most expensive food you can buy.

Investigation shows that the average American diet does not contain enough Vitamin A, Vitamin B-1, Vitamin C and calcium. This means that most people do not get enough milk, vegetables, fruits, and eggs—which are protective foods.

Don't experiment with your body, for it's more important than your watch or even your automobile. As important as that vehicle is today. You hear much over the radio, you read much in the papers about getting your car checked, in order that it may give you the maximum service. That, no doubt, is good advice, but it is much more important that you go to your family physician and have your self checked. Your doctor not only can tell you how to get the maximum service out of your body but he may be able to give you some advice that will actually save your life.

The prevalent question today is: "How many more miles can I get out of these tires?"

It ought to be: "How many more years can I get out of this body of mine."

Here are some food materials that are necessary for body structure:

PROTEIN: which helps to build and maintain flesh and blood. It can be obtained by consuming milk, cheese, eggs, meats, poultry and fish. Nuts, cereals, peas and beans provide protein of less high quality than that from animal sources.

CALCIUM: This helps to build and maintain bones and teeth. Milk, cheese and certain green leafy vegetables are good sources of this.

PHOSPHOROUS: which

BURNSVILLE DIVIDES DOUBLE HEADER WITH MICAVILLE

Burnsville and Micaville high school basket ball teams played on the Micaville court Wednesday night. Burnsville boys licked Micaville while the Micaville girls led in the girls' game.

Girls Game

Score 26-16
Line up: Micaville—Ray 4, Hughes 6, Thomas 16; Wilson, Brinkley, Boone.

Burnsville—Hensley 6, Wilson 6, Brown 4; Adkins Hughes, Griffith.

Boys Game

Score 17-11
Line up: Burnsville—Price 2, Westall 9, McIntosh 4, Cassida, J. Bailey, 2
Subs: D. Bailey, McCourry.
Micaville—Young 1, Hughes 1, Sparks 2, Branch 4, McMahan 3, Harris, Ray.

CAR OWNERS MUST DISPOSE OF IDLE TIRES

Yancey County autoists must dispose of any tires they own in excess of the permissible five per car before December 12 in order to retain their right to hold mileage rations, Wm. B. Wray, chairman of the local War Price and Rationing Board, declared today.

"We urgently request that these excess tires be turned over to the Government at once," said Mr. Wray. "But in any event owners must get rid of them by December 12. Any vehicle operator without a tire inspection record on that date will be in violation of the mileage regulations."

Tire inspection records will not be granted car owners who have listed more than five tires on the application form to which the record is attached. In the Eastern Area, where rationing has been in effect since last July, these forms are to be picked up by autoists, filled out and mailed to local War Price and Rationing Boards.

Car owners who listed more than five tires per car on their application form will be required to show proof that these tires have been disposed of under the Government's Idle Tire Plan. The tire inspection record will be returned to the applicant.

A receipt showing that he has turned them over to the Railway Express Agency will be acceptable as such proof. Or the applicant may show that he has turned in unserviceable tires for scrap.

All excess tires, even scrap tires, must be disposed of. Under the Government's Idle Tire Purchase Plan, the local office of the Railway Express Agency will collect all serviceable tires and leave a receipt. The Government will send a check later covering the price of the tire, or tires. Tires beyond repair should be disposed of through a local scrap dealer or salvage committee.

A WORD OF THANKS AND APPRECIATION

The undersigned has been requested by the Democratic Candidates for the various Public Offices of Yancey County to express and convey to all the voters who supported and voted for them on November 3rd their sincere thanks and appreciation. They deeply appreciate the majorities which they received.

They have expressed to the undersigned their desire after taking office on the first Monday in December, to faithfully perform the duties of their respective offices and to be the public servants of all the people of Yancey County. Since they will be your servants in the various offices of Yancey County to which they were elected, after the first Monday in December, they invite you to call upon them and to lend your support and encouragement in the faithful performance of the duties of their offices.

C. P. Randolph, Chairman of Yancey County Executive Committee.
