MORE PULPWOOD WANTED FROM NORTH CAROLINA FARMS

Sharpen the axe. Pile the saw. Begin cutting more pulpwood for Uncle Sam. These are suggestions made to North Carolina growers by R. W. Graeber, extension forester at N. C. State College.

The nation needs 13,000,000 cords of pulpwood in 1943 to fill the requirements of the armed services and civilians. The farmer is asked by those in charge of war activities to enlist his saw and axe, his muscle and his woodlands, in the fight to win the war.

Military requirements for pulpwood are many. It is needed for making smokeless powder; in rayon for parachutes; in medicinal products for treating sick and wounded soldiers; as blueprint paper for the planning of ships and planes; as paper for shell cases; and in a thousand other new and old wartime uses.

Of the recent African invasion convoy of about 800 ships, approximately 300 were warships and 500 were transports, which were loaded with troops and supplies. Much of these supplies were protected by shipping containers made from trees. New multi-walled bags made of paper are replacing metal drums. More and more products are being shipped in kraft paper bags.

There will be a shortage of pulpwood, according to Graeber, unless every farmer with a woodlot takes time to serve his country with saw, axe, team and truck. Woods operations fit well with other farm work.

TOLEDO NEWS

Miss Osma Newton visited in Burnsville Saturday on business.

Ed Wallace accompanied his daughter, Mrs. Garrett Huskins and family to Greenville, S. C. where he will spend several days.

Mrs. Hugh Gornito, Sammy and little Jeanette Sue were guests on Sunday of Mrs. W. M. Randolph.

BEEES NEED SPECIAL CARE

Beekeepers of North Carolina "should exert the fullest possible effort in controlling bee diseases and seeing to it that their bees have proper care and attention this year," P. G. Craddock, State Apiary Inspector with the State Department of Agriculture, declared in pointing out that indifferent care may reduce the neat profits possible in honey this year.

In localities where bee diseases are present, effective disease control is essential in order to have the bees in condition to produce maximum crops of honey. Control of disease and proper application of other good beekeeping practices will insure strong colonies of bees, which will produce ample honey if the nectar is available.

Craddock is of the opinion that the two principal diseases affecting bees in North Carolina are American foulbrood and the European foulbrood. Both are diseases which affect the brood of young bees before they have hatched from the comb.

In order to detect the presence of either of these diseases, it is necessary to examine first the brood combs. The first indication of the disease is usually a few scattered cells of dead brood. As the disease progresses, more and more of the larvae will be found dead until all of them will die before hatching from the comb. The entire colony then becomes weaker and finally dies.

Plans should also be made to feed any bees that may need it. If colonies are to be in "prime condition for the honey flow, it is necessary that they have ample food to build on during March and April, and in the mountains in May.

Craddock suggested that any beekeepers of the State needing assistance in diagnosing the various diseases affecting their bees get in touch with him by writing the Apiary Inspector, State Department of Agriculture, Raleigh.

... was Wednesday. ... died March 1, 1943 at his home at Phipps Creek after being ill for two weeks.

He was 13 years and 4 days old. He is survived by his parents, Mr. and Mrs. Sam Chrisawn and one sister, Bertie Chrisawn. Funeral services were conducted by the neighbors and friends. Burial was in the family cemetery on Phipps Creek. He will be greatly missed by all his friends and relatives, but we know he has a better home that had been prepared for him.

PHIPPS CREEK

Mrs. Charles Fender was visiting Mr. and Mrs. Rassie Waycaster. Talmage Hensley has been home a few days from Newport News. Joe Ray was visiting Mr. and Mrs. R. A. Bailey Wednesday. Mr. and Mrs. Jeff Phillips and Mr. and Mrs. Rotha Bailey and family were visiting Mr. and Mrs. Walt Edwards Sunday. We are sorry that Mr. and Mrs. Merritt Banks have moved away. Mrs. Rassie Waycaster had to return to the hospital for treatment but is back at home now much improved. Mr. and Mrs. Sam Chrisawn and daughter spent several days visiting relatives at Burnsville. Mr. and Mrs. T. J. Phillips have moved back home after spending several months in California. Mr. and Mrs. Merritt Banks have gone to Wilmington where Mr. Banks will be employed. Talmage (Booster) Hensley has gone to the army. He has been employed in Virginia. Ben Ball is now stationed at Camp Lee, Va. Forest Shepherd is stationed in Florida. Mrs. Ray Stiles spent the week end with her husband, Pvt. Ray Stiles who is stationed at Camp Sibert, Ala.

CATTLE

Raleigh, N. C., March 8—There are five per cent more cattle on North Carolina farms than a year ago despite heavy slaughter and sales brought on by favorable prices. The value of this livestock is up 37 per cent over 1942. The average head of cattle in this State is worth \$57.74, according to figures released recently by Frank Parker, statistician with the State Department of Agriculture. The number of sheep in the State, which dropped from 220,000 in 1900 to 51,000 last year, is up ten per cent. This is the first time since 1929 that there has been an increase in sheep-raising. Total value of all North Carolina livestock is \$39,034,000.

SHOES

About fifteen million more pairs of "durable" wartime shoes for civilians will be produced this year than last. Many peacetime types will be discontinued for the duration of the war. BUY WAR BONDS

RESOLUTION
 Burnsville, N. C. March 2, 1943

WHEREAS, Honorable Henry L. Ingram, Asheville, North Carolina, rendered the most enlightened and distinguished service to his community, to the State twice as State Senator, and to the Nation as Commander for the Legion of North Carolina, and in many other capacities; and

WHEREAS, the Earl Horton Post of the American Legion, Number 122, Burnsville, North Carolina, and the Auxiliary, as bodies and severally as individuals, desire to give public expression to their admiration and highest esteem for his magnetic personal qualities, his sterling worth, his abounding patriotism, his unflinching zeal in advancing the public interest, his sacrifice of his time and himself, and his continuous and unstinted devotion to the highest ideals of America; now be it

Resolved, That we express our profound sympathy to Mrs. Henry L. Ingram and their two young sons in the sudden and untimely passing of Henry L. Ingram, our beloved Commander, whose work and life will be an enduring monument to the influences and forces that give permanence and stability to the noblest traditions and the most exalted leadership in our beloved country and will be an inspiration to lead us on to nobler thinking and higher endeavor; and be it further

Resolved, That a copy of this resolution be filed in the permanent records of the Earl Horton Post of the American Legion, Number 122, and the Auxiliary, a copy be furnished the press for publication, and a copy be mailed to the family of Henry L. Ingram. Done by order of the Earl Horton Post of the American Legion and the Auxiliary, this March 2, 1943.

J. H. Ray, Commander; Mrs. C. R. Hamrick, President, James Hutchins, Committee.

PEANUTS

It is reported that a substantial number of peanut pickers, which were manufactured in 1942, will be made available for distribution in 1943. Efforts will be made to have more pickers manufactured this year.

One of the most essential articles of equipment for our soldiers is his canteen. In equatorial countries and in other warm climates they are particularly important to the welfare of our fighting men.

The canteen, now being largely manufactured of plastics, costs about 43 cents. The canvas cover . . . about 41 cents or 84 cents in all. Your purchases of War Bonds, or People's Bonds, will buy many of these for our men in the Solomons or in Africa where they are badly needed. Buy War Bonds every payday . . . at least ten percent of your income . . . through a Payroll Savings plan. U. S. Treasury Department

WAR BONDS
 ★

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a .45-caliber weapon.

The new gun used by the paratroops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. You can help buy these for our Boys in the Solomons and elsewhere with your purchase of War Bonds. Join the Payroll Savings Plan and let's "Top that ten percent." U. S. Treasury Department

CONTAINERS

Wooden containers for shipping fresh fruits and vegetables are being standardized to conserve lumber, metals, and manpower. The amount of wooden containers available will not be reduced.

CARD OF THANKS

We wish to thank the many friends and neighbors who were so kind to us during the illness and death of our son. Mr. and Mrs. Sam Chrisawn.

"THIS year... I'm giving double!"

WAR FUND

Indicative of the spirit with which Americans will respond to the 1943 Red Cross War Fund appeal is this poster by Wendell Kling, noted illustrator. The cheerful individual pictured is proudly displaying the new Red Cross lapel tag, made from paper to help conserve metal for the war effort.

LET IT BE WRITTEN:
 "Everything was done perfectly." Every detail of the funeral service is taken care of, and carried out in a way to make it a fitting tribute to the departed.
