

**THE YANCEY RECORD**

ESTABLISHED JULY, 1936

Editor Mrs. C. R. Hamrick

Published Every Thursday By  
**YANCEY PUBLISHING CO.**

A Partnership

Entered as second-class matter November 11th, 1936, at the Post Office, at Burnsville, North Carolina, under the Act of March 3, 1879.

**CLINIC SCHEDULES FOR YANCEY COUNTY**

On every Tuesday from 9 to 12 A. M. Vaccination or immunization for typhoid, diphtheria, whooping cough, and smallpox, will be given at the Burnsville Health Department. Please come at that time.

Typhoid Clinics for Yancey county will be held at the following places on dates given, by Mrs. Hazel Beaver, county nurse for Yancey county.

For those who had three doses last year, one dose yearly will be given. This confers lasting immunity. Others should have three doses this year, then one dose each year following.

Diphtheria toxoid will also be given to babies from 6 months old up to 9 years old:

Vixen, Horace Ray's Store, 10:30 to 11:30 A. M.  
Bowlins Creek, 9:30 to 10:30 A. M.

**POTATO GROWERS**

Raleigh, N. C., June 26—Randal B. Etheridge, head of the markets division of the State Department of Agriculture, has cautioned potato producers of this State against the careless handling of their crop. Etheridge declared that within recent weeks there has been a great loss of potatoes on northern markets because of the use of improper methods of marketing.

"We have quite a few inexperienced potato producers this year," said Etheridge, "and because of the fact that almost all potatoes are bringing the ceiling price, many of these growers are not exercising sufficient care in the handling of their potatoes."

Pointing out that potatoes will not stand excessive heat, he said that they should be dug only in the afternoon and evening. Hauling should begin early in the morning and should be completed before heat can affect the quality of the product.

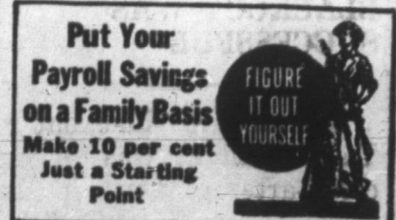

"We have found that it is wise to expose the potatoes to the night air, so that they may become cool

**NO MORE FIELD DAYS FOR DURATION OF WAR**

Raleigh, June 26.—There will be no more field days held at the various farms throughout the State for the duration of the war, Commissioner of Agriculture W. Kerr Scott has announced.

"The little gas which is available for the farmer is needed to bring his products to market and the pigs we barbecue for these events are needed more somewhere else," said Scott.

Special instructional programs in line with increased production goals for the war effort will be held from time to time, the Commissioner explained.

enough for hauling. Potatoes harvested at this time of the year are especially tender and should not be thrown into piles for this practice leads to skinning and bruising."

**WAR PRISONERS NEW BULLETIN IS LAUNCHED**

Red Cross Publication Going to Next of Kin of Prisoners of War

Washington, D. C.—The American Red Cross is mailing the first copies of a new publication, "Prisoners of War Bulletin," to the next of kin of American military men, civilian internees and merchant seamen who have been reported officially as being prisoners of war.

In a foreword addressed to the relatives of war prisoners, Chairman Norman H. Davis said: "Our purpose in issuing this Bulletin is to give information, consistent with war conditions, about American prisoners of war and the methods for providing aid and comfort to them—paramount responsibilities of the American Red Cross.

"We hope that anxious relatives of our men and women who are held in prison or internment camps may find in these pages the answers to many questions. We believe it is important for them to have an understanding of the international treaties which govern the treatment of prisoners of war. The limitations upon communications, imposed by war, which cause grief and anxiety, will be better understood after a perusal of these pages. We trust it will be possible to bring comfort to many through an exchange of correspondence from prisoners whereby wider knowledge of conditions in many prison camps may be obtained.

"I wish to emphasize that one of the primary services of the international organization of the Red Cross is the protection of the lives and health of prisoners of war. The Red Cross, therefore, renews to you its pledge to utilize every resource to deliver to American prisoners of war the supplementary assistance in the form of food, clothing, and comfort articles upon which their health and welfare may depend.

"Channels of relief for American prisoners of war in Europe are operating smoothly. Despite difficulties which at times have appeared overwhelming, the American Red Cross and the governmental agencies have continued negotiations seeking to open relief channels to our prisoners in the Far East. I assure you we will never abandon the effort to reach every prisoner of ours no matter where he may be held."

**PASTORS MEETING**

On account of Rev. Hughes having to be in the hospital, all pastors are requested to meet at Rev. R. C. Arrowood's home on Monday night, 8:30 for the regular pastors' round table discussion conference.

**AMATEUR CONTEST**

A big amateur contest will be held at the courthouse in Burnsville Saturday night, July 17. This program will be the biggest and best program of its kind ever to be staged in Burnsville. Players from all sections of the county will be here to play and sing for you and we are sure you will enjoy the program a lot.

We invite each and every one of you to come. All players are invited to play for one of the many cash prizes.

In order to make it convenient for you to get on the program if you wish to play, we urge you to get in touch with the Farmers Federation in Burnsville and they can give you information concerning the prizes, etc. The Federation is not putting the show on but is merely giving the information on the program. The show will start at dark. Admission is 15 and 25c.

I assure you we will never abandon the effort to reach every prisoner of ours no matter where he may be held."

**-- GARDEN CORNER --**

Dear Editor:

By now those of us who have not weariend with well doing should have fine gardens and feel amply repaid for hours spent in the sun, seeing one's hands fast becoming a manicurist's night mare.

But plant and still plant. There is no rest for the conscientious gardner. Keep putting in seed until July tenth. Where the pea vines have been taken out, plant some vegetable not in the same family.

I have wondered what to do with parsley when one raises an abundance of it. Now we can drink it and gain its benefits, for I am told it helps those with high blood pressure. For parsley soup, grind a large bunch of parsley with two onions and a few radishes, if you have them. There should be a cup full of the puree. Add two and a quarter cups of milk, salt and pepper and let simmer until flavors blend. It's good, but maybe we like anything.

Nothing like picking wild strawberries to show up one's age. As a test of endurance and patience it should be included in commando training. It has its advantages; a quiet time for retrospect while on a

high, grassy slope with only the distant cow bells for company and later, strawberry shortcake on a Winter's night-unequaled for fineness of flavor.

My startled eye just noticed an advertisement offering stew at ten cents a pound, roast at fifteen and lots of nice five cent items. I picked up the paper hurriedly from the floor. The date was December 10, 1935. Edward had just abdicated, skirts were below the calf of the leg and no alluring offers in the help wanted column. I was rudely awakened from nostralgic dreams of meat.

A change from meat diet to one of cereals is predicted for us anyway. Cereals are to be stretched to the last ounce by feeding directly to people instead of to live stock, if Gov. Dewey of New York has his way (The average hog takes seven pounds of corn to produce one pound of meat).

Be sure to attend one of the neighborhood canning demonstrations being held by Mrs. Goodman who will show you the latest and best methods of canning in connection with the State and County Defense Councils.

Your rural correspondent, Fannie Farmer.

**DRIVERS LICENSE FOR 15 YEAR OLDS**

Driver's licenses were granted to twelve hundred and ninety-five fifteen year olds during April and May.

An interesting fact in the tabulation kept by the Division is the relatively large number of young girls licensed. Approximately one out of every 12 was a 15 year old girl. The small number of negroes licensed in this age group is also interesting, since only one out of every 54 was in this racial group.

Commenting on the driving record to date of this age group, Ronald Hocutt, Director of the Highway Safety Division says:

"The Division is maintaining a separate record file on the 15 year olds licensed, and to date no accident report has been received by the Division involving a licensed 15 year old."

"I want to urge all 15 year old licensed drivers to keep up their good record," stated the Safety Director, "and keep ever in mind that the safe driver is the best driver."

The 1943 General Assembly amended the Uniform Driver's License Act authorizing the Department of Motor Vehicles to issue driver's license to persons 15 years old. Persons in this age group are restricted to operating vehicles "not over one and one-half tons in weight". They are also not permitted to operate vehicles hauling inflammable fluids such as gasoline, kerosene, etc.—nor explosives such as dynamite, etc.

Since the question has often been asked regarding the operation of a school bus by a licensed 15 year old, Mr. Hocutt calls special attention to the fact that a school bus weighs much more than one and one-half tons, therefore, may not legally be operated by a person only 15 years old.

North Carolina Highway Safety Division, Department of Motor Vehicles.

**LAPEL BUTTONS FOR 17 YEAR OLD AVIATION CADET RESERVISTS**

Atlanta, Ga., June 26—Young men 17 years of age who have enlisted in the Air Corps Enlisted Reserve will receive a handsome silver-finished lapel button to wear with their civilian dress until they are 18 and are called for active duty for training as an Aviation Cadet, Headquarters, Fourth Service Command announced today.

These air-minded young men will be identified by the lapel button, and upon qualifying as an Air Corps enlisted reservist, each one will receive his lapel button through the mail from Major General William Bryden, Commanding General of the Fourth Service Command.

This individual receipt of the Aviation Cadet "wings" insure against unqualified people wearing the buttons.

**NOTICE**

Due to a very serious accident the Hilliard Quartet could not be at Riverside Sunday night, June 27, as was stated in the paper last week. But they will sing at Riverside church Sunday night, July 4 9:00 p. m. Everyone is cordially invited to attend.

**CANE RIVER NEWS**

Mr. and Mrs. G. A. Fender and family were visiting relatives at Bald Mountain Sunday.

Rev. Edd Riddle went to Bee Log Sunday to preach. Pvt. Buster Riddle was home from Camp Davis, N. C. last week visiting his parents, Mr. and Mrs. Edd Riddle.

Mrs. Lela Sams and daughter visited relatives at Bald Creek during the week end.

**NO CAMERAS**

Atlanta, Ga., June 26.—Going to the beach? Well, don't bother to take your camera or binoculars with you, for they will just be something else to carry and you won't be allowed to use them.

Headquarters, Fourth Service Command reminded the general public today that public Proclamations No. 2 and No. 3 of the Eastern Defense Command forbid taking pictures or using binoculars in restricted areas along the Atlantic Sea Coast, including most ocean beaches from Maine to Florida.

The proclamations, dated September 7 and December 21, 1942, state in part that "no person not in the armed forces or a member of an enforcement agency engaged in the performance of his official duties shall use or operate at any time" or place within any of the zones—any camera, any binocular, field glass, or similar instrument in the nature of visual aid, or any signal device."

Coast Guardsmen, Army patrols, and local authorities enforce these orders. So, you will save not only yourself but those charged with enforcing the order a lot of trouble if you leave the camera and binoculars at home.

**COMPLETES N. Y. A. TRAINING**

Bruce Watts of Bee Log has completed training at the N. Y. A. War Production center, Asheville and is now employed in Richmond, Calif.

Great Britain has almost two million "allotment" or community war gardens.

**NOTICE**

On June 24th, 1943, there was announced in the Yancey Record that I was engaged to be married to Daphne Williams of Burnsville, N. C. Rt. 1.

I want to take this means to say that this was untrue and I do not appreciate the person or persons who had this announcement printed. Signed, Clifton Wheeler.

**RIVERSIDE NEWS**

Mrs. Sue Etta-Wilson was called to High Point last week on account of the illness of her daughter, Mrs. Robert Sparks.

Mrs. Tom Robertson and daughter of Erwin, Tenn. are visiting friends and relatives here.

Mr. and Mrs. Louis Melton and children of Asheville spent the week end with Mr. and Mrs. D. R. McKinney.

Misses Margaret Allen and Bonnie Gordon of Biltmore hospital were home for the week end.

Pvt. Ralph Beaver is in for a short leave.

Mrs. Ella McKinney is visiting her daughter, Mrs. Glenn Brooks of Asheville who is improving rapidly.

**BUY WAR BONDS**

Figure It Out Yourself. How can you effectively join in saving all the little children of the world from human slavery, death and injury from the Nazis and Japanese? Put more and more of your pay into war bonds every payday. Your savings will go to war in the form of war equipment and other munitions. How much more should you put into war bonds? The only ones who can answer that are—you and your family. It's up to you to decide just how much more you'll do to win the war. If you were fighting in the Solomons or in Africa or forcing a landing in Europe you'd like to feel that the folks at home were back of you—all the way—you'd be proud of your family and your friends if you knew they were buying war bonds not at 10 per cent or 15 per cent, but with every cent beyond that which they need for necessities. U. S. Treasury Department
