THIS COMMUNITY HAS A SPECIAL WAR JOB

THIS COMMUNITY is on the spot!
We are in a pulpwood growing section and there is now a pulpwood shortage. The country needs vast quantities of pulpwood for explosives, rayon parachutes, gas mask filters, shipping containers and a thousand other uses — yet some of the mills that make these things are actually shutting down for lack of wood.

This is a desperate situation — a war emergency. Something must be done QUICKLY!

And only we who live in the pulpwood cutting areas can do anything about it.

This is OUR responsibility.

How the problem can be solved

Mr. Donald M. Nelson, Chairman of the War Production Board, gave the key to the solution in the following statement:

"If every one of the more than 3,800,000 farmers in the 27 pulpwood producing states were to devote 3 EXTRA days in 1943 to cutting pulpwood, we could overcome the threatened 2,500,000 cord shortage with wood to spare."

Will you enlist for 3 EXTRA days?

If you are now cutting pulpwood part time; if you have cut it in the past; or if you have never cut it but know how to use an axe and saw, will you pledge 3 EXTRA days (at regular pay) to meet Mr. Nelson's challenge?

Fill in the coupon. Mail it to this newspaper and you will receive the pledge badge which identifies you as a Victory Pulpwood Cutter.

This is a war emergency.

SEND FOR THIS BADGE TODAY

CHAIRMAN, NEWSPAPER PULPWOOD CAMPAIGN
THE YANCEY RECORD, Burnsville, N. C.

I pledge myself to work at least 3 EXTRA days during the balance of 1943 cutting pulpwood. Please send me the campaign badge which this pledge entitles me to wear.
