TOWN AND FARM IN WARTIME

Sugar Ration Remains Same

Sugar rations for home use will remain the same for another two and one-half months, according to the Office of Price Administration. Sugar Stamp number 30 in War Ration Book Four becomes valid on January 16, and will be good for buying five pounds of sugar through the end of March. Sugar stamp 29, now in use, is good through January 15.

Plenty of Anti-Freeze

The nation's motorists are being oversold on anti-freeze and told of shortages that do not exist, according to the War Production Board. Production of alcohol anti-freeze for this winter is 50 percent more than last, WPB said, and asked motorists to watch their own needs and not to overload. Alcohol from which anti-freeze is made is a critical war material.

Use Copper in Tractor Radiators

Restrictions on the use of copper in farm tractor radiator fins and power take-off gears have been removed by WPB. These uses of copper, particularly in radiators, not only will reduce time of manufacture of farm tractors, but will improve their field performance.

Tire, Tube Supply Still Low

Tire and tube quotas for January reflect the continuing shortage. The quota of 276,629 new truck tires is 13,890 less than the December figure, and the quota of 230,400 new truck tubes is 27,787 under the December figure. Similarly, a lessening in demand which usually occurs during the colder months accounts for lower January quotas for farm tractor and farm implement tires and tubes. The tires quota is 27,600—lower by 4,600 than the December figure, while the January tube quota is 23,000—lower by 9,200.

To Get More Children's Wear

To insure sufficient production of infants' and children's wear, the indus-

try has been included by the War Manpower Commission in its list of essential activities. Also, WPB has ordered approximately 18 million yards of cotton fabrics set aside for the manufacture of certain specified items of infants' and children's clothing. Worsted and cotton yarn will be allocated for manufacture of knitted outerwear and infants' ribbed long hose, half socks, and anklets. Such goods will not arrive on retail counters until February and March.

Ration Tokens for Retailers

Retailers selling rationed foods should file their applications for ration tokens by Saturday, January 8, to be sure of having a supply when the token plan starts February 27, OPA says. The application form is being distributed to retailers by trade associations and also is available at local rationing boards.

Prices up on Grape Products

Because of increased 1943 fruit costs, the retail price of Concord grape juice will increase approximately three cents a quart and of grape jams and preserves from two to three cents a pound jar under a new pricing formula set up by OPA for processors.

Changes in Stove Rationing

Eligibility requirements for rationed heating stoves have been widened. A consumer who has a heating or cooking stove that cannot be used satisfactorily is now eligible for a stove rationing certificate. Ration certificates also may be issued for stoves to heat premises where essential community activities, such as volunteer Red Cross work, are carried on. A ration certificate now may be issued to a landlord who wishes to buy a stove for the use of an eligible tenant.

Rubber Heel Prices Set

Retail ceiling prices of 10 cents and 15 cents a pair on rubber heels sold to consumers who desire to attach them to shoes in their own homes have been established by OPA.

Health Department News

There have been a number of communicable diseases recently that have not been reported to the Health department. Consequently, an epidemic of whooping cough has resulted, several cases of scarlet fever have occurred that might have been prevented. Your children have missed days in school that cannot be made up.

Therefore, we are asking every person in the community who knows of a case of communicable disease anywhere in the county to let us know as soon as possible. These diseases are: Scarlet Fever, Whooping Cough, Flu, Septic Sore Throat, Diphtheria, etc. Any time there is any doubt as to just what the disease is, call your private doctor and he will tell you how to take care of yourself.

TOLEDO NEWS

Mrs. J. W. Case of Asheville accompanied by her son James, who has lately returned from North Africa, spent Sunday with her sister, Mrs. J. C. Turner.

Miss Elvie Fox made a Christmas visit to Marbleton and spent a week with her uncle, Mr. Mose Fox. George Robinson and family have moved to the Ramsey house and Calvin Robinson and family have moved to the Dave Bailey place which he had bought.

Sunday the 26th the Joy gift service was observed at Harris Memorial church and a collection taken for the aged ministers.

cuperating from illness or wounds received while on active duty, OPA has announced that they may be issued special gasoline rations for use in traveling to and from their homes or other places of convalescence. This special ration will be issued upon presentation of leave papers to a local rationing board and a letter from the attending medical officer certifying that transportation by automobile, rather than by any other means, will materially assist in the recovery of the serviceman's health.

Chicken Dinners For Servicemen

Freezer stocks of chickens and fowl (hens) placed in storage up to December 30 have been set aside by WFA for purchase by the Armed Forces, the War Shipping Administration and other governmental agencies. The order, FDO 9, affects dealers, restaurant and hotel operators, producers, processors, wholesalers, retailers and all other owners of frozen chickens except owners of less than 3,000 pounds and owners of chickens held in individual "family" locker space. Holders are required to report their holdings to a designated U. S. Army Quartermaster. Market Centers within 10 days. Chicken is a part of the Army's master menu for Sunday "chow" at least twice a month and a vital part of the diet in military hospitals.

To Sell Some Shoes

Some women's footwear, mostly novelty types, will be sold ration-free at \$3 or less a pair from January 17 through January 23. This does not mean that the shoe supply picture has improved. It is intended to help dealers dispose of limited quantities of wearable shoes which have been lying on the shelves.

TERRACE LANDS IN WINTER MONTHS

During the winter is a good time for building terraces and they should be used on all fields where the slopes are steeper than 4 per cent, recommends David S. Weaver, head of the agricultural engineering department at N. C. State College.

He points out that terraces reduce the speed of water flowing down the hill, lowering the amount of run-off and the carrying capacity of the water. The faster the water travels, the more soil it can carry, stripping fertile soil from rolling areas and depositing it in the stream beds or lower flat areas.

He calls attention to the fact that the basic principles of terracing are the same today as when they were announced by P. H. Mangum of Wake Forest in 1895. Some changes have been made in methods of terrace building but the principles remain the same.

"Many counties have terracing units, which have rendered valuable service, and increased interest has been shown in terracing in recent years, but still there are many thousands of acres which should be properly terraced," Weaver says.

Terracing, combined with cover crops and proper crop rotations, can greatly increase yields and improve the value of lands that are now losing more and more of their top soil each year.

Proper terracing requires the services of a man trained in the use of a modern level. Not only is the proper lay-out of the terrace essential but it must also be properly built and maintained. "Terraces too small in cross section and without sufficient carrying capacity may prove to be more harmful than beneficial," Weaver says.

Farmers wishing help with their terracing problems should contact their county agents.

ENROLLMENT

Raleigh, Jan. 3.—More than 750 students registered for the winter term at State College, Registrar W. L. Mayer reported today.

The number of students enrolling exceeded the expectations of the college authorities, Mayer said. He predicted that approximately 100 more students would matriculate during the remainder of the week, swelling the total civilian enrollment to about 850. State College's normal peace-time enrollment was approximately 2,500.

"Bombs Away!" These bombs are leaving an American "fortress," somewhere over Jap installations. The bombs we make today will be dropping on German cities, Japanese islands in a very short time. The home front must fashion them and pay for them with War Bonds. U. S. Treasury Department

When you buy War Bonds your money goes into action at once. Where, we may never know. Maybe, as shown above, to equip a company of American Rangers marching up a railroad somewhere on the Mediterranean. Whether they come back depends upon the equipment we send. Give your dollars action: Buy More War Bonds. U. S. Treasury Department

BONDS OVER AMERICA

Children play in Father's Park of Vancouver, Washington, beneath a heroic statue dedicated to the pioneer woman who came with their husbands and children into the North West country, newly opened after the Lewis and Clark expedition.

Pioneer Woman

There is little cause for mirth in occupied Europe and even the children have little stomach for play. Millions have been orphaned by Nazi guns or labor camps; all are undernourished and will bear the scars of this war to their dying day.

Prepare for Peace; Buy War Bonds

THROUGH 1944

As in past years we shall be glad to offer every service, consistent with good banking practice, to the people of this community. Their success through the year, and the well-being and development of the community are of concern and interest to us; and we seek their cooperation and good will.

AMERICAN HEROES
 BY LEFF

Private Raymond R. Judd, of Navarre, Ohio, volunteered to swim the swollen and rapid Konombi River, New Guinea, in broad daylight, under heavy enemy fire. Armed only with a pistol and hand grenades, he assisted in towing a rope to the opposite bank to aid the crossing of the river by a platoon of infantry who secured a bridgehead on the opposite shore. He has been awarded the D. S. Cross and is to buy the War Bonds! Give them for Christmas.
