### BURNSVILLE

#### "So They Say"

The weather: We don't believe that the Ground Hog caught a glimpse of his shadow last Tuesday so maybe the nice weather is going to last. Of course, maybe you don't believe the ground hog every time. . .

About town: Announcement of Paul Ayers' engagement to Mary Maue of Philadelphia, and she's most attractive! . . . New plant going up in west Burnsville, Johnson and Roberts lumber company. . . Sorry to hear that Mack B. Ray will soon be leaving us. Has already been accepted for the army. . . New girl in town—Margaret Poole at the Bank. . .

Do you know. . . Where on Main Street is there a service flag with five stars for five sons in service?

Yancey county was mentioned in last week's Life Magazine. Do you know what it was about?

And who is the Burnsville girl for whom a Flying Fortress is named? We have the story from one of the gunners who recently returned to his home in Texas after a number of

# THIS FARM BOY GAVE ALL... You are only asked to lend your money!

**LIEUTENANT (j.g.) PAUL BAKER**, Navy pilot, with five Jap aircraft to his credit in the day's fighting, was hovering over the aircraft carrier Lexington at dusk, waiting for the signal to land. His gas tanks were nearly empty. Suddenly, over the horizon Jap planes were spotted. It was feared the Japs might discover the Lexington and try a suicide attempt. Baker's order to land never came. His landing lights might have given the Lexington's position away. Without hesitation, Lieutenant Baker turned his plane away from the big carrier and headed for the open sea, luring the Japs after him. He disappeared into the night, never to be seen again. The Lexington was safe.

## You can buy extra Bonds!

Paul Baker had a big decision to make. It took him about two seconds.

We, at home, also have a decision to make. We are asked to buy extra War Bonds at once. Our boys at the front are depending on us in this Fourth War Loan. Our patriotic impulse is to say "yes" first and look around for the money afterwards. Let us obey that impulse! It will do us good in more ways than one!

Paul Baker sized his situation up in two seconds. . . and acted. We, whose duty is so trifling by comparison, need scarcely more time in which to do ours!

Think! We are asked to make an investment, not a sacrifice! We are asked to invest the money we would normally use to replace automobiles or farm machinery or repair buildings and fences. We are

asked to establish a depreciation reserve which will be available for replacements after the war; to build up a financial reserve for unfavorable years that may come later, or for the education of the children, unexpected hospital bills, or the payment of taxes and debts.

War Bonds are the best form of financial reserve ever offered you. Your money helps finance the war. By postponing unnecessary spending you speed production of planes and munitions to win the war. The gradual expenditure of your reserve after the war will provide jobs for returning soldiers and help stabilize the nation's finances in the postwar adjustment period.

Ask yourself: Have I a single, valid reason why I should not buy extra War Bonds? Then, like Paul Baker, make your decision and act!

Get ready for the day when Johnny comes marching home

If you have a boy in the service, think what it will mean to have him come back and share with you the joy of equipping the farm with the best tractors and other machinery. Think what it can mean for you to have the cash to put the children through college. Think what it can mean, a few years hence, to have new farm buildings or a new home or complete modern conveniences about the place.

To thousands upon thousands of farm and ranch owners who have bought extra War Bonds, these things are assured. For the first time in their lives they are going to be able to have the things they've wanted. Some of them are your neighbors. How about you?

### YOU NEVER GET LESS THAN YOU LEND

And you get  $\frac{1}{2}$  more than you invest

When held 10 years, Series E War Bonds yield 2.9% interest, compounded semi-annually. You get back \$4 for every \$3

#### CASH WHEN YOU NEED IT

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, your War Bonds are like money in the bank. Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. Don't hold back a single dollar unnecessarily from the purchase of War Bonds. YOUR HELP IS NEEDED.

The Fourth War Loan is on! Your dollars are needed as much by Uncle Sam as you will be needing them tomorrow.
