### BURNSVILLE—

#### "So They Say"

The weather: Rainy and cold. Not so much gardening going on this week.

About town: The answers to those questions first!

1. In the issue of Life Magazine a list of unusual names of places in the United States was given. This list included Bee Log.

2. The service flag with the five stars is in a window of the apartment over the A and M Cafe. Mr. and Mrs. I. M. Baucom of Green Mtn. moved to the apartment and the stars are for their five sons. Mr. and Mrs. Dave Whitson of Ramseytown also have five sons in service, and the Allens at Pensacola had six until one received a medical discharge recently.

Following is the letter we received about the Flying Fortress:

Yancey Record: I am the gunner in a flying fortress, which has seen a great deal of the fireworks over Berlin. I have been overseas for a number of months, until recently, when I was sent home. The rest of the crew are still with this ship. Maybe, you are wondering why I am writing this to you. Well, it is this way:

We, the members of the crew of a Flying Fortress, named "Mountain Beauty", agreed that it only fair we should tell the people of your county, and especially one young lady, why our ship was named "Mountain Beauty".

One night we had just returned from an excursion over parts unnamed. We had hit the target. We were proud, but we gave our ship the credit for bringing us back home safely, after taking us to our target. Up to then, we always referred to it as "her". One of the men, said, "Boys

that ship reminds me of a girl I knew in College back in North Carolina. She was quiet, but she did her work well; she was graceful and always well balanced, or we couldn't have hit the target, in short she was wonderful".

We began to wonder whether he was talking about the ship or the girl, we soon found out that it was both. He showed us a picture of a girl; she was attractive, she seemed very much alive, and a boy from Nebraska, said, "What a Mountain Beauty." Since then the ship has been called "Mountain Beauty." The girl is Margaret Whittington.

I promised to tell her for the boys, while I was home, but I've been unable to locate her, so will you please publish something about it in the local paper, so that her family can tell her wherever she is. I am passing through your town on a Bus this afternoon, and I shall mail this to you.

Edward J. Opletts, Dallas, Texas.

Mrs. Edna Honeycutt Taylor has been selected by the Postoffice Department in Washington, D. C. to assist in the mail room of the White House during the National Infantile Paralysis Fund Drive. Her duties consist of helping open President Roosevelt's mail and listing the amount of money sent in each letter for the fund. The work will last for approximately six weeks.

Mrs. Taylor is the youngest daughter of Mr. and Mrs. Wade Honeycutt of Jacks Creek. She lives with her young daughter, Sheila in Washington.

Mrs. Mandy Higgins who has been very ill for some time is improving some.

Annie Mae McAllister spent last week end with Mr. and Mrs. Arthur Silvers.

### LETTERS FROM MEN IN SERVICE

Yancey Record: I receive the paper regularly and it is just like getting a letter from home—always plenty of home news in it. My APO number has been changed but the rest is the same.

I have been away from home and in the army so long that I have lost track of many friends but the paper is a boon to me for it keeps me well posted on the latest happenings.

I have been over here well over a year and during all that time I have not seen anyone I know. I know plenty of my old friends are near. The nearest I know about is Jess Styles but I have been unable to see him. I keep trying.

Lt. Sam J. Huskins, Jr. is over here somewhere and if he tries as hard to find me as I have to find him we should get together soon. I am checking every Red Cross club but so far haven't seen a familiar name but I keep trying!

Thanks, and give my regards to all.

Cpl. Woodrow Ayers, England.

Note: Cpl. Ayers' search was rewarded. He wrote

friends here: "I found Jess Styles the other day. A very lucky break for both of us and we really were two happy home town boys getting together."

"I was the first person he had seen since entering service and same for me. We will not be together long but we will surely enjoy life as long as we are together here in England."

To The members of the Windom Baptist Church: I am thinking of you tonight and would like to write a few words to you. I sincerely hope you people are doing your very best for God.

I am anxious to know how the people around home are living. Not only there but throughout the country. Are we asking God from the very depths of our hearts to protect our people; are we living the lives our friends in service would like for us to live; do those in service ask the prayers of those back home?

Friends, if you are not living for God may I ask, what are you living for?

If ever we need to pray the time is now at hand. I have received many nice letters from dear friends back

home but very few say they are trusting in God.

If we expect to win this war we must first win peace with God, for we must look to Him for victory. Grant that we may all live closer to Him each day.

Cpl. Joseph Beaver, Camp Barkley, Texas.

Yancey Record: Well, how is everything coming along in Yancey? Guess everyone is getting set for the 1944 crops. Hope you'll raise plenty spuds for we do like them, especially peeling them, ha

Let's keep our shoulders to the wheel and work together and I am sure that by the help of God, Victory will soon come. Then we'll come back to help raise the spuds and court those pretty girls—Just kidding, so don't get me wrong.

I'm not very good on speeches or advice but let's keep our chins up and not worry too much as we can't win a war by worrying. We are proud of you folks back home for keeping things going along and keep the good work up.

Sgt. Quince V. Hill, c. Postmaster, New York.

Yancey Record: Thanks for the paper which I'm re-

ceiving regularly now. My outfit is completing Desert maneuvers here in the Mojave Desert in Southern California and Arizona. From here we don't know where—I hope it's overseas—As we all want a real taste of the real McCoy before its over.

So sorry to read of Uncle Don Young's death. He was one of my dearest friends. He will be missed by all the boys when they come home again.

Best wishes to all my folks and friends back home.

Pfc. Royce Brinkley, Co. I 378th Inf. APO 95 Los Angeles, Cal.

Yancey Record: I have been receiving the paper every week and enjoy reading it very much. I have changed my address and would like for you to send the paper here and I will receive it much sooner. Thank you.

Sgt. Hiram Wilson 620th T. S. S Bks 1438, Truax Field, Madison 77, Wis.

# THIS FARM BOY GAVE ALL... You are only asked to lend your money!

LIEUTENANT (JG) PAUL BAKER, Navy pilot, with five Jap aircraft to his credit in the day's fighting, is hovering over the aircraft carrier, Lexington, at sea, awaiting the signal to land. His gas tanks were nearly empty, suddenly, over the horizon Jap planes were spotted. It was feared the Japs might discover the Lexington and try a suicidal attempt. Baker's order to land never came. His landing lights did not have been lit. The Lexington's position was unknown. Lieutenant Baker turned his plane away from the carrier and headed for the open sea during the Japs' attack. The Lexington was safe.

## You can buy extra Bonds!

Paul Baker had a big decision to make. It took him about two seconds.

We, at home, also have a decision to make. We are asked to buy extra War Bonds at once. Our boy at the front is depending on us in this Fourth War Loan. Our patriotic impulses to say "yes" first and look around for the money afterwards. Let us obey that impulse! It will do us good in more ways than one!

Paul Baker sized his situation up in two seconds... and acted. We, whose duty is so trifling by comparison, need scarcely more time in which to do ours!

Think! We are asked to make an investment, not a sacrifice! We are asked to invest the money we would normally use to replace automobiles or farm machinery or repair buildings and fences. We are

asked to establish a depreciation reserve which will be available for replacement after the war; to build up a financial reserve for unfavorable years that may come later, or for the education of the children, unexpected hospital bills, or the payment of taxes and debts.

War Bonds are the best form of financial reserve ever offered you. Your money helps finance the war. By postponing unnecessary spending you speed production of planes and munitions to win the war. The gradual expenditure of your reserve after the war will provide jobs for returning soldiers and help stabilize the nation's finances in the postwar adjustment period.

Ask yourself: Have I a single valid reason why I should not buy extra War Bonds? Then, like Paul Baker, make your decision and act!

**YOU NEVER GET LESS THAN YOU LEND**  
And you get  $\frac{1}{2}$  more than you invest
