Anne Shirley has been created the most lovable heroine the world of fiction has ever known.

Matthew Cuthbert, who can't say that he does and can't say that he doesn't, is one of the finest, most humorous old bachelors ever presented.

Marilla Cuthbert, Matthew's stern sister, thaws out after Anne lives in their home for some time.

Other beautifully portrayed characters with heart-warming incidents are finely woven into the play.

IS IT AN IDLE DREAM?

Or Will Your War Bonds Make It Come True?

PLAN AHEAD NOW. Now's the time—when you're having to get along with all kinds of old equipment—to be making practical plans for your future. That's what thousands of foresighted people, on farms all over the country, are doing. They're saving their money against the day when a full line of new replacements will be available again. And the wise ones are saving it in War Bonds.

BACK YOUR PLANS WITH WAR BONDS. War Bonds are the best and safest way to invest your money against your future needs. The money you lend to the Government now, for war uses, will come back to you—\$4 for every \$3 you put in—at maturity. And it's such an easy way to save! Large or small denomination Bonds—which ever you want—can be bought at your bank or post office or Production Credit Association. Your rural mail carrier will get them for you—or you can buy by mail yourself when it's hard to get to town.

IT'S YOUR DUTY TO THE BOYS. Those youngsters—your boy and your neighbors' boys—are fighting to preserve our American way of living for us. And when it's over it'll be our job to help build a better peace for them. Don't let them come back to run-down farms,

with wornout equipment, and no means with which to do anything about it. That's where War Bonds come in. The money you put into them will help to establish the farm on a prosperous peacetime basis.

YOU NEVER GET LESS THAN YOU LEND! And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. BUY WAR BONDS!

FACTS ABOUT WAR BONDS (Series E)

You LEND Uncle Sam:	Upon Maturity you get back:

37.50	50.00
75.00	100.00

You can buy War Bonds from your bank, postmaster, rural mail carrier or Production Credit Association.

For America's future, for your future, for your children's future—keep on buying WAR BONDS
