BONDS FOR FREEDOM

AMERICAN HEROES

BY LEFF

When his platoon in New Guinea was pinned down by heavy enemy machine gun and rifle fire, Private Maurice L. Levy, of Chicago, sat for the night in the crotch of two big trees. He stopped six of the enemy during the night, and 19 more with the coming of daylight. Wounded four times and weak from loss of blood, he crawled down to safety. Back his bravery with another War Bond. The Christmas present with a future.

What a 4-H Club Daughter Taught a "War Worker" Father

"MY DAUGHTER HELEN came home the other day with the nicest dress she's ever had. She made it herself, as a 4-H Club project. I was mighty proud, and told her so."

"Do you know what this represents?" she asked with a twinkle in her eye. "It represents \$18.75 I didn't have to pay out of my egg money, and therefore it means another War Bond toward going to school."

"She taught me a lesson, all right. Guess I'd been thinking too much about the things that can't be done today, instead of all the things that can."

It's our part in this fight to keep the home front going with as little spending as possible, so that most of the country's money and productive strength can go into planes, ships and guns to win the war.

For instance, you can invest in War Bonds the money you would normally be paying out for new machinery—machinery you can't get today. Then you'll be ready for the day when new equipment will be on the market again.

War Bonds thus serve a double purpose. Today they buy "fighting tools" for our boys. Tomorrow they will help to "re-tool" the farm.

Thousands of owners and tenants on farms and ranches all over the country are already salting down their money in War Bonds against their future needs. Join them. Put every dollar you can spare into your future. Do it with War Bonds!

YOU NEVER GET LESS THAN YOU LEND! And you can get 1/2 more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. BUY WAR BONDS!

FACTS ABOUT WAR BONDS (Series E)	
You LEND Uncle Sam:	Upon Maturity you get back:
\$18.75	\$25.00
37.50	50.00
75.00	100.00
375.00	500.00
750.00	1000.00

You can buy War Bonds from your bank, postmaster, rural mail carrier or Production Credit Association.

For America's future, for your future, for your children's future—keep on buying WAR BONDS
