Hamrick—Arthur Robinson's Store
Seven Mile Ridge—Ballew's Store
Celo—Gibb's StoreYANCEY COUNTY
SCHOOL HEALTH
REPORT

The Health Department completed the school examinations in April. The 1st and 3rd grades in all schools were given a physical examination. We hope that the parents realize the importance of these school physical examinations. Many of these children have never been examined by a physician.

Six hundred and sixty children were examined. Ten of these children have heart murmurs, proving valvular heart disease. These are always serious and show need of attention to the child's teeth and tonsils, which cause most of these very serious conditions. Two children have facial paralysis, one has Chorea and one Arthritis (rheumatism).

The Schick Test to determine susceptibility to Diphtheria was given to the first three grades and to children in the higher grades who desired the test.

Those proving susceptible were given Toxoid or the parents were notified that the child was not protected.

All school children without a Smallpox scar were given smallpox vaccination.

Miss Shirley Styles, 3rd grade, Burnsville school, daughter of Mrs. Roosevelt Styles and the late Mr. Styles of Burnsville, showed no physical defects. Our congratulations to her and her mother.

Many other children were almost perfect, showing frequently small tooth cavities, unclean teeth or unclean hands. Next year we hope to have many more physically perfect children.

PULPWOOD PART OF
INVASION FORCES

As the might of the Allies is thrown against Hitler's European Fortress, pulpwood and the thousands of pulpwood cutters on the Home Front will have a part in driving back the Nazis from their ill-gotten claims.

Photographs of maneuvers in England show cargo planes dropping supplies by parachute on isolated ground troops. These supplies in actual combat will mean the difference between Victory and defeat, between life and death.

An examination of these air-borne cargoes would reveal the following items made of pulpwood:

Supply parachutes used to drop packages of food, medical supplies, and ammunition.

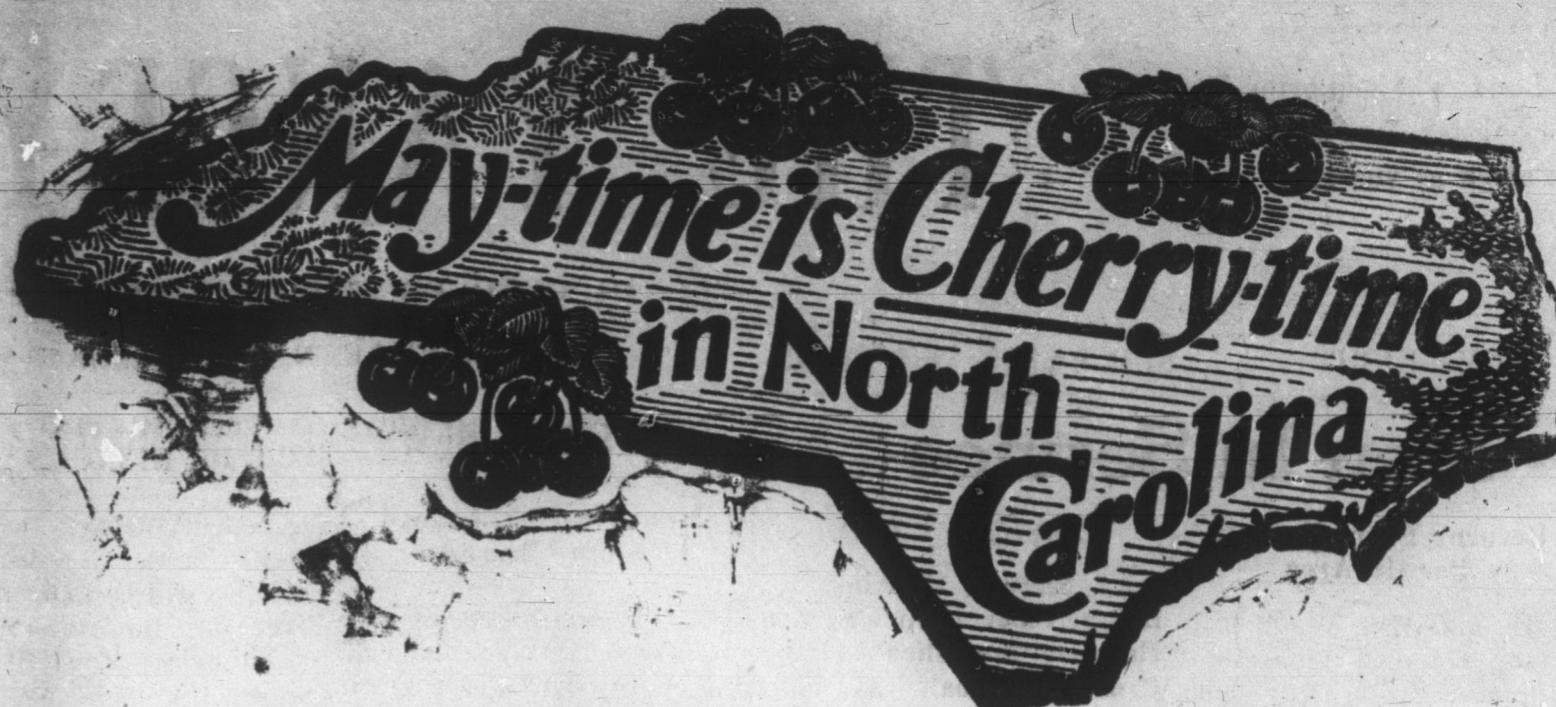

Cartons and wrappers in which the food is packed.

Surgical dressings and blood plasma containers to treat the wounded.

Smokeless powder packed in the rifle and machine gun shells.

Without pulpwood it would be difficult if not impossible to keep these advance units of our invasion

GREGG CHERRY FOR GOVERNOR

SCHEDULE OF FEES OF YANCEY COUNTY
BAR ASSOCIATION

At a special meeting in the office of the Clerk of the Superior Court, at 10:00 A. M., May 12, 1944, with the following members present: Charles Hutchins, D. R. Fouts, C. P. Randolph, E. L. Briggs, and Bill Atkins, when and where the following business was transacted:

The meeting was called to order by Charles Hutchins, President.

On motion the following schedule of fees were adopted, to wit:

—1—

That the minimum fee, where the fee is contingent, in all personal injury actions shall be one (1-3) third of the recovery, with or without action in the Superior Court.

—2—

That the minimum fee for filing complaints, answer, or demurrer in the Superior Court shall be \$35.00; for filing petition or appearing in special proceeding, the minimum fee shall be \$25.00, except cases taken on contingency.

—3—

That the minimum fee for appearing in any action in the Superior Court, other than capital felonies, shall be \$35.00, and in all capital cases the minimum fee shall be \$150.00.

—4—

That the minimum fee for appearing in the Courts of Justices of the Peace shall be \$10.00.

—5—

That the minimum fee for drafting deeds, deeds of trust, mortgages, leases and contracts shall be \$5.00.

—6—

That the minimum fee for preparing reports for administrators, executors and guardians shall be \$3.00.

—7—

That the minimum fee for abstracting titles, other than for the Federal Land Bank, shall be \$25.00; for furnishing legal opinion or certificate of title only, the minimum fee shall be \$15.00.

—8—

That the minimum fee for legal advice or consultation shall be \$5.00.

—9—

None of the above schedule shall prevent any member of the Bar from appearing for near relatives or close friends without fee.

Attention of the Bar was called to the fact that persons other than members of the Bar had been engaged in writing deeds, mortgages, etc. It was thereupon unanimously voted by the Yancey County Bar Association that the following provisions of law be cited and published in regard to the practice of law:

Consolidated Statutes of North Carolina, 1919, Sec. 198 provides:

"No Clerk of the Superior or Supreme Court, nor deputy or assistant clerk of said Courts, nor Register of Deeds, nor Sheriff, NOR ANY JUSTICE OF THE PEACE, nor County Commissioner shall practice law. Persons violating this provision shall be guilty of a misdemeanor and fined not less than \$200.00."

The above statute was amended by Chapter 177, Public Laws of 1941, as follows:

"Sec. 1. That section 198 of the Consolidated Statutes of North Carolina, of 1919, as amended be amended by adding at the end thereof the following:

"The phrase, practice law, as used herein is defined to be the performing of any legal service for any other person, firm or corporation, with or without compensation, specifically including the preparation of DEEDS, MORTGAGES, WILLS, TRUST INSTRUMENTS, REPORTS OF GUARDIANS, TRUSTEES, ADMINISTRATORS, OR EXECUTORS, ABSTRACTING OR PASSING UPON TITLES; THE PREPARATION AND FILING OF PETITIONS FOR USE IN ANY COURT, OR ASSISTING BY ADVICE, COUNSEL, OR OTHERWISE IN ANY SUCH LEGAL WORK, AND TO ADVISE, OR GIVE OPINION UPON THE LEGAL RIGHTS OF ANY PERSON, FIRM OR CORPORATION..."

Upon information to the Yancey County Bar Association that any person shall hereafter violate the foregoing provisions of law, the Bar Association shall take such steps in regard to the prosecution of such person or persons as the Bar may deem necessary.

ELK SHOAL NEWS

Dorothy Robertson visited her parents, Mr. and Mrs. Earl Robertson, this week. She is employed in the Southern Bell Telephone exchange, Asheville.

Mary Mathis who is employed in Erwin is visiting her parents, Mr. and Mrs. Roy Mathis.

Mrs. Hix Robertson has returned from Detroit where she has been visiting her husband.

URGE GREATER USE
OF NITRATE SODA

Raleigh, N. C., May 15.—In an attempt to create greater production of corn in North Carolina this year, the State Feed Advisory Committee is now urging farmers to use larger quantities of nitrate of soda, preferably 250 pounds to the acre. Representatives of various agricultural agencies in the State agreed to push a campaign to this end.

E. M. Hansen, of Raleigh, agronomist, recently presented experiments conducted by him last summer which showed that with nitrate of soda selling for \$40 per ton, the cost per bushel of increased yield was 21 cents—based on 220 pounds to the acre.

Hansen said the number of pounds of nitrate of soda required—on the average—to produce an extra bushel of corn was 10.6 pounds.

He explained that an acre of land which normally produced 23.4 bushels of corn, an application of 230 pounds of nitrate of soda increased the yield to 47.

Rupert C. Barnes, representative of the State War Board, recently informed the committee that this State's proportion of 1,000,000 bushels of Canadian oats to Southern states was Monday set at 147,100 bushels, more than any other state in the group. On the advice of the committee, 40 per cent of this allotment will be used in the form of straight oats, the remainder to be used in the manufacture of feed.

Despite the labor shortage and other difficulties, indications are that farmers will increase their production of various crops, Coltrane said, in showing that from July last year through May 8, fertilizer tags for 1,308,854 tons of fertilizer were issued, as compared with 1,231,061 tons for the same period a year ago.

HAMRICK NEWS

Mr. and Mrs. Taylor Wheeler and children of Stocksville were the week end guests of Mr. and Mrs. Roy Autrey.

Hermon Murphy has been home visiting his wife and daughter. He has been employed on a defense job near the Coast.

Emory Chrisawn spent last week end with his wife and children. He is employed in Kingsport, Tenn., on a defense job.

Miss Ruth Ballew is employed in Newport News, Va.

Miss Edith Westall is employed in Hickory, N. C.

Cpl. James A. Westall and Pfc. Harold Gibbs have been transferred from Orlando, Florida to Camp Stewart, Ga.

TEACHERS NEEDED
DURING SUMMER

Raleigh, May 15.—If only two-thirds of the 25,000 teachers in North Carolina who are soon to be taking summer vacations will take essential jobs for the period, the number will be sufficient to fill all of the 16,047 jobs for which employers in the State have given order, Dr. J. S. Dorton, State director of the War Manpower Commission, advises.

These teachers will constitute a pool of nearly two million man-days and can do much to relieve the serious manpower shortage now existing in the State, Dr. Dorton points out. Naturally, all are not equipped and trained to take the specific jobs listed, but they can add materially to the war effort by taking jobs and can also add much to their incomes in this higher living cost period.

Dr. Clyde A. Erwin, State superintendent of public instruction, has sent a letter to city and county superintendents asking them to pass on to their teachers the urgency of the manpower problem and to advise them that the patriotic thing to do is to get into summer jobs which will contribute to the war effort or to civilian needs.

All who are not planning to take summer courses to improve their teaching ability, and Dr. Erwin states that such study is desirable, should get into useful activities.

BONDS FOR FREEDOM

It was voted unanimously that the foregoing proceedings of the Yancey County Bar Association be published in the Yancey Record.

This May 12, 1944.

Bill Atkins, Secretary Yancey County Bar Association.

Young Opera Star Leans to
Pinafores and War Bonds

The young American concert-opera star, Marjory Hess, has her victory garden rambling over this colorful pinafore apron. It is a life saver for your party dresses, and fun to make, even for a beginner. Miss Hess suggests making several aprons because then, with a minimum of time and effort, you will save enough money to buy extra War Bonds and stamps. Suitable patterns may be obtained at your local pattern store.
