GIBSON-GUINN

Mr. and Mrs. A. B. Gibson announce the marriage of their daughter, Miss Elaine Gibson to Cpl. Robert Guinn son of Mr. and Mrs. Charles A. Guinn of Elk Park.

The marriage took place on Wednesday in Gaffney, S. C. The bride was attired in a soldier blue outfit with brown accessories and she wore a corsage of red roses. Miss Gibson was a graduate of Burnsville High school. Cpl. Guinn has been in the army for over six years and was recently returned to the states after being wounded in France.

Mrs. Guinn will make her home for the present with her parents and Cpl. Guinn will return to Brooke General hospital in Texas.

"Some people do not understand why some V-mail received in this country arrives in the original form and not microfilmed. This is true because some times when the planes are returning to the United States they have more cargo space available than on the out-bound flight. Thus V-mail delivery becomes even quicker when time doesn't have to be utilized for microfilming."

GREEN MOUNTAIN

IF HEAD COLDS HANG ON

DO THIS! To relieve discomforts, one of the best things you can do is put a good spoonful of home-tested Vicks VapoRub in a bowl of boiling water.

Then feel the wonderful relief come as you breathe in the steaming medicated vapors that penetrate to the cold-congested upper breathing passages! See how this soothes irritation, quiets coughing, and helps clear the head-bringing grand comfort.

FOR ADDED RELIEF... rub throat, chest and back with VapoRub at bedtime. Vicks VapoRub works for hours—2 ways at once—to bring relief from distress. Try it.

VICKS VAPORUB

Thousands of miles from homes, a young army private writes to his local chapter of The National Foundation Paralysis:

"This is really a hard letter for me to write, for the simple reason I cannot put into writing how thankful I am to you and the committee you represent for reassuring me of my son's recovery.

"To tell you how worried I was about John's condition is also impossible. I really traveled in a fog for a couple of weeks when I was supposed to be learning how to protect you and myself from our enemy. To be so far from home and know how useless you are in a case of that kind is really the toughest problem and worry I have had in my thirty-two years.

"Naturally in civilian life I contributed to such charity causes, but like Mr. Average Citizen, always with a bit of doubt.

"Now I can truthfully say that... you can be assured of my wholehearted support. You have opened my eyes to what the people at home are doing."

Bonds Over America

MICHIGAN'S CAPITAL

Michigan was known to Jesuit missionaries as "Michiganiyag" or "Michiganyag," relating to the great body of water east and west of the peninsula which now bears that name. The state's first capitol building was erected at Detroit in 1823 but in 1847 Lansing became the capital city. The present imposing capitol, constructed of New Hampshire granite and Ohio sandstone, cost \$1,510,130 and was dedicated in 1879 at an historic ceremony attended by all living governors of the state. Through its ornate halls and chambers have flown legislative streams directly enhancing the life of Michigan's tremendous industrial activity. And War Bonds are keeping that life-stream flowing.

How much COULD YOUR WIDOW BORROW?

If any emergency requiring immediate cash should arise today you would arrange to meet it. You, with a regular income, could go to the bank and borrow money; you could borrow on your life insurance; or you may have a little fund set aside for just that purpose.

But suppose you were not here. Would your widow be able to meet such emergencies? She would if you arrange now for a Jefferson Standard Emergency Fund to be used for expenses she doesn't expect. Without cost, we shall be glad to give you complete details today.

AMERICAN HEROES

While the SS William T. Coleman was moored beside an ammunition vessel, enemy planes set the latter afire. Radio Operator, James C. Huett, volunteered to sever the lines that held his ship as bursting bombs and blazing gasoline endangered the Coleman. Quickly he completed the hazardous operation for which he was awarded the Merchant Marine Distinguished Service Medal. His ship moved off to a safe distance; the ammunition ship sank. War Bond purchases pay for ships so badly needed to carry on this war.
