CLOTHING DRIVE

The primary purpose of the United Clothing Collection is to collect GOOD USABLE clothing for people in war—devastated areas of the world—150,000,000 pounds of it.

If you have not gone through your wardrobe and found something which you can sacrifice won't you do so before April 30th? This will be the one nation wide clothing collection to be conducted in the U. S. in the spring of 1945 for foreign relief purposes.

Although the clothing need not be in perfect repair it MUST BE USEFUL to the people who will receive it.

We have only a short time left in our drive. Get your clothes ready—5 lbs. per person if you can spare and send to your nearest school or to the club house in Burnsville—Let it be said that we as citizens of Yancey county did our part.

Singing Convention

There will be a Singing Convention at Windom Baptist church on Sunday evening, May 13 at 2:00 o'clock. Everybody is cordially invited to attend.

Presbyterian Church

Friday afternoon at four o'clock; the Junior-Intermediate group will meet at the manse.

Mrs. James Henslef of Windom is home from an Asheville hospital where she has been taking treatment. She is now improving.

FREE CLINIC

The Avery-Mitchell-Yancey District Health Department will hold immunization clinics at the following points and dates given. The following services will be performed:

- TYPHOID VACCINATION:** At present this is the best method of controlling Typhoid Fever which always is serious in unvaccinated people. If you had typhoid vaccine LAST year, then one dose this year and each succeeding year is sufficient. If you did not have it last year, then BE CERTAIN to come the FIRST DAY. If your children want the Schick or Tuberculin test, be sure to come the 1st or 2nd date, since the test MUST BE READ at the next clinic.
- DIPHTHERIA VACCINATION:** The N. C. law requires that all children between the ages of six months and five years be vaccinated against Diphtheria. PENALTY for violation is fixed at a FINE OF \$50 or 30 DAYS IN JAIL. If you cannot pay your private physician to do this, bring them to these clinics and we will do it free of charge.
- SMALLPOX VACCINATION:** This is required of every child before he enters school next year. Please be sure that your child has a scar and if not please bring him to the clinic.
- SCHICK TEST:** This is a small skin test for susceptibility to Diphtheria. It is the only way we can be certain that your vaccinated child is protected from Diphtheria. If your child has been vaccinated as long ago as three months, we will be glad to do this test and give you the result.
- TUBERCULIN TEST:** If you have been exposed to a case of Tuberculosis, you may have contracted this disease. It may not show up clinically, but a tuberculin test will give us good evidence of the disease very early, that is, in the early incipient stage.
- BLOOD TEST:** If you think you have been exposed to Syphilis, or if you want a health certificate we will be glad to do this test free. The N. C. law requires every woman to have a Blood test as soon as she knows she is to become a mother. PENALTY for violation is a \$25 FINE or 30 DAYS IN JAIL. Expectant mothers who have not had this test are EXPECTED at these clinics.
- WHOOPIING COUGH VACCINATION:** The N. C. law requires that every child be vaccinated against whooping cough during the 1st year of life. Penalty for violation is \$50 or 30 days in jail. If you cannot pay your physician for this vaccination we will give it free. This vaccination is very effective in preventing whooping cough. In cases where it fails to entirely prevent the disease it certainly makes the attack lighter. We give it to children from around 4 months of age up. Four doses at weekly intervals are given.

We will do all of this work each Saturday morning throughout the year, at the Burnsville Office and each Monday morning at the Newland Office; Saturday mornings at Bakersville office and every day 9 to 4:30 at Spruce Pine Office, except on Saturday. We close all our offices at noon on Saturday.

ANNOUNCING

The Opening of a Medical Clinic at the Markle Building, Higgins on Thursday afternoon, May 23, 1945.

SHOE REPAIRING

Will pick up and deliver Shoes for repair at Elliott's Radio Shop, Burnsville. 48 Hour Service. All work guaranteed. Best materials we can get and expert workmanship.

STATON SHOE SHOP
Micaville, N. C.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.

Are you a Dollar SABOTEUR?

Every time you buy goods you do not really need, you help force prices up, help make critical shortages of merchandise even more critical. Any one of us who is spending as high a percentage of his income on "unnecessaries" today as he was before the war, is just that—a saboteur.

But when you buy War Bonds regularly—when you go to the bank each pay day and make a deposit—when you save according to a plan—you help build a backlog of saved dollars which will help keep prices down and will help assure continued prosperity after the war!
