BURNSVILLE—So They Say

Weather report: Frost this morning! And very cool today... Happiest folks this week are the Grover Anglins. I. B. liberated from Japanese prison camp, safe and on way home. Pearson Riddle called from California that he had landed and would be home soon... and Frank King now at Fort Bragg... Also good news. Letter from the S. B. Connellys that they plan to return to Burnsville as soon as he has received his discharge from service. He'll go back with State Highway office here... One thing we've been waiting for: government released D. D. T. now available at local store... If you aren't planning an airplane trip over the town soon, you may obtain a good view of the airways marker by going to second floor of court house. The marker, made possible by donations of citizens and constructed by the N. C. wing of the Civil Air Patrol, is on top of the Styles & Company garage, has the name of the town, latitude and longitude and marker pointing to nearest airfield (41 miles to the Asheville-Hendersonville field). All in 10 feet high letters!... Big day in Asheville today! The 4-H club boys are going out in a big way at first dairy calf show and we're expecting some high honors!... Chief topic of conversation of week is the Time! It was easy enough to turn back the clock but hard to adjust ourselves to the schedule... Church service hours changed, Bank hours changed, Picture show schedule changed, so try to find out about these. Hardest thing we've found to adjust is appetite, and a number of folks are eating lunch at 11:30 instead of waiting that hour by the clock!... And for a few months now the Thursday closing of business places is over. Hope that the Victory Gardens flourished during these summer months!...

and checked out each evening at 6:00 p. m., and will be assigned to definite shooting areas each day to provide a careful distribution of the hunters over the area. AMERICAN HEROES

WITH the crew of a tank destroyer held up by withering enemy fire at Villa Cocetta, Cpt. William W. Galt of Great Falls, Mont., jumped in and directed an attack on a 77-mm antitank gun. Advancing fully exposed, he discharged a machine gun and threw hand grenades until the enemy became disorganized. He died from a shell burst, and was awarded the Medal of Honor posthumously. The least that we can do is to buy and hold War Bonds.
