National War Fund Drive

L. G. Deyton, chairman of the Yancey county United War Fund, has received the following telegram from Governor Gregg Cherry:

Gratitude to fighting men for Military Victory at great sacrifice demands that we finish their job to insure peace. Realization that millions throughout world owe every existence to our generosity, and pride in North Carolina's record of success in every previous form of war campaign efforts, demands that we strive for nothing less than one hundred per cent of allocated war fund goal in every county. Urge that you encourage chairmen and solicitors to double and redouble efforts.

Citizens are urged to contribute generously this year, since there will be urgent need for funds. The motto is still "For us and for our Allies".

In addition, the need is more critical than ever among liberated peoples who face the hardest winter yet. All predictions are that there will be more need for fuel, food and clothing than ever before since the liberated nations have not had time nor facilities to produce for themselves the things which they will need. Part of every dollar contributed will send food for the sick, medicines for the ragged and homeless.
