VICTORY CLOTHING COLLECTION

January 1-31, 1946

"Ask yourself—What can I spare that they can wear?"

In the name of humanity we must all spare what we can of our plenty. Everything is needed over there—winter clothes and summer clothes, children's and infants' clothes, frayed blankets, worn sheets, sweaters coats, even remnants and faded draperies and shoes! Tie them together with strings so the mates won't be lost.

Without protective clothing they are suffering and dying from exposure and disease. Without clothing they cannot start to work—to plant new crops—to rebuild burned mills and factories—to tend their machines. In some countries 95 per cent of the homes were destroyed completely.

In the spring of 1945, we spared enough clothing for twenty-five million people, but millions of others still lack clothing. So go through your closets and tie up a bundle and take them to your nearest school or the Club House in Burnsville on each Saturday afternoon of this month and on the 31st or to a member of the home demonstration club in your community. Then write a friendly message—won't you to go along with your gift? A letter to warm the spirit.

The Club House will be open on the following dates to receive Victory Clothing Saturday, Jan. 19, 2 to 5. Saturday, Jan. 26, 2 to 5. Thursday, Jan. 31, 2 to 5. By Mrs. V. J. Goodman, Chairman.

7 Envelopes Helped Build a Home!

Just seven small envelopes—but they helped Mr. and Mrs. John Smith to build a home of their own. Each had a label on it, you see, labels that read: 1) Rent, 2) Gas and Electric and Telephone, 3) Food and Laundry, 4) Pocket Money, 5) Clothes, 6) Doctor and Education, 7) Savings and War Bonds. Each week Mr. Smith's pay was divided into each of those envelopes—and, not-as-long-as-you

would-think later, out of that last little envelope, came the down payment on a home they financed at this institution. If all of us did the same, whether we used the "envelope system" or not, we would assure our own and our family's financial security in the postwar world. However we do it, we all should hang on to our War Bonds now, keep on buying our country's Bonds—and add to our bank balance every week.

Help the nation's efforts to keep your living costs DOWN, the buying power of your dollar UP.
