## District Bar Association Meets

Members of the 18th District Bar Association met Saturday in Brevard for the first meeting to be held since 1941.

More than 35 attorneys from the six counties in the district were present. This included the following from Yancey county: W. E. Anglin, outgoing president of the group, Dover R. Fouts, Frank H. Watson, Charles Hutchins, C. P. Randolph, R. W. Wilson and Bill Atkins.

The address of welcome was given by E. H. McMahan, president of the Transylvania Bar association and the response by Oscar Mooneyham of Rutherfordton. Mr. Anglin gave the president's address.

## Receives Discharge

Burnie Jay Bodford, B M 2c, has received his discharge from the navy at the Separation Center, San Pedro, Cal. He was on overseas duty for two and a half years in the Asiatic-Pacific, European, African-Middle East and the Philippine areas. He is the son of Mrs. Belle Bodford of Burnsville.

Lt. Fred Hobson returned this week from the Pacific area where he has been stationed for the past two and a half years.

## AAA Conservation News

In an effort to obtain maximum conservation with the \$43,983.00 fund that has been made available to Yancey county farmers through the 1946 Agricultural Conservation Program, M. D. Bailey, chairman Yancey county AAA Committee, today urged farmers to follow through on their conservation work that was approved on their farm plans last spring.

"We fully realize that many conditions may have prevented farmers from performing the practices as originally planned", he said in such instances, Mr. Bailey said that the county committee is anxious to render every assistance by helping these farmers in selecting substitute practices.

Farmers finding it impossible to carry out their original practices or to substitute others are being urged by Mr. Bailey to inform the AAA committee immediately so that the funds allotted to their farms may be transferred to neighboring farmers who need additional assistance and are in a position to carry out more practices.

Practices which still can be carried out in Yancey county this fall according to good farming methods are: Seeding Crimson Clover, Austrian Winter Peas, Hairy Vetch, and Rye Grass in 1946.

C. M. Bailey has returned from a trip through eastern cities and Canada.

given by Pat Kimsey, North Carolina Industrial Commissioner, and reports were heard from several members of the association.

Ralph Ramsey of Brevard was elected president; Woodrow Jones of Rutherfordton, secretary-treasurer; Robert W. Proctor of Marion, vice president; Charles Hutchins of Burnsville, counselor to the State Bar, and Frank H. Watson, Yancey county member of the executive committee.

Following the meeting, members toured the Ecusta Paper corporation plant near Brevard.

The 1941 meeting was held in October at the Gilkey Memorial Lodge, located at the Mt. Mitchell game refuge.

## SUGAR STAMP EXTENDED

Spare Stamp No. 49, good for five pounds of sugar and scheduled to expire last Saturday night, continues good throughout September because of the shortage of sugar in some areas due to mal-distribution, OPA District Director Theodore S. Johnson explained.

At the same time, he announced that Spare Stamp No. 51 became valid last Sunday, also for five pounds, in line with the regular ration pattern followed for the past several months. This stamp continues good for the balance of this year, adding that uncertainty about the extent of the coming Cuban crop makes it impossible to increase the present sugar ration.

## 4-H Club Members Will Show Registered Guernsey Calves

The 4-H Club Guernsey owners are planning to show their registered calves at three separate exhibitions next week.

On Wednesday the calves will be shown locally from 10 to 11:30 o'clock in the lot opposite the Burnsville Methodist church. No judging will be done at this show.

The calves will be taken to Spruce Pine following the showing here and will be exhibited at the Mayland Fair on Thursday morning at 10 o'clock at which time the calves will be judged along with other 4-H entries.

The calves will then be taken to Asheville where they will be entered in the Junior Dairy Show on Friday morning. The entries will be judged there also.

Those who will exhibit calves are: Wayne Silver and Charles Lee Griffeth, 2 each; Tommy Higgins, E. J. Roland, Billie Ray Riddle, Keith Stamey, Aaron Wilson, Danny Young, Ted-

dy Bailey, Richard Conley, Margie Conley, David Gillespie, one each.

Blankets for the show, with the "Yancey County 4-H Club" insignia, have been purchased through the cooperation of business firms and the county Guernsey Breeders' association. These blankets were donated to the clubs and will be used year after year in exhibitions. They will add much to the effectiveness of the showing of individual calves.

The following business firms contributed donations for the blankets: Ray's Grocery, Pollard's Drug Store, Burnsville Furniture and Hardware Co., Anglin and Westall, Roberts and Johnson, Styles Garage, Ray & Jarrett Service Station, Farmers Federation, Banks-Young Motor Co., A. G. Edge, J. W. Howell and Son, Penland Lumber Co., Edges' Dept. Store, Yancey County Guernsey Breeder's Association.

## Annual State Farm [Week]

Rural men and women of North Carolina, representing the State Farmers' convention and the Federation of Home Demonstration clubs at their annual meeting at N. C. State college, said that while great agricultural progress has been made during the last decade, still much remains to be done, and they embodied their recommendations in a series of resolutions.

Among other things the committee asked the 1947 general assembly to adequately provide for the operation and maintenance of N. C. State college, provide not less than \$5,000,000 for permanent improvements on the campus, and allow a 20 per cent increase in the salaries of teaching, research, extension, and other personnel. It asked that the program of the agricultural, dairy, textile engineering, and forestry foundations be expanded.

It recommended sufficient funds for vocational education and an expansion of the short course program at State college.

After expressing wholehearted support to the general assembly in the program to expand hospital facilities in the state the committee recommended that state funds be provided to supplement federal and county funds in rural communities.

## Problem of Roads

The farm representatives were particularly interested in the improvement of roads and commended Governor Cherry and the State Highway commission for their efforts in the development of rural roads in spite of shortages of both equipment and labor.

However, they emphatically urged that these officials redouble their efforts on all-weather treatment of

farm-to-market and school bus roads with a general improvement of feeder roads.

The committee endorsed the work of the Rural Industries committee and suggested that its activities could be further expanded. To R. J. Reynolds it expressed its thanks and appreciation of educational pictures in technicolor on agricultural subjects which were donated by him to the State college foundation.

**Specia lResolutions**  
The North Carolina Federation of Home Demonstration clubs asked senators and congressmen to help in obtaining federal aid for better schools because teachers are being forced to seek other positions because of inadequate salaries and lack of housing facilities.

They asked the general assembly to secure all the advantages of the Medical Aid commission for the rural people of the state.

Stressing the need for physical improvement among rural boys and girls the federation asked a planned recreational program in all schools.
