SOCIAL SECURITY AND THE VETERAN

"Does the insurance protection provided by the amended Social Security Act apply to men and women who died while in military service?"

No. The Veterans' Administration is the agency which awards payments to the dependents of those who died while in military service.

For further information call or write the field office of the Social Security Administration, located: 203 Flatiron Bldg., Asheville.

Social Security Benefits

World War II veterans' survivors who may qualify for social security benefits on the deceased veteran's service record should apply for benefits at once to avoid loss of money, D. W. Lambert, manager of the Asheville office of the Social Security Administration warned today.

Eligible survivors of veterans who died after their discharge from the armed forces and before August 10, 1946, have only until February 10, 1947, to file their claims to receive benefit payable back to time of the veteran's death, Mr. Lambert said.

The 1946 veterans' amendment to the Social Security Act provided monthly cash benefits for dependents of ex-servicemen who died or will die, within three years after discharge leaving their survivors without compensation or pensions from the Veterans Administration.

Survivors of ex-servicemen who died before enactment of the amendment on August 10, 1946, were given six months in which to apply for benefits payable back to the date of the veteran's death. That six-month period expires February 10. Social security benefits

NATIONS ATTACKING LIVESTOCK DISEASES

Raleigh — The entire world will soon be benefiting from methods employed in North Carolina in curbing livestock diseases, Dr. William Moore, veterinarian with the State Department of Agriculture is informed.

He finds that the United Nations food and agriculture organization has accepted the recommendations of its veterinary advisors for a world-wide program aimed at controlling livestock diseases in order to increase food production. Plans similar to those followed in this State in controlling Bang's distase and cattle tick will be used in this tremendous project.

One step, according to Dr. Moore, will be the prompt use of new vaccines, chemicals, and similar products. Vaccines have already been sent to East Africa and China, where cattle diseases are a serious problem.

Eventually, he said, American veterinary measures may help overseas nations more than all the food we can send them.

PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT

Q. What educational benefits do I get under the GI Bill of Rights?
A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.

Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.

Q. What about family allowances?
A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.

Q. What are my chances of going overseas?
A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.

Q. Can I still choose the branch of service I want to serve in?
A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.

Q. Is there any way I can reenlist in my old grade?
A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.

Q. Is there any other way I can reenlist in grade?
A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.
