## BURNSVILLE— "So They Say"

The weather: Very dry and hot in Burnsville, though some sections of the county have had good showers. . . .

About town: Meeting of the week was the one held on Friday night to discuss the theatre project of the summer school program. Local corporation formed and now all plans seem assured (Note: The theatre plan which will include production of a number of plays is only part that needed this local corporation since it is necessary to have business manager, advertise, sell tickets, etc. The summer school for teachers is conducted by Woman's College of the University of N. C. and the corporation does not direct its program). . . . We were sorry to learn that W. B. Harrell who attended the meeting here, then left for Winston-Salem had a wreck on the way and is now in the hospital. . . . Regret to learn of continued very serious condition of W. O. Griffith who is now in Biltmore hospital. . . . We've never heard of so many tonsilectomies! Peggy Parrish and Lucy Gibbs are latest. . . . Moved: Jay and Doris Edge to their new home just below Edge's store in east Burnsville. . . . Invitations received by friends here to Pat and Fred Hobson's weddings in June. . . . the Cecil Angel family left Monday for Wayland, Ky. . . . and the college boys and girls will begin coming in this week end. . . . Urgent request: Please bring over due books back to the library immediately! . . . Very important meeting in Burnsville next Tuesday—district 2 of the state federation of home demonstration clubs. Four or five hundred delegates from 9 counties are expected. . . . Note: Remember that the Bank and Post Office will be closed Friday—Memorial Day.

There were approximately 14,500 telephones on North Carolina farms in 1945.

There were approximately 25,000 unoccupied dwellings on North Carolina farms in 1945.

There is no substitute for milk. It is not possible to raise a child, calf, pig or any other animal without it.

NOTICE OF SALE  
NORTH CAROLINA  
YANCEY COUNTY

The Board of Education of Yancey County, being of the opinion that the White Oak Flats School, being located in Ramseytown Township, has become unnecessary for public school purposes, signed an order in regular session on the 7th day of April, 1947, directing the sale of said buildings and the lots upon which they are located:

THEREFORE, by virtue of said order and the power invested in the Board of Education by the laws of the state of North Carolina, the said Board of Education of Yancey County will offer for sale at public auction to the highest bidder for cash, at 11 o'clock a. m., on the 31st day of May, 1947, at the courthouse door in Burnsville, N. C., the following described property with the buildings thereon:

Being located in Ramseytown Township, Yancey County, North Carolina, and known as the White Oak Flats school property, described as follows: BEGINNING on a small white pine in Johnson's line, thence with Johnson's line South West to the creek, thence down and with the creek six and one-half rods to a stake, thence North East 13 rods to a stake, thence North West six and one-half rods to the BEGINNING, containing one-half acre, more or less.

The Board of Education reserves the right to reject any and all bids. This the 7th day of April, 1947. Yancey County Board of Education, by Frank W. Howell, County Superintendent. May 8, 15, 22 29.

(More About)

### LIBRARY

That one third of the population of the United States has no library service of any kind?

That there are thirty-five million people in U. S. with no public library within reach? Twenty eight million of these live in small villages or in the open country, thus they are deprived of one of the basic means of education.

A noted American once said that next to church and school the free public library is the most influence for good in America.

FOR SALE: 5 room house with screen porch, electric lights, good water, good barn and other outbuildings. 2 acres land. Located on highway 2 miles east of Burnsville, near three churches. Water rights for Corn Mill with place First \$2400 gets it. Terms can be arranged. See Wayne Tipton, Rt. 2, Burnsville, N. C. J5

# FORD'S OUT FRONT with two great engines

Both with these BIG FORD features!

### Fewer Engine Revolutions Per Turn of the Wheels

Yes, both SIX and V-8 have slower engine speeds than any other cars in their price range. The car "hustles" while the engine "loafs" for best economy, longer life!

### 4-Ring Pistons

Among the many V-8 features you get in the Ford SIX engine are light-weight aluminum pistons, with 4 oil-saving rings.

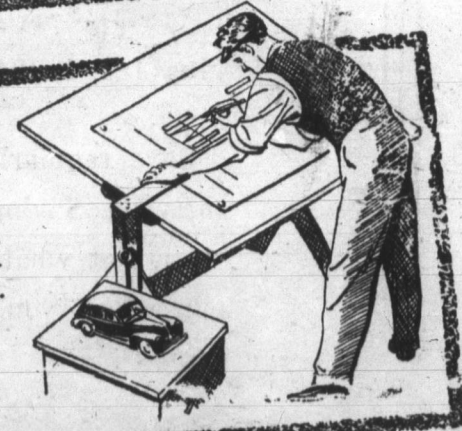

### Balanced Carburetion

In both the modern SIX and famous V-8 you get new balanced downdraft carburetion, dual automatic spark control and super power combustion chambers—for performance and thrift!

### Ford "50 year" Engineering

The Ford SIX is the only six-cylinder engine with the same basic engineering features as the V-8. No matter which Ford engine you select, the rest of the car is exactly the same.
