I want to express my appreciation for the paper every week. I'm sure I can say this for the other service men as well as for myself.

I haven't received the Record now for four weeks, but of course that is due to the recent change in my address. I would appreciate it very much if you would send it to my new address.

The Record is the only way I have of keeping in contact with the things that happen in Burnsville and the county.
