Construction Will Begin On Mill Building Next Week

Grading Is Nearly Completed

Grading is now practically complete on the site for the 200x400 mill building at the rayon weaving plant, and construction should begin within a week, Vance Hensley, foreman of construction said this morning.

Much of the building material, including six carloads of steel, are already here and the other will be shipped as rapidly as needed.

H. M. Hadley, Kenneth Gantt, Jr., and Ed Smith, all of the Glen Raven Mills, have been here during the past week and the interviewing of applicants for the initial group of employees has already begun.

In addition to the mill site, grading will begin soon for house sites and for parking areas.

Dean's List

Robert Howell of Green Mountain and Robert Wilson of Burnsville have made the dean's list for the third quarter, according to an announcement released from the Dean's office at Lees-McRae College.

These students have averaged 90 or above on all their work this quarter. This is the third consecutive quarter for Howell on the Dean's list, and the second consecutive time for Wilson. Howell will receive his diploma in May when he completes his work at Lees-McRae.

FARM BUREAU MEMBERS WILL MEET

D. Reeves Noland, highway commissioner for the 10th district will be in Burnsville on Monday, April 19 and will meet with members of the county farm bureau at 10:30 o'clock in the court house.

Mr. Noland has informed the chairman of the farm bureau that he has some very important plans for the county which he will discuss with the group.

Named Chairman of Umstead County Committee

Dover R. Fouts has been named as chairman for the Yancey county committee for Wm. B. Umstead, candidate for U. S. Senate. Mr. Umstead who is now serving in the Senate is opposed by former Governor J. M. Broughton.

COUNTY LIBRARY IS NOW OPEN

The county library which has been closed for several weeks because of Mrs. LeFevre's absence was reopened Wednesday. Mrs. B. S. Connelly will serve as librarian until Mrs. LeFevre's return.

Library hours will be the same, 2 to 5 on each afternoon Wednesday through Saturday.

Pfc. E. G. Adkins, Jr., son of Rev. and Mrs. Eules Adkins, of Burnsville, has returned to the Eglin Field Air Base in Florida.

VEHICLE INSPECTION

The motor inspection crew which has been in Burnsville during the past week has released the following report:

To date, 479 vehicles have been inspected. Of these, 218 passed on the initial inspection and 141 passed on re-examination. There are still 117 that have not been brought back for examination.

The lane here will be open through Saturday noon, and all vehicle owners are urged to bring their cars or trucks for examination. The lane will be returned here later in the summer, probably in July.

Methodist Church

Claude L. Love is to speak at the Methodist church, Sunday, April 18, at 11 o'clock, for a Special Layman's Day service. The service will be entirely in the hands of the Laymen of the church, with Mr. V. J. Goodman in charge.

L. J. Brookshire who spoke for the last fifth Sunday service, which was held in the Baptist church, says of Mr. Love: "He is one of our finest Methodist men in Asheville. Steward and one of the leading laymen at Central Methodist church, teacher of the Men's Bible class there and an outstanding lawyer and teacher of law. You will enjoy having and hearing him."

All denominations are urged to attend this Layman's Day Program.

Presbyterian Church

Sunday, April 18. Morning service at 11 a. m. with the sermon subject "Guidance". Sunday School at 10:15. During the church service a nursery will be open for little folks. Mrs. Louise Trivett and Mrs. Alma Holcombe will have supervision.

Services will be held at Low Gap at 3 p. m. on Tuesday at 7 p. m., April 20 a supper, followed by a congregational meeting will be held. The supper will honor the new members recently received in the church.

Mrs. Harriett McIntosh is ill at her home here.

Mrs. Sol Evans was called to Detroit because of Mr. Evans' illness.

Smoke Says:

PARKING METERS TO BE REMOVED

The parking meters were installed in Burnsville on a 9-months trial basis. The 9-months period will soon expire, and the Town Board is required under the contract to give the company who installed the meters advance notice if we should decide to remove the meters. It is the present intention of the Town Board to remove the meters.

This decision to remove the meters has been reached due to some dissatisfaction on the part of the public. The meters were installed to regulate traffic and to help provide much needed revenue which, upon their removal, will necessarily have to be provided from other sources.

Clyde M. Bailey, Mayor; J. W. Autrey, J. N. Barnett, Members.

Associational Meeting

The annual associational meeting of the Baptist Missionary Union will be held at the Burnsville Baptist church on Thursday, April 22.

The meeting will begin at 2:30 p. m., and during the afternoon, divisional officers and chairmen and county chairmen will report. Special music has also been planned.

Supper will be served by the Burnsville society at 6 o'clock. During the evening service, a missionary from one of the foreign fields will be guest speaker. A pageant, "The Search for Happiness", given by members of the Junior organizations, will conclude the service.

Army Enlistments Exceed Quota

Maintaining its leadership of the Third Army Area, the Columbia Recruiting District of the United States Army and United States Air Force enlisted a total of 1486 men from North and South Carolina during the month of March—thus obtaining 138 per cent of its assigned quota for the month, according to M. Sgt. Lloyd G. Anderson, commander of the Asheville Recruiting Station.

Over Assigned Quota

In spite of the fact that the recruiting program is not up to expectations on a national scale, the local Recruiters continue to enlist more than their share of men in the service. The Columbia District has enlisted over its assigned quota for the last three consecutive months.

Sgt. Anderson states that of the 1486 total, 79 were enlisted through the local station.

Graduating Classes The Sergeant also announced that recruiting emphasis for the next few months will be placed on informing all members of high school graduating classes and their parents of the many advantages and benefits to be obtained by enlisting in the Regular Army or the Air Force, both from an educational standpoint and as a career in itself.

Treasury Department Begins Security Loan Drive Today

"Save for Future"

The Treasury Department, with the active support of millions of volunteers throughout the country, has organized the nation-wide SECURITY LOAN DRIVE to sell more U. S. Savings Bonds to more Americans in the interest of a stabilized economy. The campaign opens April 15 and continues through June 30.

Leaders in industry, banking, finance, labor, agriculture and others are cooperating to make this drive successful.

U. S. Savings Bonds are security bonds. Individuals provide for their own individual security when they invest in U. S. Savings Bonds, and at the same time they help to maintain the economic security of our country.

Funds reserved by millions of American families used to pay off a dollar of mean homes, education of their children, emergency funds, and old age security. They mean that these millions of American families are themselves investors—"capitalists"—guiding their own future and the future of the Nation.

The success of the Security Loan, and the continued success of The U. S. Savings Bonds Program means more Americans will own more America.

For two years the Treasury Department has had a successful Savings Bonds Program. The national debt has been reduced over \$20 billion from its wartime peak. The amount outstanding today held by individuals—\$52 billions—is a huge reserve of buying power, and every dollar added to this reserve is a dollar temporarily channeled away from the Nation's market places. At the same time it is a dollar stored away and these dollars can help keep "hard times" away from our door.

The success of the Security Loan will mean, as the economists call it, "spread-time they help to maintain the ownership of the securities on the national debt." Every Savings Bond dollar built up in the Treasury is used to pay off a dollar of the national debt that is potentially inflationary. This is wise debt management.

TOMORROW—the dollars in these Bonds of Security will be ready to help Americans buy the things they need. This helps to maintain a stable economy.

RIVERSIDE NEWS

Warren McKinney was here from Baltimore last week, visiting relatives and friends.

Mrs. Dave McKinney is visiting her daughter in Elizabethton, Tenn.

Roy Duncan is ill at his home here.

Mrs. Naff Whitson and children visited relatives at Higgins last week.

HISTORICAL DRAMA

Charlotte—A dramatic presentation of the first American Declaration of Independence—thrown against a background of the activities of the Cabarrus Black Boys and an authentic reproduction of the Red Coat invasion of the Carolinas, will be given here at Southern States Fairgrounds starting May 20, anniversary of the Mecklenberg Declaration of Independence.

With a cast of 130, "Shout Freedom", historical drama set to original music will show every night except Sundays through June 5. The wild raids of the Alabama Regulators, first armed troops to defy British rule, and of the Mountain Boys, saviors of nearby Kings Mountain battle for the colonists, will be depicted with western-movie fanfare from the race-track infield.

"Shout Freedom" has a definite plot, full of romance, suspense, and color. LeGette Blythe, novelist, newspaperman, and historian of the South, is the author. He has taken a theme from the recorded lives of the "little people" of the original music by Lamar Stringfield, native Tar Heel whose "Cripple Creek" suite in 1928 was awarded a Pulitzer prize for original composition. He will conduct the Charlotte Symphony during the entire run of "Shout Freedom", with instrumental help from the North Carolina Symphony.
