FARM NOTES

Boyd Peterson of Ramseytown, a young farmer and former 4-H member is continuing his 4-H project with excellent results.

In the fall of 1947 Boyd was awarded a registered Poland China Gilt through the Sears, Roebuck Pig Chain. This gilt was entered at the district pig show and won a registered Guernsey heifer.

This sow has farrowed 28 pigs in 3 litters out of which 23 pigs were raised. The pigs sold for \$300. The sow is valued at \$75.00. Boyd plans to raise two gilts out of the next litter as the demand for his pigs is much greater than his present supply.

The heifer, now valued at \$250, dropped a heifer calf three months ago and Boyd has refused \$100.00 for this calf.

The total value of all animals derived from the original 4-H pig is \$725. His total expenses, including breeding fees, feed purchased, home grown feed and miscellaneous expenses are \$213.00 leaving a labor income of \$512.

Boyd gives credit of his success to good breeding, pasture, a free source of water and good management.

On a recent pasture tour, forty-two Yancey County Farmers inspected the pas-

tures of Ralph Ray, demonstration farmer of the Cane River Community.

Especially noticeable was a 10 acre field of Ladino Clover, orchard grass and fescue pasture.

Before Mr. Ray began treatment of the 10-acre field last spring it had a good set of broom sedge, sheep sorrell, English plantain, and a scattering of white dutch clover.

In February of last year he broadcasted 30 tons of lime on this field, then he mixed 1500 lbs. of 16% nitrogen, 8400 lbs. of 20% phosphate, and 2400 lbs. of 50% muriate of potash which gave him a 2-14-10 fertilizer. After applying this fertilizer he tore up the sod as best he could with a disc harrow and applied 10 lbs. of Ladino Clover, 100 lbs. of orchard grass and 60 lbs. of Ky. Fescue.

Where Mr. Ray formerly grazed 3 to 4 head of cattle in 1948 he is already grazing 12 head. He states that though his initial expense of fertilizing and reseeding was high, he feels that he is being well repaid. He says that he is now convinced that good pastures can mean as much to him as his row crops such as corn and tobacco.

Though Mr. Ray has been transferred to a "full pay" basis in the use of demonstration materials, he is continuing to demon-

Club Rooms of the Home Service Department of Roberts and Johnson Lumber Company. These have become a popular place for civic, social and religious group meetings since the formal opening on February 23. The facilities of a fully equipped kitchen, dining room and lounge and the services of the home economist, Mrs. Elizabeth Russell Gibbs, are available without charge. Included in the schedule for the coming week is the Lion's Club dinner on Thursday, May 11 when new officers will be installed.

HEALTH DEPARTMENT

At the quarterly meeting of the Avery-Mitchell-Yancey Board of Health last Friday night (April 28) in Spruce Pine, Mark Bennett was elected chairman of the board. As mayor of Burnsville, he is one of the 3 ex officio members of the board of health, the other

strate good farming practices to his community. Mr. Ray now has thirty acres of improved Ladino-orchard grass-fescue pasture.

two being the Mitchell County Superintendent of Schools and the chairman of the Avery County Board of Commissioners.

Other board members present at the meeting were Dawson Briggs (Yancey County), Dr. C. Davis Belcher and Jason B. Deyton (Mitchell County), and Dr. William D. Sloop (Avery County). H. G. Bailey, former mayor of Burnsville was also present.

A pre-school clinic will be held at Double Island School on Friday, May 12, at 9:30 a. m.
