BURNSVILLE— "So They Say"

The weather: We are seriously considering not making any further weather comments until winter. Every time we write "Hot!" we get a scathing note from some one in Eastern N. C., Washington, D. C., Phoenix or Florida. So we'll just say "Weather as Usual" and you'll know what that means — nice breezes to temper the sunshine, showers to cool off, a wrap welcome as soon as the sun goes down, and a blanket or two necessary for comfortable sleeping.

About town: So many activities that it's almost as complicated as a foot ball schedule... the plays start at the Playhouse Friday night; Monday night Frank Stanley Herring is giving one of his portrait demonstrations and the public is cordially invited (we've watched two and still can't see how it's done)... Then Dr. W. C. Jackson will lecture next Thursday, and that will give everyone the rare opportunity of hearing one of the outstanding speakers and educators... all of this right here in Burnsville!... Speaking of plays, Randy Riddle and Charles Deyton have part in the second production which is now in rehearsal. New home started in the Shoes-Westall Development for the L. C. Easters. He'll be manager of Duplan plant... And the new store that Paul Ayers and Phil Ray are building has been leased to Felts Furniture Company of Spruce Pine... Dr. Robertson continues to improve and Russell York better though still in hospital... and John English nursing a badly cut left hand. He tangled with a power saw... The Campbells have moved to their lovely new home near the school and the Devenys have taken one of the Laughrun apartments... Congratulations to Mike Casey who was awarded one of the two scholarships given in the states to spend a year at the Old Vic Theatre in London!
