test their general ability to learn.

For complete information and forms to file, see Ashton Ramsey, local Civil Service Secretary, at the Burnsville Post Office.

HEALTH DEPARTMENT NEWS

The Avery, Mitchell, Yancey District Health Department office, under the direction of Dr. C. F. McRae, announced the expenditures from the Yancey County School Health Fund during the school year of 1949-50. The expenditures, the total of which amounted to \$3,798.00, were broken down as follows: equipment, \$1140.89; supplies, \$212.98; part of public health nurse's salary \$333.34; tonsil operations, \$866.00; dental work, \$727.24; glasses, \$152.25; and miscellaneous corrections, \$456.30.

Dr. McRae said a similar program is in effect this school year, and that the General Assembly was expected to appropriate a sufficient fund to continue the program in Yancey County schools. The School

YANCEY PMA NEWS PURCHASE SEEDS

Brantley Briggs, manager of the local PMA office have announced this week that the office will begin issuing orders for pasture seed February 15. The office will discontinue the orders April 15, he said.

The following rates on pasture seeds have been established for the farmer: Orchard Grass, .20 per lb. Ladino Clover .45 per lb. Fescue, .36 cents per lb. Briggs said that regulations established requires that orders for seeds cannot be issued to any farmer unless lime is used this year or the land has been limed in the past five years. Yancey County is far below other counties in the use of ground lime.

Health Fund comes entirely from State sources, not from county tax funds, he said.

Orphanage Sells Outstanding Sire For Local Breeders Use

Yancey Cooperative Breeding Association announced today that the Thompson Orphanage of Charlotte, North Carolina has sold their outstanding proved Jersey sire, Biltmore Standard Mark, R. J. 462961 to the Southeastern Artificial Breeding Association, suppliers of proved sire semen to county breeding organizations in the Southeastern States.

Yancey Cooperative Breeding Association has a representative on the Bull Committee of the Southeastern Artificial Breeding Association, an American Breeders Service.

stone. And if you plan to seed a pasture this year and your land has not been limed within this time be sure to come by the PMA office to place your order.

MOM! MY COLD NEEDS

Find Molds For Gel Cookery Dishes in Everyday Kitchen Articles

Successful gel-cookery doesn't call for an investment in elaborate molds. Appetizing dishes made with unflavored gelatine can be molded in containers found in most every kitchen. A coffee can is used to mold a main dish; mixed vegetables go back into their own can container to mold into cylindrical shape. Desserts are molded in an orange shell custard sup, or a fluted paper cup mold.

Basic Fruit Gelatine

- 1 envelope unflavored gelatine 1/2 cup sugar
- 1/4 cup cold fruit juice 1/4 teaspoon salt
- 1 1/2 cups hot fruit juice

Soften gelatine in cold fruit juice. Add hot fruit juice, sugar and salt; stir until dissolved. Pour into large or individual molds and chill until firm. YIELD: 4 servings.

For Tomato Aspic: Omit sugar, increase salt to 1/2 teaspoon; add 1/2 teaspoon onion juice or other seasonings, if desired.

Molded Sea Food: Make Tomato Aspic. When gelatine is slightly thickened fold in 1 cup cut shrimp, shredded crab meat or tuna.

Molded Vegetables: Make Tomato Aspic. When gelatine is slightly thickened fold in 1 1/2 cups mixed cooked vegetables and 1/2 cup diced celery or shredded cabbage.
