SERGEANT DELANO WRITES A LETTER

Sergeant Delano of Louisiana, wounded in Korea and suffering with frostbite, had this to say:

"Since that time I have been able to be with my family when my son was born and even now I am writing this from the hospital where my wife is recovering from pneumonia along with my youngest girl. To be able to be with them at this time I can truly say was due only to the untiring efforts of the Red Cross and its staff of workers. Words either written or spoken cannot tell of the gratitude which is mine. I know that to the Red Cross, I was one of many, but to my family, I am, of course, the only one.

During the last war as a company commander in the Pacific I had numerous dealings with the Red Cross. These contacts were from telling some lonely GI that he was a father, to the sending of a boy home because of death in the family. In all of the variety of cases that came across my desk I have yet to find that the Red Cross did not help to the fullest extent possible in their regulations. You know it is unfortunate that so many people do not realize that the Red Cross has regulations which they must abide by. I have in the past and in this police action pointed out to a number of persons that the Red Cross worker might have wanted to help a lot more than he was able to, but his hands were tied to some extent by rules that he had to follow also. A great many of these people never realize that the workers have to follow rules, as well as the Army.

I have had to actually chase a field worker out of the front lines. He came up there to tell a man that his mother had died."

The Red Cross Drive is now on in Yancey County.

Slaughterers Of Livestock Should Check with OPS

Reports have been made that stock slaughtered by local men and carried to Asheville markets was refused due to certain regulations governing the slaughter of animals. According to Ben Douglas, OPS Director, persons who fall into certain commercial classifications because of the channels of disposal of meats must register with the Office of Price Stabilization by March 15 to be able to slaughter livestock for certain channels of trade after April 1.

Although some classifications of slaughtering livestock for resale does not require registration, it is suggested by the OPS Director that persons who have stock to slaughter should contact the county agent before doing so. The agent's office also has forms for registration in the event that it is required

Blackwell To Preach Here Sunday

Dr. Hoyt Blackwell, president of Mars Hill College, will be guest speaker Sunday morning at 11:00, at the First Baptist Church here. The church will ordain two deacons, Joshua Banks and Donald Burhoe, at this service.

The former Mars Hill students and friends of Mars Hill College are extended a special welcome

CARD OF THANKS

We wish to express our appreciation to our many friends for their kindness during the sickness and death of our sister and for the beautiful floral offerings.

Four million farmres and other private landowners own most of the nation's timberland in small plots averaging about 62 acres

apiece. Currently 90 per cent of our wood supply is harvested on privately owned forest lands.

Orange and Semi-Sweet Chocolate Make Novel Flavor Combination

Newest of dessert treats combine the flavors of fresh orange and semi-sweet chocolate. A delightful way to enjoy this flavor harmony is in a home-made orange cake that can be iced with a delicious chocolate frosting made with semi-sweet chocolate morsels, or the cake can be topped with ice-cream and sauced with chocolate. Also included is a simple Chocolate Duet recipe that makes either frosting or sauce, depending on the amount of milk added.

Orange Cake

- 3 cups sifted cake flour
- 3 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup shortening
- 1 cup sugar
- 2 eggs
- 1/2 cup orange marmalade
- 2 tablespoons grated orange rind
- 1 cup orange juice

Sift flour with baking powder and salt. Cream shortening, add sugar gradually, blending together until light and fluffy. Add eggs one at a time, beating well after each addition. Stir in marmalade and orange rind. Add flour alternately with orange juice, mixing well, ending with flour. Turn batter into well greased pan (10"x15"x1 1/2"). Bake in a moderate oven (350° F.) 30 minutes. Cut cake into squares, top with slice of ice cream, and serve with chocolate sauce, or frost cake with chocolate frosting. If desired, top with whole or chopped nuts. YIELD: 24 squares.

Chocolate Duet (Frosting or Sauce)

- 1 package semi-sweet chocolate
- 2 tablespoons butter or margarine
- 1 cup sifted confectioners' sugar
- 3 to 4 tablespoons hot milk, for frosting
- 1/2 cup hot milk, for sauce
- 1 teaspoon vanilla

In top of double boiler put semi-sweet chocolate and butter. Heat until melted and mix until smooth. Remove from heat. For frosting add milk and sugar alternately, adding enough milk to make a spreadable consistency. Stir in vanilla. For sauce, increase milk to 1/2 cup. YIELD: Frosting for top of 10x15 inch cake, or 1 1/2 cups chocolate sauce.
