

Notice Of Fish Stocked In The Waters Of Yancey County

In accordance with previously approved plans, the Wildlife Resources Commission has completed stocking of 2000 small river bass averaging 2 inches in length, in the waters of Cane River. These fish were produced at the State Fish Hatchery located near Table Rock. District Game and Fish Protector, Milton Higgins directed the release of the fish and solicited assistance from members of the local wildlife club and other interested sportsmen.

The Wildlife Resources Commission points out that the cooperative effort of all those interested in the State's fish and game resources will be required to bring about better fishing, the favorite outdoor recreation of so many Americans.

'50 Farm Census Shows Decline In Produce

In a recent release by the U. S. Department of Commerce on the 1950 Census of Agriculture in Yancey County it was shown that there were 2,740 farms in the county with an average size slightly above 44 acres. The 1950 value per farm was shown at \$4,399.

There were 608 farms containing 10 acres or less, with the highest number, 329, ranging around 30 acres. The number of farms drop rapidly above 50 acres; however, five were reported to contain 1000 acres or above.

Farmers on 411 farms reported no sales of products from the previous season while 45 reported sales amounting from \$6000 to \$10,000. All products sold amounted to \$1,436,011.

A break-down in types of

farms showed dairying leading with 60 while poultry farming followed with 41. General farms, of course, were not included in the break-down. Tobacco led in field crop production with a total of 1,706,343 pounds marketed.

Some of the farm crops specified which were harvested in the 1949 season were corn; 243,947 bu.; wheat, 1240 bu.; oats, 879 bu.; Irish potatoes, 50,064 bu.; sweet potatoes, 4207 bu.; apples, 5192. There was a decided decline in farm crops from the 1945 census, and in many cases the difference was great. Corn was shown as fifty thousand bushels below the 1945 production while Irish potatoes fell below by 36 thousand bushels.

In the animal field over 6 thousand head were sold by farmers while over 7 thousand were slaughtered for home use or sale. Fifty-three thousand chickens

Strawberries Show Profit For 4-H Girl

Marietta Tweetsie Atkins, daughter of Mr. and Mrs. Bill Atkins of the Burnsville 4-H Club has proven that a small strawberry patch in your garden will pay off.

Last year the Atkins' bought 500 everbearing Mastodom plants. From these they saved 700 plants and set them last April, 18 inches apart in 3 1/2 foot rows. The runners are cut off except for the plants which will produce the next year's crop. The everbearing varieties produce some berries throughout the summer. Although they produce a heavy crop about the first of June and lighter crop the first of September.

So far this spring Miss Atkins has harvested 43 1/2 gallons of berries from 4 rows about 100 feet long. From these she has sold \$51 worth besides all the family could use for home use. Tweetsie plans to freeze the late summer and fall crop for home consumption.

Masonic And Eastern Star Picnic To Be Held

The Annual Masonic and Eastern Star Picnic will be held Sunday, June 24, at 1 p. m. on the grounds of South Estatoa Church. All members and their families are invited to attend the picnic.

and over 133 thousand dozen eggs were sold during the year of 1949.

According to the report, all phases of farm production in this county has dropped greatly with the exception of cattle.
