TO REMOVE SHINE from serge, spread out on a folded blanket, place a wet cloth on the shiny portions and iron across the surface of the cloth twice, very lightly using a very hot iron.

Table pads do not leave lint on surface of the table cover if one side of the pad is covered with muslin, and that side is kept down.

Does the buzzing of an electric fan annoy you? Place a stack of thick newspapers or magazines under the base of the fan while it's running. Make certain the fan rests securely on them so there is no danger of its falling.

If castors tend to drop out of the legs of furniture, fill the hole with melted paraffin wax, then insert the castor.

### RECIPE OF THE WEEK

#### Banana Tea Bread

(Makes 1 loaf)

- 1 1/2 cup sifted flour
- 2 teaspoons baking powder
- 1/4 teaspoon baking soda
- 1/2 teaspoon salt
- 1/2 cup shortening
- 1/2 cup sugar
- 2 eggs, beaten
- 1 cup mashed ripe banana

Sift together flour, baking powder, soda and salt. Cream shortening, add sugar gradually, creaming until light. Add eggs and beat well. Add flour mixture alternately with bananas, a small amount at a time, beating smooth after each addition. Turn into a well-greased 8x5x3-inch loaf pan and bake in a moderate (350° F.) oven for an hour or until done.

Small holes in linoleum can be patched with a mixture of finely chopped cork and liquid glue. Let this dry thoroughly and then apply a clear coat of varnish.

Mouldy leather book bindings can be remedied if you go over them with a cloth which has been soaked in ammonia.

Waxed cane chair seats can be tightened sufficiently to be like new if they're washed with soapuds to which some salt has been added. Rinse in clear water, dry outside. When nearly dry cover the cane with a cloth and run a hot iron over it.
