### Mobilgas Economy Run Flash

# Ford Economy whips all comers!

SWEEPSTAKES WINNER

Mileage Maker "6" is first low-priced car in history to win top honors over all other cars regardless of size or weight!

Score a blazing victory for Ford's dollar-saving gas economy! Ford's high-compression Mileage Maker "6" with Overdrive beat every car entered in this year's Mobilgas Economy Run, regardless of size or weight! And Ford's high-compression V-8 was right up there in economy, too!

The winning Ford was a regular production car, just like thousands of other '53 Fords you see on the road today. The route threaded through city traffic, where driving tests an engine's fuel economy under the toughest conditions... and out along the highways of four western states.

The Ford Mileage Maker "6" took all this in stride to finish first... the sweepstakes winner! What better proof is there that Ford is the thriftest car of all? What better way to show why Ford is worth more when you buy it... worth more when you sell it!
