VIOLET RAYS ON OUR WAYS
 By H. M. Alley

Note: This column is written with malice toward none, but with the common good of all in mind.

A news item in last week's Record informed the public of measures taken by the Town Board of Burnsville governing parking, speed, and erection of traffic lights. Just what those new ordinances are remains to be seen. At least no written notice of them has appeared in this paper, or elsewhere, to this writer's knowledge. Yet the Mayor asks the cooperation of the public in observing all town regulations. . . . and requests: "Please don't get mad at the Town Board or policeman if you are caught and fined for not observing these regulations."

Some are already mad, or rather "peevish", and will be madder and more "peevish" should they be fined for violation of some ordinance they didn't know about. After all, wouldn't it be simple and proper procedure to publish every new ordinance in the local paper and other copies of the same in public places, until the people had opportunity to know of its existence?

That "Ignorance of the law

is no excuse for violation of the law" is a well-established axiom in the realm of jurisprudence. But even so, all due effort should be made to inform the public of the inactment of each law, its purposes, and the penalty for its violation.

Uncle Josh says: "Trouble is, they's so many laws, includin' in-Laws an' Out-laws that a-body caon't keep up with all of 'em, an' is liable to v'late one while tryin' to keep a nuth'er'n. Pears to me ev'ry town an state needs to go back a few years an ketch up on enforcin' the laws they already had, a-fore making any more new 'uns Down to Cedar Crick, U. S. A. whar they'uns incooperated a town, giv'ment a few years back, they were a hot polytical campane held fer the first mayor. Jump Johnson whar runs th' blacksmith shop, an Ty Turner, the storekeeper, was the candy-dates. Hit were a hot race from th' start, with several speech makins an hot suppers by the Ladies Aid. At every stand ole Jump's speech were short an to the pint. When called e'd step out an say, 'Ladies an gen'l'men, if 'lected as yore first mayor I promises t' spent most of my time as usual down at th' shop a-mindin' my own bizness. I'd count on the rest of you'ns doin' the same. In that way I figgers we'd have few traffic problems, an wouldn't need no p'liceman."

"You'd be s'prised how many votes Jump got on thet platform. But Ty beat him by a narrow margin by makin a barrel full o' promises what he

SGT. OTTOWAY B. BOONE

1st Div., Germany—Sergeant First Class Ottoway B. Boone, whose wife, Genevieve, and parents, Mr. and Mrs. Fred F. Boone, live in Micaville, N. C., is scheduled to leave Germany for the U. S. in July as part of Operation Gyroscope, the Army's new unit rotation plan.

Boone's unit, the 1st Infantry Division, is being replaced in Europe by the 10th Infantry Division. The 1st will be stationed at Fort Riley, Kan., when it arrives in the U. S.

A platoon sergeant in Company H of the division's 16th Regiment, he arrived in Europe in June 1952.

Boone attended Micaville High School.

Practically all our states increased in population from 1940 to 1950, with California leading the parade with a 53.3 per cent increase.

New Zealand has more than two and a half cattle for each of its 2,088,000 people. Its sheep outnumber people almost 17 to one.

ain't kept so far."

This column goes on record as backing the Mayor, Town Board, policeman, and all other law enforcement agencies in any necessary measures to make our streets and Highways safer for those who must travel over them daily. Repeatedly we have advocated more traffic lights, and the enforcement of speed zones already established within Burnsville's city limits. If new ordinances are necessary to that end, then we may enact these new measures and more of them.

And here's hoping that at least one of those new measures will have to do with keeping all sidewalks clear of parked automobiles. Just recently we saw a young lady forced to walk out into the street to get around a parked automobile which was blocking the sidewalk. This was on a heavily traveled thoroughfare, too, making it all the more hazardous. If car owners and operators will not respect the rights of pedestrians, then a few stiff fines should be imposed to remind them that those who have to travel on foot are people too! — "Nuff Sed!

Attention Hemorrhoid (Pile) Sufferers

A Wonderful New Discovery Just Put On The Market. An ointment that has been used for the past two years by a prominent Mt. Holly, N. C. doctor who states "During the past thirty-seven years of general practice I have used all the well known and accepted remedies for the relief of Hemorrhoids—without a doubt the formula known as SUTHERINE gives the most satisfactory relief that I have ever used." SUTHERINE is especially recommended for the soothing relief of pain and itching in Hemorrhoid (piles). In many cases bleeding has been stopped. Ask for SUTHERINE at all drug stores.

NOTICE OF INTENTION TO APPLY TO THE LOCAL GOVERNMENT COMMISSION FOR APPROVAL OF BONDS

NOTICE is hereby given of intention of the undersigned to file application with the Local Government Commission, Raleigh, North Carolina, for its approval of the issuance of the following proposed bonds of the County of Yancey, which bonds shall be subject to approval of the voters of said County at an election:

\$300,000 of bonds for the purpose of financing the cost of erecting either one new high school building or two new high school buildings as may be determined by the qualified voters of the County, and acquiring land and furnishings and equipment necessary for such new building or buildings to provide additional school plant facilities required for the Yancey County School Administrative Unit.

This notice was first published on the 4th day of August, 1955. Any citizen or taxpayer objecting to the issuance of all or any of said bonds may file with the Local Government Commission a verified statement setting forth his objections as provided in Section 159-7.1 of the General Statutes of North Carolina, in which event he shall also file a copy of such statement with the undersigned, at any time within ten days from and after such first publication. A copy of this notice must be attached to the statement so filed. Objections set forth in said statement shall be for consideration by said Commission in its determination of whether or not it may hold to public hearing as provided by law on the matter of issuance of such bonds.

BOARD OF COMMISSIONERS OF THE COUNTY OF YANCEY
 By Evelyn H. Pate, Clerk, August 4, 11

NOTICE In The Superior Court Before the Clerk

North Carolina
 Yancey County
 Maphra Young, et als., Petitioners

vs.
 Minnie W. Tipton, et als, Defendants

The defendants, Minnie W. Tipton, Ella J. Sparks, Oscar Sparks, Saudie Marie Martain, and Freddie Martin, will take notice that a Special Proceeding as entitled above has been commenced in the Superior Court of Yancey County, before the Clerk for the purpose of having the dower of Minnie W. Tipton allotted in the lands described in the petition filed in said Special Proceeding, and for the sale of said lands, subject to the dower of Minnie Tipton therein, for petition among the petitioners and defendants.

And the said defendants will further take notice that they are required to appear at the office of the Clerk of the Superior Court of Yancey County in the Courthouse in Burnsville, N. C. within 10 days from the 26th day of August, 1955, and answer or demur to the petition in said action or the Petitioners will apply to the Court for the relief demanded in said petition. This July 21, 1955.
 Lowe Thomas, Clerk Superior Court.

CHECKERBOARD NEWS

by Os Deyton and Royce Lee Howell

On July 1st Lee Haney, who cares for the Ralph Roland dairy, switched ten cows from a cheaper feed to Purina. At that time he was selling about 100 lbs. of milk per day. Three weeks later he was selling about 150 lbs. milk from 8 cows—or 50% more milk. Taking into consideration only the 50 lb. gain in milk Mr. Haney has increased the income of the herd two to three dollars per day. At the same time his feed bill in June was \$122.00 and in July, while on Purina it dropped to \$80.00, or a saving of \$42.00

In one month Mr. Haney has increased the income from this herd of cows by more than enough to pay his entire feed bill. It is the profit of the herd that determines the "cost" of the feed—not the price per bag.

Good Pasture Management Pays Big Dividends

Regardless of the care you may give your pasture program, you know that grasses are past their prime at this time of year. But, there are several things you can do to hold production and cow condition.

Pipe water to the cows, if no natural springs or sources are near. Plenty of pure water conveniently located will make cows give lots more milk, tests have shown.

Spray cows weekly with Purina Dairy Spray Concentrate

mixed with water. This will give cows relief from flies and permit better use of pasture. Rotate pastures. Even though you are on the short side for pasture, it will pay to divide fields to "rest" the plants. This helps avoid killing out.

Mow pastures as soon as they begin to get rank, so tender new shoots can come on. Try to get shade in pasture. This gives cows an opportunity to reduce body temperatures on hot days.

Bulky-Las fed a gallon per head per feeding helps hold cow condition and milk production. Try it for just 30 days and see.

Boost Your Pasture Benefits With Bulky-Las

Dry pastures are serious, but they don't have to be disastrous when Bulky-Las is handy. It gives quick, economical dry pasture relief.

Bulky-Las is a proven ration. Bulky-Las is body building Chow—helps hold condition.

Bulky-Las helps you avoid milk slumps, by getting more feed into your cows on hot days. Cows love it.

Bulky-Las is uniform—does not vary in quality like hay. Every Micro-Mixed bag is alike. Bulky-Las goes farther, it's fed with less work.

The molasses in Bulky-Las makes cows drink more water—which makes more milk.
