Former Burnsville Girl Wins Bridge Honors In Chicago

Mrs. Marie Hilliard of Washington, D. C., was one of the winners in a tournament of the American Contract Bridge League at the Palmer House in Chicago, August 7. She is the daughter of Clyde Bailey of Burnsville.

The event which Mrs. Hilliard won—along with her partner, Mrs. J. A. Derring, also of Washington—was called the Metropolitan Pairs contest and involved 218 pairs of players. As many as 1,264 players have been engaged in this summer's tournament at one time. They came from all over the United States, and some from Canada.

Siamese Twins Featured In Movie

The Hilton Sisters, Violet and Daisy, appearing on the Yancey Theatre screen tomorrow night in "Chained For Life", are truly unique in medical history for whereas most Siamese twins, including the "original" pair Cheng and Eng, could or can be separated by comparatively simple surgery in infancy, the Hiltons, connected to each other by flesh and cartilage cannot be separated without loss of both their lives.

Cheng and Eng, the Siamese-born twins who gave the type its name were actually born in Siam and due to a decree of death ordained by the Emperor, had to be smuggled out of the country. After a celebrated career in Europe where they created a sensation, Cheng and Eng were exhibited in the United States by P. T. Barnum.

In this gripping filmplay, the twins play highly dramatic roles leading to a murder by one of them in a fit of mad passion. How a clever district attorney builds up a case against the murderess adds to the interest and provides adult film fare at its very best. Critics and box-office reports across the country have acclaimed "Chained For Life" as one of the year's top dramatic hits.

"I Led Two Lives" will be shown as a double feature attraction and stars Christine Jorgensen. This is the story of the boy who was changed to a girl. Life, Look and leading newspapers have published articles, about this sensational medical marvel.

situation to Yancey growers at an open meeting to be held at the Court House in Burnsville at 2 o'clock Friday afternoon, August 26. Hilliard will explain the need for careful attention in measuring tobacco. He will also discuss the error that caused several Yancey farmers to overplant their allotment. Normally, if a grower overplants he will receive a one hundred per cent excess card (red card) and must pay 37 cents per pound for marketing on the entire crop, according to the local A. S. C. Office. In addition, this tobacco will not be covered by government support prices and brings a much lower return on the market.

All tobacco growers in the county and especially those who have planted other than burley tobacco are urged to attend this meeting.

Would-Be Burglar Flees At Sight Of Former Victims

A timid burglar took to the weeds when two women he had threatened drove up to a filling station where he had the station attendant writing a check at the point of a gun.

Bill Edwards of Green Mountain is in the county jail after being arrested by chief of police Ralph Peterson and charged with three warrants, two for assault with a deadly weapon and one for attempted robbery. According to policeman Ralph Peterson, Edwards forced Lee Wallace to drive him from place to place, including the Biss Peterson home where he allegedly threatened several members of the family. Then, according to Peterson, Edwards forced Wallace to drive to the Goins Brothers

filling station. When attendant Bobby Honeycutt approached the car, Edwards demanded his money. Upon being told that Honeycutt had no money Edwards said, "then write me a check". Edwards then left the car and compelled Honeycutt at the point of a gun to go to the service station building.

It was while Honeycutt was writing the check that members of the Peterson family drove in. When Edwards saw them he tried to conceal his gun. When he noticed somebody calling the police he ran off.

Chief of Police, Ralph Peterson, and highway patrolman, Joe Holler, arrived shortly after Edwards left. After a search of almost two hours in the vicinity, and when they were about to give up, they noticed Edwards wading in the creek near the Yancey Railroad tracks. According to the policeman Ralph Peterson, Edwards had thrown away his gun which he traded for earlier Wednesday morning.

A story in last week's Yancey Record stated that Emmett Williams paid for the painting of the elementary school building in Burnsville.
