trol camping experience, and each candidate must be approved by the Neighborhood Selections Committee.

Each patrol will plan its own daily activities which can include swimming, hiking, games, nature study, crafts, and singing. The girls will cook over a camp fire, clear trails, and sleep in tents. Since each neighborhood will be responsible for its own equipment, the local Girl Scouts would like for people in the county who own pup tents to remember that the girls will be needing them this summer for the encampment.

The Yancey United Fund helps support the local Girl

Scouts. The girls of the Pisgah Council sold 20,000 boxes of cookies in 1955, the proceeds from which were used to drill a well on the new camp site, build a pump house, and make other improvements on the camp site.

The program of Girl Scouting in Pisgah Council will be widened and strengthened with the use of the new camp site. The activities of a Patrol Roundup promote further understanding of the Girl Scout ideals and the art of living, and can be an opportunity for many nature projects which aide the girls in securing their badges.

Q—I am a Korean veteran and have \$10,000 in insurance with a private firm. Will this bar me from getting GI insurance?
A—No. Insurance held with a private company has no bearing on amount of GI insurance you can get. A veteran may get up to \$10,000 in Korean GI term insurance, minus only whatever other forms of GI insurance he might have.

Q—I bought a house with my GI loan a few years ago. My family has grown since. My wife is a veteran too. Would she be entitled to use her GI loan benefit to buy a larger house?
A—Yes. The fact you used your GI loan benefit would not deny your wife the right to use hers.

Q—Can you tell me how much of a drop there has been in hog prices? Is overproduction the cause of the price drop?
A—As of mid-December top price for hogs in Chicago was \$12.25 a hundred. A year ago the price was \$28.75. Estimated pork production for 1955 is 10.9 billion pounds. It was 9.9 billion pounds in 1954; 10.1 in 1953; 11.5 billion in both 1952 and 1951 and 10.7 billion in 1950.

Q—What is the status of the Hells Canyon Dam?
A—The National Hells Canyon Association has filed an appeal brief from the ruling of the Federal Power Commission, in the Federal District Court here in Washington. The FPC ruling gave the Idaho Power Co. authority to construct two small dams, instead of one high dam as proposed first by the Interior Department, and later repudiated by Interior Secretary Douglas McKay.

\$100.00 REWARD

For the arrest and conviction of person or persons removing the .38" Smith with 5 in. barrel, rosewood handles and sheepskin lined holster from the watchman's shack at Banks & Patton Sawmill, Newdale.

Prescription Pharmacists

HEART DISEASE PROBABLY HAS NOT INCREASED...

The increasing number of reports of heart disorders as a cause of death has been brought about by the success of medicine. Many persons who formerly might have died of other diseases now live long and useful lives—eventually to succumb to a failing heart which has performed its lifetime of duty.

Therefore—as we grow older, the care of the heart must be considered in our every activity. Have regular check-ups by your Doctor, and follow his guidance carefully. He probably can help to keep your heart functioning for many extra years of buoyant and happy life. Whenever medication is required, we will be happy to have you bring your prescriptions to this Pharmacy.
