PAINTING CLASSES HAVE ANNUAL COSTUME PARTY

The annual Costume Party took place at Seccolo last Saturday night, August 11. The subject this year was "Famous Paintings", with each student representing a single portrait or a group painting by some famous artist.

The dining room was decorated to represent the Moulin Rouge, and murals and posters were made by the students from Toulouse Lautrec paintings. The tables were decorated with floral arrangements and bottles containing candles, and the room was lighted with soft red and yellow lights creating the atmosphere of a French cafe.

Following the buffet supper, a contest was held in which all students took part. A famous painting was described and everyone given ten minutes in which to draw the painting. The prize for this contest went to John Bryans of Washington, D. C.

The "Famous Paintings", posed in a picture game in the dining room, were judged by Mr. and Mrs. Douglas Grant of Asheville, Miss Louise College and Robert Gambrell. It doesn't cost a cent to Take a Ford Test Drive... and you may save hundreds!

Would you trade 20 minutes of your time for a saving of hundreds?

August is Saving Season at your Ford Dealer's. Bag a deal while he clears his decks for the '57 models.

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound

insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has

two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.
