

South Toe News

By: Mrs. Philip Nordstrom

First of all I'd like to commend the Yancey Record for the fine literary supplement published last week. This was a good way of encouraging our young people to try to express their ideas in writing. This would be a good project to repeat each year.

Many people of our township attended the open house at the library Sunday afternoon and were happy to find the library in such a nice light building in an accessible place. The books were displayed so attractively on well placed shelves. The open house was also a time for socialability while drinking punch, eating cookies and looking for books to check out.

Mr. and Mrs. Harry Abrahamson showed by projected slides the pictures they had taken in Mexico last winter. These pictures were shown to a large group of friends in their home last Saturday even-

ing. They also had on display some of the pottery, baskets, and bowls made from gourds and other Mexican made items such as a hand woven table cloth.
