What is the surplus food pro-

By: Bernalette W. Ho le

FOR THE PEOPLE

For many years the United States government has accumuated a backlog of surplus foods. President Kennedy has made this food available in increased quancities to states which wish to

distribute it to needy persons. North Carolina is participating in the program. Who administers this program

in North Carolina? The State Department of Agriculture.

What part does public welfare have in this program? County departments of public

welfare certify persons eligible to receive the food. Who is eligible to receive the

All persons who are receiving M. Rickman, field representative public assistance and general as-Now, thank God, through of the Social Security Adminis sistance. Other needy persons not receiving financial assistance Because of a 1960 change in the from public welfare may be eligi-(the county superintendent of

Where can a person apply for the food?

If his county has decided to participate in the food distribution. a person should apply at - the county department of public welfare.

If a percon is receiving a welfare payment, will the amount be educed if he gets the food? No. Federal law requires that

he food be in addition to his evment. How long will this food be

vailable? No time limit has been set on he program at present.

What foods will be given? Corn meal, flour, rice, milk, ard, dry eggs, butter, peanut butter, pork and gravy, and

olled oats. Why do we have this plan for ood surplus distribution?

The Prtsident of the United tates in his overall planning for sound agricultural policy has dicated that the huge surplus f food should be disposed of in way that will help those perons who need it most.

Bowling Captures Young Fancies!

A perfect score? At least, he's bowling 300 with her! More and more teen-agers turn to bowling as a healthy outlet for their vast energies. Here, good clean fun blends, with a good clean shave (thanks to Norelco's batterypowered Sportsman).

Today, bowling is a vital part of the American scene. Youngsters - as well as somewhat oldsteis - find it a perfect year-round sport.

Transistor Hearing Aid Goes To School

Less than 20 years ago, hard of hearing school children wore heavy, bulky vacuum tube hearing aids (left) with separate battery case at hip. Today, new miniature ear-level aid (see inset) designed by Zenith Radio Corporation fits behind ear of six year-old child, contains small mercurybattery, and weighs one-third of an ounce!
