Mrs. Cummings and I eagerly awaited the coming of her friend, Mrs. Louise Hodor and daughter, Mrs. Robert Cassidy, from _Chi. cago. They were a day or two late, because of heavy traffic, and insecurity as to location - Mrs. Hodor not having visited here since Mrs. Cummings left East Burnsville five years ago. However with the arrival of our party, our pleasure was complete, and we settled down to a life of ease and comfort during their stay.

Mrs. Alice Scarlette reported that her daughter Neva Renaldo and grandaughter Lucy, had departed Sunday, Aug. 27th; Lucy to go to Louisville, Ky. to finish her training for dental hygienist, and Neva to return to her employment in Miami Beach. Mrs. Scarlette also advised that 17 of our colonists had left for their several homes in one day. I found that the Milldollars, Gronquists, Mrs. West, the W. Keith Phillips, the Grassmucks, the Wm.
