Bee Log Community Club Organized

On Tuesday Night, May 15, 1962, several families of the Bee Log Area met at Bee Log School and reorganized their community club for 1962. The following officers were selected.

President, Ernest Miller; Vice-President, Mrs. Bruce McIntosh; Youth Presidents, Ted Lewis and Miss Kay Edwards; Secretary-Treasurer, Rex McIntosh; Reporter, Nell Whitson; Program Chairman, Lee Edwards; Scrapbook Chairman, and Mrs. Arnie Pate.

The next scheduled meeting will be Tuesday Night, May 29th, 8:00 p. m. at Bee Log School. President Miller urges all families living in the Bee Log Area to attend the meeting and give their active support to all projects that will help to improve the whole community.

A highlight of the May 29th meeting will be a resume of the Rural Area Development Program now being developed for Yancey County. This program can help Yancey County, providing the people of Yancey County have a real desire to help themselves. Improved farming conditions, new sources of income, expansion of our industry, better roads, schools, will be a step forward in making Yancey County a better place in which to live. Also this would tend to help halt the out migration of the young boys and girls by providing a better incentive for them to return here after high school and college training instead of seeking employment elsewhere.

All agricultural workers in Yancey County are vitally interested in this program. All organized community clubs and others will cooperate and activity help the Yancey County Planning Board work out a good sound program for Yancey County through the RAD Program.

There is no doubt that Brush Creek Community is a good place to live and club members are busy this month with a community cleanup campaign in an effort to make the community a more attractive place in which to live. Vice-president, Enzy Letterman, who presided at the May meeting last Friday night, heard reports from families as to progress being made in planting flowering shrubs and trees, removing trash heaps from home grounds, cleaning up roadsides, repainting mail box posts, etc. Plans have also been discussed for obtaining "No dumping" signs to be placed in certain areas of the community.

"Practicing Kindness" was the program led by Mrs. O. W. Deyton. This theme was demonstrated as club members presented quilts, blankets, spreads and linens to the Wade Randolph family whose home burned on Thursday. Club members also made plans to meet at the John Ramsey home on Wednesday of this week to give assistance with the farm work and home grounds clean-up. Mr. Ramsey has been ill for several months.

A weiner roast and recreational program was planned for the next meeting which will be held on June 8 at the community building. All families are urged to attend the meeting.
