The money obtained by the bond issue will be added to the \$205,030 grant awarded the town under the Federal Accelerated Public Works Program. The town's engineers, who are now at work on the plant lesign, have given assurance that the bond issue will provide sullicient funds to complete the project.

The start of construction is still uncertain, although the Federal authorities stipulated when the Board, nowever, in view of engineering advice that the plant will cost substantially more if constructed in winter, have filed a formal request that the start of construction be postponed until

Both Senator Sam Ervin and Congressman Roy A. Taylor have as the N. C. State Stream Sanitation Commission.

The Town Board is now studying to determine the most advantageous method of marketing the bond issue.
