Men In Service

SAN ANTONIO, Tex.—Airman Marshall E. Honeycutt, son of Mr. and Mrs. Guy G. Honeycutt of Rt. 1, Burnsville, N. C., has completed Air Force basic military training at Lackland AFB, Tex.

Airman Honeycutt is being assigned to an Air Defense Command (ADC) unit at Oxnard AFB, Calif., for training and duty as a supply specialist. His unit supports the ADC mission of defending the continental U. S. against enemy air attack.

He is a graduate of East Yancey High School.

STEEL PIKE (PHTNC)—Hersel I. Beaver, engineman second class, USN, son of Mr. and Mrs. Melvin Beaver of Route 2, Burnsville, N. C., is visiting ports in the European area following participation in the largest amphibious combat training exercise in the Atlantic since World War II.

He is serving with Assault Unit Two.

The operation, called "Steel Pike," saw 28,000 Marines of the Second Marine Division, Second Marine Aircraft Wing and Force Troops, Fleet Marine Force, Atlantic, along with a battalion of Spanish Marines land in a mock assault on beaches in Southern Spain.

The assault force landed by landing craft and helicopters from a U. S.-Spanish fleet of 94 vessels including ships of the United States Military Sea Transport Service and chartered ships of the U. S. Merchant Fleet.

"Steel Pike" again demonstrated

the ability of U. S. and Allied amphibious forces to rapidly place large numbers of troops with all their equipment ashore and maintain them for as long as necessary. It also trained the forces of both countries in conducting joint operations.

His unit operated landing craft placing the assault groups of Marines and their heavy equipment on the beach during the training exercise.

High School Senior Girls To Take Examination On Homemaking

A program which has attracted a total enrollment of more than three and a half million girls during the past decade will find senior girls in high school here taking a knowledge and attitude examination on homemaking Tuesday, December 1.

They are among a half million girls in more than 14,000 of the nation's high schools who are participating in the 1965 Betty Crocker Search for the American Homemaker of Tomorrow.

At stake are awards ranging from attractive pins to \$100,000 in scholarships. The program is the only national scholarship competition exclusively for high school senior girls.

The local winner will be the girl who scores highest in the 50-minute test. She will receive an award pin and her paper will be

eligible for state competition. The highest ranking Homemaker of Tomorrow in each state then will receive a \$1,500 scholarship. Her school will be presented a set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. Each state runner-up will receive a \$500 scholarship.

Next spring, State Betty Crocker Homemakers of Tomorrow, each with a school advisor, will be guests on an expense-paid educational tour to Colonial Williamsburg, Va.; Washington, D. C.; and New York City. The trip will culminate with the naming of the 1965 Betty Crocker All-American Homemaker of Tomorrow. Her scholarship will be raised to \$5,000 with national runners-up receiving scholarships, respectively, raised to \$4,000, \$3,000 and \$2,000.

Judging for national honors is on the basis of original test scores of state winners plus personal observation and interviews during the tour.

General Mills, Inc., launched the Betty Crocker Search in the 1954-55 school year to emphasize the importance of homemaking as a career. More than a million dollars in scholarships has been awarded. The examination each year is prepared by Science Research Associates, Chicago, which also is in charge of scoring papers and judging.
